$2.00 a Year. $1.50 If Paid In Advance. "PARTY IS THE MADNESS OF MANY FOR THE GAIN OF A FEW" $2.00 to the United States

Established April 6, 1877. Number 23 MADOC, HASTINGS COUNTY, ONTARIO, JUNE 5, 1935. Single Copy, Five Cents

HONORED BY THE KING

Among those who were given honors on the King's Birthday we notice the name of Dr. Allan Roy DaFoe, formerly of Madoc, as the Officer of the Order of the British Empire (Civil).

FATALLY BURNED

On Sunday morning last while alone, youngest daughter of Mr. and Mrs. Oscar Pigden of Madoc township, was lighting the fire her dress caught fire and she was so badly burned that she had to be taken to the Belleville General Hospital, where she died on Tuesday morning. The funeral will be held on Thursday at 1.30 to Fox's church, where service will be held.

HOLD ANNUAL MEETING

Semi-annual meeting of Loyal Orange District Lodge No. 2, Central Hastings, was held in the Orange Hall, Madoc, on the evening of Saturday, May 25th.

There was a large delegation present from the various Lodges which compose this district.

It was decided that all the Lodges of the District celebrate with L. O. L. No. 107, Flinton, on July 12th.

PUPILS SUCCESSFUL IN CONTEST

The following pupils of Madoc Public School were successful in the Scientific Temperance Contest in the Counties of Hastings, Lennox and Addington and Prince Edward. The awards were given at the County W. C. T. U. Convention held at Picton on May 22nd and 23rd:

Sr. IV—Reference Book, 2nd prize, Gladys Aylsworth.

Posters—Sr. IV, 1st prize, Gerald Keller; Jr. IV, 2nd prize, Donald Rutherford; Sr. III, 2nd prize, Billy Hawthorne; Jr. III, 1st prize, Evelyn Smith; 2nd prize, Elaine Taylor.

We congratulate the pupils and teachers on their excellent work.

DEATHS

PIGDEN—In Belleville General Hospital on Tuesday, June 4, 1935, Muriel, youngest daughter of Mr. and Mrs. Oscar Pigden, aged 9 years, 8 months.

BIRTHS

BLAIR—In Timmins, on Monday, June 3, 1935, to Mr. and Mrs. Edward Blair, (nee Miss Helen Bouck) a daughter, Constance June.

IN MEMORIAM

LOUGH—In loving memory of Mrs. David Lough, who departed this life June 7, 1933.

—Daughter.

DR. EMBURY IS AGAIN SELECTED

Dr. A. T. Embury, M. P., of Bancroft, will again be the Conservative Standard Bearer in the coming federal elections as the result of the vote at the Conservative convention for the riding of Hastings-Peterboro held at Marmora on Wednesday afternoon last. Large representations were present from every polling sub-division of the riding, including ten officers and 162 delegates.

The first item of business was the election of officers, which resulted as follows:

President—Fred Curry, Madoc.

First Vice-President—Mrs. Richard Sanderson, Havelock.

Stirling.

Second Vice-President—J. Morton,

Third Vice-President—R. A. Dean, Norwood.

Treasurer—J. K. Moore, West Huntingdon.

Secretary—R. A. Elliott, Deloro.

When the business of the meeting had been concluded, Fred Curry, the incoming president, asked for nominations for candidate and five names were submitted and each were given a few minutes to lay their policy before the convention. Every candidate that spoke pledged their support to the elected candidate and at the conclusion of the balloting, the candidature of Dr. Embury was made unanimous by the convention. Those seeking the nomination were very brief in their remarks, the majority of them outlining their particular municipal services and their reasons for seeking the nomination. Dr. S. Eagleson, who withdrew from the contest, discussed the issues in a broad way and advised the convention to seek out the younger element of the party for the speaker said, "these will be the candidates of the future.

The elected candidate was very brief, thanking all for their support in the past and promised to carry on to the best of his ability for the riding as a whole. G. B. Airhart told of his activities in municipal affairs and of the work that he had done for the party and promised that if elected he would adjust his business interest so that full time could be devoted to the riding of Hastings-Peterborough.

Mr. E. J. Leeson, reeve of Havelock pledged his support to the candidate selected, but believed if he was elected he could carry the riding, and that he was in accord and would support any effort to help the working man.

Following the selection of a candidate, interesting addresses were given by Hon. Robert Weir, M.P., Minister of Agriculture; T. P. Lancaster, M. L.A., E. Tummon, M.P., for Lennox and Addington, Mr. Hill, M.P., Dr. Embury and others.

MEETING OF MADOC TOWNSHIP COUNCIL

Madoc Township Council met on Monday, May 27th, at three o'clock after holding a Court of Revision. All members were present. The minutes of the last meeting were read and approved.

Sager-Miller—That the Reeve and Councillor Gawley be a committee to investigate the bridge on J. Fitzgerald's road beat and report at the next meeting. Carried.

Miller-Moorcroft—That the following be paid for sheep killed and injured by dogs: Woodford Blakely, $16.00; Charles Thompson, $4.00; Ford Tumelty, $5.00; William Love, $5.00. Carried.

Sager-Moorcroft—That the first payment of the Workmen's Compensation assessment be paid, $24.51. Carried.

Moorcroft-Miller—That the following accounts be paid: Municipal World, $2.59; North Hastings Review, $9.50. Carried.

Sager-Moorcroft—That the County of Hastings be paid $2.89 for deeds. Carried.

Sager-Miller—That Toronto Hospital for Incurables be paid $45.00 for W. Hunter. Carried.

Moorcroft-Miller—That the following be paid: J. A. Donley, per J. C. Parks, $2.33 (Charity); Robert M Coy, per Ed. Taylor, $10.10 (Charity); Carried.

Gawley-Moorcroft — That Joseph Parks be paid $10.00 for building two culverts. Carried.

Miller-Gawley — That Councillors Moorcroft and Sager be a committee to investigate a culvert on James Barry's road.

Miller-Sager—That Council adjourn to meet at call of the Reeve. Carried.

Earl Burnside, Township Clerk.

RECITAL GIVEN BY SERENADERS

One of Miss Helen Ludbrook's very entertaining programs, the recital on Hawaiian guitars by the "Aloha Serenaders," to which her pupils look forward each year and to which they contribute their talent with wholehearted zest and enthusiasm, pleased over two hundred people in the hall of the Canadian Legion on Friday evening last, when a very appreciative audience listened to the langorous, dreamy music of those Southern islands where time, apparently, matters little, and the strumming of guitars seems a fitting accompaniment to the splash of mild blue water on a palm-fringed shore.

The setting for the native music was very pretty, with a back drop simulating a tree-girdled beach and a volcano in the distance. The young people taking part wore Hawaiian leis about their necks and a very effective spotlight with colored globes, was arranged by Jack Sage.

Miss Ludbrook is to be congratulated on the excellence of her tuition as reflected in the skilful playing of her pupils and the manner in which they present their attractive selections, entirely from memory, and with an apparent intense interest in, and fondness for, their pleasant music.

MINSTRELS PLAY IN MASONIC HALL

Tweed-Sulphide Minstrels presented their show to a Madoc audience on Friday evening, May 31st. The show was preceded by a parade of the newly-organized Tweed-Sulphide band and black-faced comedians.

The Masonic Hall was filled to overflowing for the show, scores being turned away through lack of seating accommodation. The audience was greatly pleased with the performance and gave the performers an enthusiastic reception.

COUNTY COUNCIL TO MEET JUNE 11

Members of the Roads and Bridges Committee of the Hastings County Council in order to prepare their summer estimates, will meet in Shire Hall, Belleville, tomorrow. County Council members have been notified by County Clerk E. Denyes, that the June session of the Council will commence on Tuesday, June 11th.

LOCAL AND PERSONAL

Miss Vera McGhee spent the week-end at Niagara Falls.

Mr. and Mrs. William Goodchild of Kellar's Bridge, were at Belleville on Saturday.

Mr. Frank and Miss Kathleen Bird called Sunday morning on Mr. and Mrs. Allan Diamond, Madoc township.

Mr. and Mrs. Bert Demorest called on Mr. and Mrs. Allan Diamond, Madoc township, on Sunday evening.

Mrs. F. A. Harrison, who has been spending the past eight months in Florida, has returned to her home in town.

—Kodaks, Films, Developing, Printing. Rupert's Drug Store. 14-26

Mrs. E. A. Johnston of Parry Sound spent a few days at the home of her parents, Mr. and Mrs. Robert McGhee.

Miss Olive Storring and Miss Maude Smith were visiting friends and relatives in Cannifton and Belleville last week.

Mr. and Mrs. Stanley Moorcroft took dinner on Sunday with Mr. and Mrs. Allan Diamond in Madoc township.

Mrs. Douglas Smith has been spending a week in Peterboro with Miss Helen Ludbrook and Miss Margaret Beaves, R.N.

Mr. Percy Thompson of Edmonton, Alberta, is spending a couple of weeks visiting his mother, Mrs. A. Thompson, and other relatives.

Mr. and Mrs. Clute and son of Toronto, and Mr. and Miss Thompson of Belleville, were Sunday guests of Mr. and Mrs. Gavin Wallbridge.

Mr. James Cleveland of Hogan, was a caller at the Review office yesterday. In renewing his subscription he informed us he had been a subscriber for over fifty years.

Mr. and Mrs. John Fitzgerald and Jack, Mr. William Holmes and Miss Annie Holmes, of Eldorado, were at Belleville on Saturday. They also visited Mr. and Mrs. Charles Holmes at Trenton.

QUINTE CONFERENCE TRANSFERS LISTED

Ministerial transfers were announced at the Bay of Quinte Conference of the United Church of Canada as follows:

Belleville Presbytery—G. W. Gardiner to Adolphustown, G. T. McKenzie to Bath, S. L. Osborne to Bay, Ronald Vatcher to Coe Hill, H. F. Saunders to Consecon, M. C. Fisher to Enterprise, C. J. Gall to Flinton and Cloyne, Fred Horton to Foxboro, I. E. Kennedy to Madoc, E. S. Barton to Morven, E. F. Swayne to Newburgh, J. C. Lowrie to Queensboro, J. E. Beckel to Rawdon, J. G. McKee to Wellington, H. A. Turner to West Huntingdon, W. S. Smart to Yarker, and G. W. Rivers to Bolton.

W. M. S. HAVE CHARGE OF SERVICE

The morning service at Trinity United Church on Conference Sunday, June 2nd, was in charge of the W. M. S. The service was conducted by the acting president, Mrs. Rivers, and the first vice-president, Mrs. Hamm. The guest speaker, Mrs. Wilbur Gordon of Tweed President of the Madoc Section of Belleville Presbyterial, in her address brought an inspiring message from the Conference Branch meeting recently held in Belleville, and also dealt with various departments of the W. M. S. showing that there is room for every woman to use whatever talent she possesses in some phase of the work. The choir was assisted by Mrs. Stevenson, who rendered a beautiful solo, "Rest in the Lord." Four of the girls of the affiliated C. G. I. T. group, Misses Aileen Kelly, Lillian Connor, Inez Carswell and Lorna Roberts, received the offering.

In the evening the choir conducted a Seth Parker service at Cooper United Church, which was much enjoyed by a large congregation.

Mr. and Mrs. Carl Bird and family, also Miss Marjorie Bird and Fred Murray, and Mrs. B. Bird, took dinner on Sunday with Mr. and Mrs. N. Sarles, Madoc township.

LOCAL AND PERSONAL

Mrs. Duncan Blue returned home last Wednesday from Kingston General Hospital.

Mr. and Mrs. Arthur Reid of Millbrook, spent the week-end with relatives in town.

TO OUR ELECTRIC LIGHT AND POWER USERS

We would like to again remind you of the reduction in your rates. We have made this possible in the face of very strenuous opposition from the powers that be. We have found it necessary to adopt some system in our billing and collecting and have set our office hours from 9 a.m. to 12 and from 1.30 to 6 p.m., except Sundays and legal holidays. All bills are subject to 20 per cent discount if paid on or before the 20th of the month in which they are due.

We have a system here of which we are very proud, it being the envy of all our surrounding municipalities and we ask your co-operation that we may maintain this high standard.

Thanking you, we remain,

MADOC H. E. P. C.,
FRANK SMITH, Chairman.

Announcement !

I wish to announce that I have opened a new blacksmith shop back of Hulin's Garage and respectfully solicit your patronage.

HERE AND THERE

Dividing the wealth: An arrangement by which every dumb man will have a smart one working for him.

Hope is the anchor to the soul and whatever else you have that you deem of value.

Youngsters don't go wild at 19. They just begin to show the effect of 19 years of neglect.

This is getting to be a strange world where no person seems to be safe. At Crane, Mo., a thief broke into the jail and robbed a man of $17. cash.

By July of next year it is proposed that all glass used in windows of autos must be of the safety kind. And what a great thing it would be if the drivers could be brought under the same heading.

All right thinking Canadians will rejoice over the announcement the pensions will be awarded to all the blind coming under the rules of the Old Age Pensions Act. There is no class in Canada more deserving of consideration.

Canada's new Governor-General is Col. John Buchan, pronounced, according to Debretts' Peerage, Buckan with the accent on the "k." He is known for his literary accomplishments, his novels and his history of the Great War winning him fame. He will be the second occupant of Rideau Hall noted as a writer, the first being H. R. H. the Marquis of Lorne, 1878-1882, later Duke of Argyle, who wrote both prose and verse of the Royal Canadian Academy of Art. Of his writings he is perhaps best remembered by his verses, "Unto the hills around do I lift up my longing eyes," this being based on Psalm 121 and included in the hymnals of the different churches. While remembering most pleasantly the governorship of the Duke of Argyle, a most cordial welcome will be extended to Col. Buchan.

NOT SAVING MONEY

An exchange observes. Pick out twenty young men as you meet the and not five out of the twenty are making an effort to save money. The indications are the poor-house of the future will have to be ten stories high with folding beds in each room. — Warkworth Journal.

WAR BABIES

It is almost 21 years since the Great War broke out and 17 years since it concluded. Yet it comes as something of a shock to read the news that France is now calling its "war babies" to the colors. There has been time for a whole new generation to come to manhood and yet the world is still suffering from the repercussions of the late war and is living in fear of another.—Sault Star.

KING'S PRINTER PRAISES PRESS

T. E. Bowman, King's Printer of Ontario, recently said—and he should know—"the press is the most powerful, the most helpful, and the most constant friend of man; it is the beacon of his hope, the lamp of his learning and the light of his progress; it is the companion of wisdom, and the champion of understanding, the key of knowledge and the door of opportunity; it turns darkness into light, theories into facts and dreams into realities; it is the ambassador of accomplishment, and the herald of achievement, the preserver of the past, the recorder of the present and the inspiration of the future; it has had greater influence on civilization, contributed more to the success of the ambitious, the aid of the unfortunate, and the comfort of the discouraged, than any other human agency."

"JINERS" AND "NON-JINERS"

People who used to belong to every society in their home towns and quite a number of outside, were once ridiculed as "jiners." They had an insatiable desire to join organizations, and they were kept well busy with initiations and meetings. Some of them neglected their homes.

We do not seem to hear so much about "jiners" now. They have found other occupations; or find it difficult to pay their dues. Our present trouble is more with the non-jiners, people who can't be persuaded to take a reasonable interest in the activities of their home towns. Of the two, one prefers the jiners. At least they gave the good causes of the home town a wonderful lift, and we should welcome more of them.

CHAIN LETTER CRAZE

The chain letter craze which reached its peak here about two weeks ago and then died a natural death has been revived this week by a new scheme, one which has less of the element of chance in it. This time the participants have raised the anti and it costs one dollar to keep the links together but some of those who have bought the letters have reaped handsome profits, as much as seventy-five dollars in some cases. One prominent Kingston doctor is reported (?) to have made four hundred dollars.

The new missives are based on the same principals as the ten cent chain except that there are more names on the lists and instead of sending five letters to friends and acquaintances, the receiver uses only two letters.

When a person gets his letter he "purchases" it. The salesman does not receive the money but personally witnesses the mailing of the dollar charged, to the name which appears at the head of the list. The newly-acquired link then prints two copies of the letter, taking the top name off after the dollar has been mailed to him, and adding his own name to the bottom. He then canvasses his friends who "buy" the two new letters and he witnesses the mailing of the dollar to the name appearing at the top.

The scheme is alright until the "market" gets saturated but who is going to buy letters when everyone has one to sell and there are no buyers?—Trenton Courier-Advocate.

THOSE IDLE CRITICS

Every community is cursed with the idle critic. Having said this, the Winchester Press enlarges on its subject saying an idle critic is one who never takes an active part in the community affairs, never joins any organization for the arvancement and betterment of the community, never contributes a cent to help a movement or organization that is working to benefit a community. His chief activity is to stand aside, mouth his opinions and objections, find fault with and criticize the work of those who are trying to do something in a public way. If any local scheme for progress fails, he is the one to shout the loudest, "I told you so." And the trouble is that these idle critics have some influence. There are always those who are willing to listen to objections. There is an old saying that "nothing succeeds like success," and once a public movement is on the road to success, there are plenty to fall in line and work with the majority. These idle critics are a great nuisance. They are found not only in our municipal life, but also in church work, in all social movements. It is very discouraging to the alert and progressive citizens who have to fight such objections, because the idle critics do not fight in the open, but stand aside and whisper their doubts, shrug their shoulders and impute selfish and personal motive. It is a great pity that there is not some way of dealing effectively with these idle critics. Many worthy and worthwhile movements have been killed by such adverse and insidious critics, and it requires a determined and courageous citizen to stand up against them.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

June 4, 1885

Dr. Dafoe's horse ran away from the station and smashed the buckboard.

Mr. J. S. Loun is has been apopinted Clerk of the Sixth Division Court of Hastings County

The Bay of Quinte Conference of the Methodist Church meets at Port Perry today. Rev. F. B. Stratton and Rev. W. C. Beer are in attendance.

On Thursday the Flynn block had a narrow escape from fire. It caught in Mr A. Campoell's barber shop.

A series of public meetings are being held in the interests of the Scott Act.

Mr. John McKinnon of Madoc township, is the fortunate owner of a fine lithographic quarry on his farm. He has been offered large sums for the quarry.

The following members of the Alert Fire Company attended the Firemen's Demonstration in Brantford: Allen Moon, Chief; George Rollins, Capt.; S. F. Weaver, Hugh Roney, H. Maybee, R. Ensley, B. Simmons, T. Conley, S. Huff and A. Wright.

Among the arrivals at Quebec per Allan Steamship, Parisian, was a ten months' old baby girl who has been adopted by Miss Rose Doyle, of Madoc. She was in charge of Mrs. Lacey from the Catholic Protectory, Liverpool, England.

A man named Lapain in Tweed died and was ready for burial. At the wake friends noticed his arm move. A doctor was called and he was brought back to life again.

A very interesting letter appears in this issue from Wellington Bristol, who moved to the North-West from Madoc.

TWENTY-FIVE YEARS AGO

June 2, 1910

John Bartlett, a young Barnado boy, who worked for a farmer near Coe Hill, prodded a hole with the stock of a gun which went off and killed him.

The smallest man in Canada is dead. He was 38 years old and was two feet nine inches tall and weighed 30 lbs.

Mr. Charles Casement of Port Arthur, is home on a vacation.

Mr. William Fox of Eldorado, while pulling down a house in Madoc for Mr. Wm. Blair, was seriously hu when a concrete wall suddenly collapsed.

On Friday when Mr. William Seeley was driving a traction engine onto the bridge at Moira Lake, the bridge gave way and the engine fell into the river. Mr. Seeley fortunately escaped by jumping clear.

Mr. Joseph Anson, a farmer, while leaving for home on Saturday, had an unpleasant experience. The bridge was closed for traffic and had a wire stretched across. His horse got under the wire, entangled the driver and pulled him off the rig.

Miss Evelyn Conlin has been appointed a member of the Examining Board at the Educational Department at Toronto.

At the first draft of stations of Bay of Quinte Conference, Rev. Richard Bamforth is appointed to Madoc, Rev. John Connell to Thomasburg, Rev. C. R. McQuade to Queensboro, and Rev. G. E. Ross to Eldorado.

FIFTEEN YEARS AGO

June 3, 1920

Two Madoc ladies were elected to the Presbyterial Executive at the Presbyterial W. M. S. held in Kingston. They are Mrs. Jenkins and Mrs. MacTavish.

Last Saturday Campbellford Baseball team played Madoc with a score of 24 to 5 in favor of Madoc.

On Wednesday the pupils and teachers of Madoc High School met at the home of Rev. T. H. H. Hall to bid farewell to Miss Eleanor Nickle, who is leaving for Glendale, Va., to train for a nurse. Miss Morna Wallbridge read the address and Misses Jean Nicol and Eleanor Cochran presented her with a purse.

The pleasures of an air flight may be had for $10 at Madoc's celebration today.

Mr. and Mrs. William Cross motored to Toronto on Sunday.

There were eight cases of ptomaine poisoning at Sulphide last week.

The population of Madoc Village is 1150.

Mrs. Stanley and Miss Mae Herity, of Toronto, have been visiting friends in town.

At a meeting in W. D. Nickle's store in Malone, on May 29th, of Malone Baseball Club, the following officers were elected: President, John Gawley; Vice-President, German Johnson; Manager, John Terrion; Captain, Fred Nickle.

QUEER PRANKS BY LIGHTNING BOLT

Lightning played queer pranks at the height of the storm in Prince Edward County on Wednesday evening according to information received from that point on Thursday and a family at Crofton narrowly escaped with their lives. The home of Mr. and Mrs. Harold Baker, situated on a farm owned by Walter Clarke, was struck by a lightning bolt about ten thirty and although only slight damage resulted, the family were stunned and were not able to coherently piece the facts together for half an hour after the occurrence.

The bolt struck the chimney and passed through a room where two children of the Bakers were sleeping. The pipes were flattened and the stove damaged. Continuing the bolt passed along the hall, where another member of the family was sleeping and burst through the window casing, finally burying itself in a large tree. The family slept through the storm and being awakened by the smell of sulphur, Mr. Baker for a long time was unable to realize what had happened. Fortunately the house did not catch fire and this probably saved the whole family from death.

IS CHARGED WITH ATTEMPTED HOLD-UP

"Hand over everything you got!" Seated in his car on Barrie street near Stuart street, Kingston, about 10.30 o'clock on Saturday night, Jas. Lynn of Bancroft, said that a young man came over to his car and made this request of him. Lynn refused to hand over anything to the young man but instead had a woman in a house nearby telephone the police. Constables Graham and Lindsay were soon on the spot in the police car. In front of the Jock Harty Arena they rounded up a young man who gave his name as Edward Martin, and his address as Toronto. Martin was charged with "attempting to rob."

Martin told Magistrate Shea that he only asked for a match. He claimed that the story about an attempted hold-up was just "imagination" on the part of Lynn.

T. J. Rigney, Crown Attorney, conducting the prosecution, asked that the accused be remanded for a week for an examination and to allow his record to be inquired into. The Magistrate consented to the week's remand.

FRAME RESIDENCE DESTROYED BY FIRE

The residence owned by Mr. Thomas Meraw on the Actinolite road was completely destroyed by fire on Monday morning of last week. The blaze which was of unknown origin, swept through the frame structure within a few minutes. Fortunately, the family was successul in removing most of the household furniture, although the building was burned to the ground. A bucket brigade worked valiantly to save the place but the high wind blowing at the time, fanned the flames into a veritable inferno. Several members of the Tweed Fire Department went to the scene but they could do little to help as the fire had gained considerable head-way on their arrival. Mr. Meraw resides about three miles north of the village and his premises are situated along the river bank, east of the highway. — Tweed News.

OBITUARY

MRS. THOMAS WOOD

The death occurred in Belleville General Hospital on Thursday evening of Mrs. Thomas Wood, Flinton. Mrs. Wood, who was 47 years of age, was a patient at the hospital for only one day. The funeral was held in Flinton where the body was conveyed on Friday.

SARAH GREATRIX

A life-long resident of Actinolite, Miss Sarah Greatrix, died at her home in Tweed, on Friday, May 24th. Born on February 12, 1856, at Bridgewater, the deceased made her home in that section until she went to live in Tweed some two years ago.

Surviving are two brothers, William at home, and James in Alberta; two sisters also remain, Kate, at home, and Mrs. C. Laundry, Bloomfield. The funeral was held from the family residence on Sunday afternoon, May 26, to Actinolite United Church, where Rev. Price, assisted by Rev. T. Smith, had charge of the services. Interment was made in the cemetery at that place.

The bearers were: Dr. Bowlby, Jos. Roberts, Edward Speck, Charles Speck, M. Bradshaw, and J. Brown.

On Friday Pope Pius reached his 78th birthday, having served as Pontiff for a longer period than 224 of his predecessors.

DR. ALLAN DAFOE HONORED ON HIS 52ND BIRTHDAY

Dr. Allan Roy Dafoe was all but smothered under an avalanche of congratulations on Wednesday last as he celebrated his own 52nd birthday and looked back on the happy observance of the Dionne quintuplets' first birthday anniversary on Tuesday.

Some congratulatory wires were addressed to the quintuplets and their parents but most of the hundreds that continued to pour in on Wednesday were directed to Dr. Dafoe, the physician who delivered the "triplets and two more" to Mrs. Oliva Dionne before sunrise on May 28, 1934.

Broadway stage stars and members of the Roosevelt Cabinet joined leading Canadian figures in sending congratulations. The names included Alfred E. Smith, for Governor of New York; Secretaries Ickes and Perkins of the United States Cabinet, speakers Byrnes of the U. S. House of Representatives and scores of others.

The modest little physician, who was born in Madoc, Ont., May 29th, 1883, piled them all on his desk for his attention when the excitement of the birthday observances had died down. On Tuesday night newspapermen marked the double event by entertaining Dr. Dafoe at dinner in North Bay and presenting him with an engraved silver pitcher.

It was held soon after the broadcast that sent the coos and cries of the year-old girls to countless listeners, the principal event on the birthday program, it was a huge success except that the parents did not attend.

Hon. David A. Croll, Ontario Minister of Welfare, and Judge J. A. Valin, Chairman of the Board of Guardians, joined Dr. Dafoe in the ceremony, but there was no voice from the Dionne home across the road from the hospital. They continued their objections to guardianship control of their children.

All the speakers eulogized the "sturdy, virile French-Canadian stock" as largely responsible for the continued life of the quintuplets. No representative of that stock would consent to have a part in the birthday party.

"We don't consider it an honor to be invited by pure strangers to visit our own children," said Oliva Dionne in one of the few statements he has made in the year since the quintuplets were born.

Said Mr. Croll: "We have at heart only the best interests of the babies and their parents and every step that we take is for their protection."

Oliva Dionne, however, charged he could not even attend on Wednesday because he felt it was a plan to make him an object of photographers who, he charged, seek to make money "for their own pocket."

He charged further efforts were made to limit the rights of himself and his wife to see the babies and he intimated improper profits were being made from exploitation of the infants.

To write one letter a week to that relative or friend from this district who is now far away would cost you $1.56 in stamps alone, to say nothing of the paper and envelopes and the trouble one has in thinking up something to tell them. Why not send them the Review at a total cost of but $1.50 per year and no worry? One issue of the Review contains more news of this district than a hundred letters.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Ontario Leads in Horticulture

The leadership given by the Ontario Horticultural Association was appreciated last year when many letters were received from all provinces in Canada, except British Columbia, and from several parts of the United States, on the practical talks broadcast on the Canadian Radio Commission chain.

In response to a demand for similar service this year, the Ontario Association by kind co-operating of the Radio Commission will commence a series of talks on Saturday, May 4th.

The following program has been arranged for the month of May:

May 4th—John F. Clark, Toronto, "Gardening Hints."

May 11th—George Rush, Toronto, "The Vegetable Garden."

May 18th—H. Oecomore, Guelph, "May Planting."

May 25th—J .B. Spencer, Ottawa, "Pruning and Spraying."

Agricultural Attractions

The Directors of the Ontario Association of Agricultural Societies, at a meeting a few days ago, discussed attractions for fall fairs.

It was agreed judging should be arranged to afford educational opportunities and be as attractive as possible. Suitable rings should be provided for all live stock and the names of winners should appear on hall exhibits.

Inter-community competitions were recommended, such as special prizes for Women's Institute displays. Junior classes have been found to arouse much interest and this year Agricultural Societies are sponsoring over 180 clubs for boys and girls.

In addition to the usual attractions, the following were suggested, having been tried by Societies and requiring little cash outlay:

Antique displays.
Oxen demonstrations.
Hitching, driving and riding competitions.
Milk maid contests.
Horse drawing competitions.
Classes for jumping horses.
Teams of horses, versus six or eight men.
Horse back wrestling.
Sheaf binding competitions.
Log sawing.
Potato races.
Musical chairs—mounted.
Band competitions; old time fiddlers' contests, etc.
Demonstrations of various kinds.

200,000 Farm Schedules Are Being Distributed

During the week commencing May 27th, 200,000 Farm Schedules will be distributed by the rural school teachers to the farmers in Ontario. The Schedules are for the purpose of compiling agricultural statistics and the work is being carried on jointly by the Ontario Department of Education, the Ontario Department of Agriculture and the Dominion Bureau of Statistics. Every effort is being put forth to have each farmer in the Province fill in a Survey Card giving the information for his farm. Publication of timely crop and live stock statistics is one of the most important duties imposed upon the Government and is performed primarily in the interests of the farming community.

The important facts ascertained from this survey are the acreages sown to principal field crops in 1935, the numbers of livestock and poultry on hand at June 1st, and the numbers intended for marketing in the next six months. This data is used as a basis for practically the entire body of agricultural statistics in Ontario.

Farmers are requested to complete the cards promptly and return to their local school teacher who will then forward them to the Ontario Department of Agriculture. The cards are tabulated, and the estimates prepared as speedily as possible and released to newspapers and radio stations so that every one may be advised of changes in crop acreages or live stock population at the same time. The results are also published in the Monthly Crop Report of the Ontario Department of Agriculture, which is mailed free to any individual who requests to be placed on the mailing list.

The cards are treated as absolutely confidential and used only in the Statistics Branch for the purpose of compiling statistical information by County divisions. The cards are not used in any way for taxation purposes. It is desired that farmers complete the schedule and return to the school teacher by June 4th. If any farmer does not receive a schedule he should notify the Agricultural Branch, Dominion Bureau of Statistics, Ottawa, and a card will be mailed to him. No postage is required on letters addressed to the Dominion Bureau of Statistics.

Organized Milk Patrons Try To Improve Conditions

One of the most promising features of the time is the disposition of manufacturers and distributors of farm products to get together with producers to work out their mutual problems. All of these movements, of which there are many, are going on quietly without attracting much attention.

The tobacco manufacturers have gone on record several times lately expressing their satisfaction with the arrangements arrived at and the improved condition of the industry. The Bean Growers and Dealers have improved conditions largely in a sensible business-like way. The city milk producers and distributors with the able assistance of the Milk Control Board have got together. Potato growers and dealers are working out their difficult problems. Fruit and vegetable growers have made notable progress with jam manufacturers and other processors such as Fruit and Vegetable canners. Grape growers and their principal customers, the wineries, are getting closer together and many other groups, such as those concerned with cattle, hogs, cheese, butter and poultry, are recognizing their common interest in working towards some measure of restored prosperity to the basic industry that supports us all.

The latest development featured by the milk interests with the assistance of the Milk Control Board and this office is an effort on the part of Condensaries and other manufactured milk interests to work out improved conditions with the large numbers of milk producers in Ontario who have organized provincially for the purpose.

Farmers realize as never before the importance of stable markets and beneficient trade agreements. Unfair competition and trade wars inevitably react on the producers.

There are in Ontario approximately five thousand farmers producing milk for manufacturing and processing purposes. Some four thousand of these are now organized in local associations, producers to each plant or condensery being a local organization. From these local associations has been formed an Ontario Manufactured Milk Producers' Board.

Approximately 409,000,000 lbs. of milk was used in this industry in 1934. Manufacturers and processors in the Province are about ten in number not including several distributors of whole milk who make out of their surplus milk after skimming a roll process skim milk powder which competes with the spray processed powder from the regular processors.

50 GILEAD FARMERS BATTLE FIRE IN BUSH

Considerable excitement was caused in the vicinity of Gilead on Sunday afternoon when fire started in the swamp of Mr. Wilmot Clare. Mr. Clare owns the swamp known as the "Long Swamp" on the Shannonville sideroad. The camp, built a few years ago for the men who were employed during the winter months to cut timber, was the first to burn and from it the trees were ignited. A crowd of about fifty men was on hand and managed to keep the blaze in check but not until it had burned nearly three acres of bush.

It was the only timely arrival of help which held the fire back and had it gained a few hundred feet further the swamp and valuable timber would have been in grave danger of being destroyed as there were great piles of cedar brush.

Messrs. Leonard and John Walsh were the first to notice the blaze as they were passing on the road and their quick action undoubtedly averted a disastrous fire which not only would have destroyed Mr. Clare's timber, but also that of Mr. Guy Leavens. There is about 300 acres of valuable timber in the wood lot.

BOARD WILL DECIDE UPON TWEED-BANNOCKBURN LINE

The Federal Board of Railway Commissioners reserved decision on Monday following the hearing to abandon the Canadian National branch line from Tweed to Bannockburn, a distance of 22 miles.

I. C. Rand, K.C., and J. F. Pringle, General Superintendent of Transportaiton, pointed out the branch had been losing steadily, with an operating loss of $7,764 in 1934. "The line is not safe and we were forced to cut off the weekly service temporarily," he said.

James A. Moore, Reeve of Elzevir township; Frank Reynolds, former Reeve of Madoc township; H. P. Purdy, milling man; Reeve W. H. Sayers, of Tweed; Dr. Bowlby, President of Tweed Board of Trade, and others protested against the move to abandon the branch.

TOURIST TRADE LOOMS BIG

"Bigger than at any time since 1929" is the advance forecast of Canada's tourist trade this year. Already preparations are under way, chief among them being federal and provincial travel information publicity, which will tell of the advantages of motoring in the Dominion. Canada has about 400,000 miles of highways which provide a spending place for "travel wealth," and the amount of such wealth runs high into the millions. It is estimated the tourist traffic was worth $40,000,000 to the Province of Ontario last year.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT BACKWARDS—IT GIVES YOU THE SAME, SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

NURSE NAMED FOR QUINTUPLETS

A new nurse to attend the Dionne quintuplets, replacing Madame Louise de Kiriline, who is on indefinite leave of absence, was announced recently by Dr. A .R. Dafoe. The new attendant is Madamoiselle Cecil Lamoureux, member of the Montreal Graduate Nursing Association.

Nurse Lamoureux has had many years' experience in hospitals of Montreal and she comes to Dr. Dafoe recommended by Dr. J. R. Fraser, physician to Lady. Bessborough. She graduated as a nurse from the Du-Pont Private Hospital in Montreal in 1924, after receiving her earlier education at the convent of the Sisters of Jesus and Mary.

Mlle. Lamoureux speaks both French and English, acquiring the latter when she joined the staff of the Royal Victoria Hospital in Montreal.

She has been intensely interested in the Dionne babies for some time, and says her appointment is the culminating point of her life work.

WORKER IN FIELD THREATENED BY GANG

Percy Whitmarsh, owner of a beet sugar farm near Wallaceburg, reported to police on Saturday that a gang of 30 men, apparently foreigners, approached three field workers on Friday threatening violence unless the men quit work in sympathy with movement demanding higher wages in the beetsugar fields.

Others farmers have reported their fields have been visited by men attempting to persuade the workers to strike for a higher wage.

THANKSGIVING CHOIR SO LARGE IT CANNOT REHEARSE AS UNIT

A choir of 2,000 voices, directed by H. A. Fricker, accompanied by the band of the Toronto regiment, will provide a festival of Sacred music as a part of the solemn service of Thanksgiving in Maple Leaf Gardens June 10th, in celebration of the 10th anniversary of the United Church of Canada.

Seats are no longer available and more than 14,000 will gather in the great arena to celebrate the achievements of the United Church during the first ten years of its being.

The choir, composed of members of individual choirs throughout Toronto, is so large it has not been able to rehearse as a unit.

KIDNAPPED BOY IS TURNED LOOSE, $200,000 IS PAID

Little George Weyerhaeuser was released safely by his kidnappers early on Saturday after he said $200,000 ransom had been paid by his uncle F. Rodman Titcomb.

The child was found by a farmer, George Boniface, on his place about four miles from Issaquah, 25 miles northeast of Tacoma, Washington, and returned to his anxious parents after being in the hands of kidnappers eight days.

The little boy was released about dawn near Issaquah, and said the men who seized him called each other "Alvin, Harry and Bill."

Ontario's Highways are *NOT* Speedways!

SENSELESS SPEED which leaves terrible injuries and death in its wake is hardening the hearts of people, police and courts against *all* reckless drivers. They will be dealt with ruthlessly . . . to make Ontario's highways safe for everyone.

In self-defence you are wise to fight the temptation to speed . . . especially at night. Make sure that your brakes, lights and tires are efficient. Cultivate a definite sense of responsibility towards pedestrians and other drivers. *It is the only wise course.*

IT IS BETTER TO BE SAFE... *THAN SORRY*

MOTOR VEHICLES BRANCH
ONTARIO DEPARTMENT OF HIGHWAYS

ONTARIO

THIS MUST STOP!

In Ontario, during 1934, there were nearly 10,000 automobile accidents.

512 people were killed
8,990 people were injured

. . . a considerable increase over 1933. It must be evident to all thinking people that *this must stop.*

Hon. T. B. McQuesten, Minister of Highways.

FRIENDS HONOR FORMER MADOCER

On Thursday evening, May 30th, a number of friends gathered at the home of Mr. and Mrs. George Heasman, Stirling, at a party given in honor of Miss Lucille Lawrence, formerly of Madoc, who early in June is to become the wife of Melville Lockhart of Toronto. Mr. Alex Park, acting as chairman for the evening, called the gathering to order as the last guest arrived and called upon Miss Lawrence to read a number of cards upon which were lines of congratulations in humorous styles. This novel idea created a great deal of laughter and merriment. At this time an address was read by Miss Mary Vandervoort to the guest of honor, which was as follows:

Dear Lucille:

A few of your old friends and schoolmates have assembled this evening to remind you that although you have been absent from our gatherings for some time, we still claim you as one of our own.

Since you are about to embark on the matrimonial sea, we feel it an opportune time to show our regard. We therefore ask you to accept this shower together with our hearty wishes for your future happiness.

Signed on behalf of all present: Mrs. George Heasman, Mrs. W. H. Hanna, Mrs. F. Carr.

Miss Lawrence made a very fitting reply to the address in a short and very delightful way, after which the program of the evening was carried forward with many fine numbers. A mock divorce trial was enacted in a very clever manner by a group of the guests, the characters being as follows: the husband, J. Wilson, and his lawyer, Robert Davis; "The Poor Wife," E. Heasman, and her lawyer, Mrs. C. Lansing. The judge, Percy Utman; clerk of the court, Jack Cane. Mr. Alex. Park took the part of the foreman of the jury in a very capable manner. It was a very amusing sketch, with the woman winning as usual.

This was followed by a mock wedding with J. Wilson as the blushing bride and Mrs. Sheldon MacIntosh as the groom. The very amusing ceremony was conducted by Robert Davis taking the part of the minister.

A very delightful lunch was served by the ladies present and the happy event was brought to a close in the usual manner of singing "Auld Lang Syne."

The guest of honor was the recipient of many beautiful and useful gifts. After her marriage the future Mrs. Lockhart will take up residence in the city of Toronto.

INJURED IN CRASH

Crashing into the rear end of a large McCallum trailer on Coleman street, Belleville, early Saturday, an automobile owned and driven by Arthur W. Wilson, Holloway, was badly damaged, while Mrs. Wilson, a passenger in the motor car, sustained a severe cut over the right eye, the result of flying glass. Mrs. Wilson was removed to the office of Dr. G. S. Cronk, where the cuts were dressed. Mr. Wilson was following the McCallum trailer, a large motor vehicle used to transport new automobiles from the factories to the dealers, southward on Coleman street. Apparently Mr. Wilson was driving too close to the trailer and collided with it. The radiator and windshield of the motor were both badly damaged, the flying glass from the windshield causing Mrs. Wilson's injury. The matter was reported to the police by both parties concerned.

AN EXPERIMENT

Passersby at the Stirling High School during the past week have had their attention arrested by the inscription "Stirling High School" which is outlined in the grass on the school lawn and stands out quite conspicuously with the grass forming the words being more verdant. The inscription is the result of an experiment by Mr. Scollie, teacher of agriculture, who outlined the letters with Sulphate of Ammonia to demonstrate the effects of a fertilizer on the growth of the grass.

EX-WIFE OF VANDERBILT SUICIDES AT RANCH

Emily Whitfield, former wife of William H. Vanderbilt, was found dead in a remote ranch house near Las Vegas, New Mexico, on Friday and a coroner's jury had decided she had committed suicide.

The wealthy New York woman apparently shot herself with a revolver Thursday midnight, a few hours after discussing a divorce to end her third marriage to Raoul Whitfield, a writer.

OBITUARY

MRS. LIZZIE WOOD

Mrs. Lizzie Wood, who passed away in the Belleville General Hospital on May 30th, was the wife of Mr. Thos. Wood of Flinton, Ont. She had been in failing health for several months.

The late Mrs. Wood, who was in her 48th year, was born in Elzevir township. She was highly esteemed in the community where she lived and was a member of St. Paul's Anglican church at Flinton.

Surviving to mourn her death are: the husband, Mr. Thomas Wood; three daughters, Lona, Irene and Agnes, all at home; six sons, George, of Belleville; Burnsel, of Flinton, and Edward, Wilfred, Donald and Oscar all at home.

The funeral took place on Saturday afternoon, the service being conducted by the Rev. A. F. Dowdeel of Plevna. Interment was made in the cemetery at Flinton.

GREY NUNS DECLINE UNDER ORDER RULES

Not from any personal wish, but because they were forbidden by the rules of their order, the Grey Nuns of Mattawa Hospital, in the Pembroke diocese, have declined to take over the duties of nursing the Dionne quintuplets in the Dafoe Hospital, Judge J. A. Valin, one of the guardians, announced.

The Grey Nuns offered to furnish a home for the babies in the Mattawa Hospital, but were forbidden to care for them in the Dafoe Hospital, it was explained.

The guardians were reluctant to accept the counter-order. They, in turn, offered transportation to take the nuns to daily mass at Corbeil, and Rev. Father A. T. McNally, pastor of Sacred Heart Church at Corbeil, offered to say Mass daily at the hospital, but this offer was turned down also.

SHORTAGE OF YOUTHFUL LABOR IN THE WEST OF ENGLAND

There is a shortage of youthful labor in the west of England. In the great motor car industry centered around Birmingham they are importing boys and girls while there is a shortage of skilled machine tenders and operators. In Bristol there is a shortage of boys while in the boot and shoe manufacturing establishments in Leicester factories are reported working at about 90 per cent capacity with some departments working overtime.

BROTHERS MAY DIE, PUT GAS IN STOVE

Terribly burned, two Turtleford, Sask., boys are in the hospital there, with little hope for their recovery, all because of their eagerness to help their parents, Mr. and Mrs. Roy Kendal.

Seven-year-old Allen and his brother Jimmy, 10, arose early Wednesday at their home at St. Walburg, near Turtleford, to light the fire before their parents got up. They used gasoline which presumably exploded.

Attending physicians entertained no hope of saving Allen's life. Jimmy, they say, may recover. Mr. and Mrs. Kendal also were burned in rescue attempts.

WILL HOLD RALLY

United Churches throughout the Dominion will hold rally services this fall in connection with the 10th anniversary of the Church Union, it was announced on Thursday.

The decennial celebration will be marked by ceremonies in all churches on June 9th and 10th, but in addition mass services have been arranged for the autumn. Dates for these include Belleville, October 22nd and 23rd, and London, October 29th and 30th.

PLANNING WALKOUT?

Reports in suburban New Toronto on Tuesday said 100 nurses at the Ontario Hospital there are planning a walkout in protest against "conditions as they exist."

The dissatisfaction is said to have been developing over a period of months, ranging from working conditions to a 15 per cent wage cut last April. Sleeping quarters for the nurses also were criticized.

DIED AT KALADAR

While conducting a religious service at the home of William Hughes at Kaladar, Mr. Nelson James Peterson suffered a stroke and passed away within an hour. Medical aid was summoned from Tweed but he was beyond help. A son, William Peterson, lives at Napanee from which place the deceased came recently to Kaladar to conduct meetings.

LARGE RETURNS FROM WELLINGTON SHOW

Though official figures have not yet been made public, it is stated that the proceeds from Wellington Legion celebration amounted to over $20,000 and that about half of this will be profits to the Legion. This would make some 80,000 tickets in the draw.

SERMON NOTES, BIBLE, UNBURNED IN FIRE

Workmen dismantling the ruins of the Epworth United Church at Kingsville, scene of a fire some weeks ago, discovered a Bible inside the pulpit. The Bible, which contained the sermon notes of Rev. J. M. Colling, is still readable from first to last page. Only the brick walls of the church were left by the fire.

CHILD TRAVELS ACROSS OCEAN FOR ADOPTION

Peter Gardner, just turned five months, travelled to Canada in the liner Montcalm which reached Montreal on May 19th. The infant, in care of Miss B. Gwynn, member of the staff, was met by his aunt, Mrs. Gardner, wife of the district inspector of the Ontario Provincial Police at Belleville, who is adopting him.

Hundred per cent increase of the Royal Air Force will be announced to the House of Commons by Stanley Baldwin, Lord President of the Council, it was forecast in London. Lord Londonderry, Minister of Air, will make the announcement in the Lords.

SATURDAY

A feature of the outside market at Belleville on Saturday was the showing of flower plants for transplanting also tomatoes, cabbage and other varieties of vegetables. The trading in this line was brisk. The attendance of sellers and purchasers was large, spaces in the interior market space and square outside being nearly all occupied.

There were but few changes to note in all products offered for sale.

Fish vendors did considerable business and prices asked showed a decline of from one to two cents per pound. Lake salmon and white fish predominated selling at 15c per pound and mud cats at 10c per pound.

Butter and eggs were plentiful, also dressed fowl. Dressed chickens sold from 60c to 90c each according to quality and broilers from 50c to 65c a pair.

The hog market shows a firm attitude with prospects of a slight increase in both live and dressed hogs.

Many of the stands in the interior market building were occupied by vendors selling home cooking, with sales being brisk.

Quotations were as follows: dressed hogs, cwt., $11.50; live hogs, cwt., $8.75; dressed beef, fore, cwt., $8.50; dressed beef, hind, cwt., $12.00; butter, lb., 28c to 25c; eggs, No. 1, doz., 14c to 15c; pullet eggs, doz., 12c to 13c; chickens, 50c to 90c; broilers, pair, 50c to 60c; potatoes, bag, 50c; apples, peck, 35c to 50c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; green onions, bunch, 5c; rhubarb, bunch, 10c; lettuce, bunch, 5c; radishes ,bunch, 5c.

Prices on fresh fish were as follows: lake salmon, lb., 15c; pike, lb., 14c; mudcats, lb., 10c; white fish, lb., 15c.

Prices on plants were as follows: pansies, box, 20c; zennias, box, 15c; sylvias, box, 20c; double petunias, box, 20c; mixed plants, box, 15c; tomato plants, box, 15c; asters, box, 15c.

RAIL-GRADING IN QUEENSBORO DISTRICT

Farmers of the Queensboro district plan to give the rail-grading of hogs a trial in that area following an enthusiastic meeting held in the Orange Hall on Tuesday evening of last week. Practically the same program as that at Foco the previous week was followed, with Gordon S. Matthews, General Manager of the Peterborough plant of the Canadian Packers, and W. Gordon, Government Grader, at the same plant, being the chief speakers. Mr. Charles W. Thompson was chairman of the meeting. The latter in his remarks said that farmers were sometimes dubious about changing their system but he felt that rail-grading had proved successful and should be given a trial.

"Rail-grading is being tested because the Englishman demands a better quality of bacon," said Mr. Matthews, who pointed out that of twelve hundred hogs killed at the Peterboro plant last week, only four hundred were of export quality. "We must cultivate our foreign market since it's the surplus that sets the profit. Fifteen per cent less hogs were raised in Ontario during 1934 than the previous year and the quality has not improved to any appreciable extent. Previous to the Ottawa agreement, Denmark was shipping 110,000 hogs and following the signing of the agreement, their quota was cut to 80,000; similarly with Sweden, Poland, and other countries. However, the supply from Canada was not curtailed and we are still permitted to ship 50,000 hogs per week, although only 20,000 are being shipped at present, owing to the low quality."

BURN TO DEATH NEAR TORONTO

Five children of Harry Scott of Toronto lost their lives when fire swept their two-storey frame dwelling in suburban Alderwood, near Long Branch, a few miles west of Toronto city limits.

Those burned to death or suffocated were Victor, 19; Vera, 12; Bobby, 8; Dorothy, 4; and Sadie, 5 months.

Scott and his wife, Frances, escaped with their three-year-old son, Douglas.

One report said it was believed the fire started from an exploding oil stove but this could not be confirmed.

Scott, milk truck driver, arrived home about 4.30. An hour or so later he was awakened by the fire. Hurriedly he lifted his wife, with Douglas in her arms, to the verandah roof. Then he dropped to the ground and caught the boy, tossed to him from the roof. He also caught his wife who also leaped safely.

LEONARD WILKES LOSES HIS LIFE IN TRENT RIVER

Leonard Wilkes, Belleville, was drowned on Saturday evening while fishing on the sloping slabwork in the Trent River below the dam near the canal at Frankford. No one saw him fall or slip into the water and the fears of Charles Harvey of Frankford, who had seen him and then missed him led to the finding of the body an hour later.

Resuscitation was tried by Miles MacGillivray of Frankford, but without success. Dr. D. W. McMullen of Frankford and Dr. H. H. Alger, coroner of Stirling, were called but could do nothing, the man being pronounced dead. After hearing the story of witnesses Dr. Alger decided an inquest was unnecessary. The body was taken to Windover's funeral parlors at Frankford and later taken to the family home in Belleville.

C. N .R. BRAKEMAN HURT AT TRENTON

Fred J. Elliott, 48, of Peterborough, brakeman on the C. N. R. and working at the present time at Trenton yard, was seriously injured shortly after eleven o'clock on Friday and was rushed to the Belleville General Hospital, being attended at the scene and institution by Dr. J. Farley.

Mr. Elliott was switching in the Trenton yard and in some unaccountable manner was bowled over by the flangers of a snow plow, that was being placed near the C. N. R. shops. Others members of the train crew summoned aid and soon the injured brakeman was removed to Belleville in an ambulance with Dr. Farley accompanying.

Mr. Elliott died in the Belleville General Hospital at noon on Friday.

WORKERS DEMAND $18 ACRE WAGES

Vast sugar beet lands lay unattended on Monday as the tillers of the fields remained on strike demanding higher wages from their farmer employers at Coatham.

As picketers cruised from farm to farm over the week-end, urging sugar beet workers to join the strike, the ranks of the Agricultural and Canery Workers' Union were swelled by "cnlockers" who lay down their hoes and joined in a demand for $18 an acre for their labor.

Detachments of Provincial Police moved about the area, ready for any outbreak of disorder.

THIEVES CUT WAY THROUGH 14-INCH WALL

Robbery of the North York Township offices of $4,000 in cash and $60,000 in non-negotiable cheques was reported to police on Monday. The robbery apparently was carried out Saturday or Sunday.

The robbers hacked their way through a 14-inch brick wall which formed the sides of the vault.

The stolen cheques were made payable to North York Township and represented tax collections. They were endorsed by Treasury Department officials.

Fire completely destroyed William Pipe's shingle mill at Tweed on Friday at the noon hour. Part of the equipment was saved by valiant efforts of the Tweed Fire Department. The alarm was given by Charles Porritt but the fire had made considerable headway in the dry shavings and shingles before it was discovered. No insurance was carried by Mr. Pipe whose loss is a serious one. He will commence rebuilding at once and with the purchase of new machinery will begin operations in a short time.

Miss Uhrich of the High School staff spent the week-end in Toronto.

Mr. and Mrs. Walter Whytock left on Sunday for Toronto and Niagara Falls.

Mr. and Mrs. James Irwin and the Misses Garrett, spent Sunday in Peterboro.

Mr. McDonald and Mrs. S. Hoard spent Sunday with Mrs. Parker Embury.

Miss Garrett of Sharbot Lake, spent the week-end with her sister, Miss G. Garrett.

Mr. Tony Hart and family of Midland, visited his father, Mr. John Hart on Sunday.

Miss McDermid of the High School staff, spent the holiday with friends in Markham.

Mr. and Mrs Snider of Toronto spent the week-end with Mr. and Mrs. G. H. Gillespie.

Miss Clarice Dafoe of Toronto, spent the holiday with her parents, Mr. and Mrs. Frank Dafoe.

Mr. Anderson of Toronto, Mrs. Anderson of Wingham, are visiting at the home of Mr. A. C. Anderson.

Miss Kathleen Meraw, nurse-in-training at Hotel Dieu at Kingston, is visiting her parents, Mr. and Mrs. F. Meraw.

Mrs. Holden, Mrs. Bresnahan, Mr. H. Bresnahan, Miss Edith Bresnahan, of Renfrew, spent the holiday with Mr. and Mrs. F. E. Brown.

Rev. W. A. Hunter of St. Peter's Presbyterian church, conducted anniversary services in Roslin, the Rev. M. Hill occupying the pulpit at St. Peter's Church.

Mr. and Mrs. J. C. Oxley and son, Jack, also Rev. W. W. Want, who have been spending a few weeks with Mr. and Mrs. Robert McGhee, left on Saturday for their home in Woodland, Cal.

LOAD CALLED UPON TO PULL VEHICLE

Not often is the load called upon to pull the vehicle, but Mr. Charles Yarrow, trucker near Bancroft, had a real "pay load."

Transporting a tractor by truck from one farm to another in that section last week, his truck became lodged in a soft section of the county road. A nearby farmer furnished some heavy planks. Backing the tractor off the truck he pulled the latter from the mudhole. Then he loaded the tractor again with the planks and delivered his load without further incident.

FALLS OFF HORSE, CHILD IS INJURED

Little nine-year-old Howard Hayden, son of Mr. and Mrs. W. H. Hayden, residents near Wellington, is at present in the Picton General Hospital suffering from what is believed to be a fracture of the skull and other injuries as the result of falling from a horse near his home early Monday evening. His parents, who are at present on a vacation trip near Ottawa, have been advised of the accident.

FIRE DESTROYS THURLOW HOME

Mr. and Mrs. Douglas Atkins of Thurlow, sustained a serious loss on Wednesday morning when their house and most of the contents were destroyed by fire. Miss T. Fargey was forced to escape through an upstairs winoow and was later taken to the hospital, but is improving and expected to return to her home soon.

ST. PETER'S PRESBYTERIAN CHURCH

Rev. W. A. Hunter, B.A., B.D.

Sunday, June 9th.

9.45 a.m.—Sunday School.

11 a.m.—A special service in celebration of the Diamond Jubilee of the Presbyterian Church in Canada, 1875-1935.

3 p.m.—St. Andrew's, Tweed, will also recognize the Diamond Jubilee in a special service.

7 p.m.—Evening worship.

At Foxboro, Monday evening, June 10th, the debating team of the Sons of the Kirk, will debate with a team from the Y. P. S. of Foxboro Presbyterian Church. The following is the subject of debate: "Resolved that Canada should share in the cost of Imperial defence."

TRINITY UNITED CHURCH

Minister,
Rev. G. W. Rivers, B.A., B.D.

Sunday, June 9th.

10 a.m.—Sunday School.

11 a.m.—Morning Worship. Celebration of the Tenth Anniversary of the United Church of Canada.

7 p.m.—Evening worship, conducted by Gray Rivers.

On Tuesday afternoon, June 4th, the Young Women's Auxiliary of St. Peter's Presbyterian Church held an afternoon tea at the Manse.

The rooms were very prettily decorated with lilacs, tulips, and lily-of-the-valley. Mrs. Hunter and Miss Vera McGhee, the president of the Society, received the guests. Mrs. R. McGhee presided at the tea table and was assisted by the members of the Auxiliary. While tea was being served Mrs. Stevenson rendered two beautiful solos.

NEW BRUNSWICK CLAIMS TO HAVE THE OLDEST MAYOR

New Brunswick is believed to have the oldest mayor on the job in Canada. His Worship Mayor R. J Potts, of Hartland, in that province, is 87 years of age and still going strong. Down in Nova Scotia there is an ex-Mayor 93 years of age, George W. Stuart, former mayor of the town of Truro. The former was associated with the lumber business in New Brunswick for years, while the latter was and still is actively engaged in the gold mining industry of the province.

KHARTOUM VETERAN LIVES IN PETERBOROUGH

William Harris of Peterborough is believed to be the only surviving member of the band of 12 men who left Peterborough to aid in the relief of General Charles Gordon at Khartoum, in 1884.

Mr. Harris is over 80 years of age but is still hale and hearty, taking a walk about the streets every day.

A despatch from Oscoda, Michigan, states James LaPlant who died there at the age of 80 believed himself to be the last of the Canadian Voyageurs who went to General Gordon's relief at Khartum in the British-Egyptian Sudan.

HALF PAIL WATER PUTS OUT FIRE

Chatham firemen with half a pail of water put out a smouldering woodwork in the Jackson's ladies' wear shop there but the smoke so damaged the stock that the loss, it is claimed, will run into several thousand dollars. Firemen discovered an electric iron left on, had burned through the ironing board to fall on the floor and completely burn through that.

"CANADA'S NATURAL RESOURCES AND THE MUSCLE AND BRAWN OF HER MEN"

Highways for Tourist Trade

CANADA'S tourist trade is a continually increasing factor in the list of Canada's resources. Tourists entering Canada from the United States in automobiles contribute to the Dominion's wealth more than $125,000,000 a year—a sum greater than the total production of all Canada's flour mills.

The building of good roads through Canada's scenic wonderlands is the first essential to attract motoring tourists. Canadian government officials, Canadian engineers and Canadian workmen have provided the foresight, the technical skill and the strong and ready arms to build good roads . . . to attract additional spending power from which all Canada benefits.

"Canada's Biggest Cook," now entering his twenty-second year of service in the development of Canada's resources, has been responsible for the care of the men at work on the highways. Serving strengthening, satisfying food, providing modern, comfortable camps for the workers and relieving executives of commissariat details, Crawley and McCracken have played a vital part in augmenting national and provincial revenue. "Canada's Biggest Cook" is proud to be identified with the development of Canada's valuable tourist trade.

CANADA'S NATURAL RESOURCES
Agriculture
Furs
Fisheries
*Forests
*Minerals
*Hydro-Electric Power
*"Canada's Biggest Cook" has assisted and is assisting in the realization of these resources—and now is participating in the development of Canada's newest source of wealth—Tourist Trade—through Good Highways.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

A Good Time to Raise a Foal

According to the Dominion Animal Husbandman there is at present a definite scarcity of good, fresh, young horses for farm and city work and an increasing demand for them at fairly remunerative and generally increasing prices. Since it takes four or five years to breed, raise and develop a horse to marketable age, it will be some time before the demand can be satisfied, therefore present prices may be expected hold or even improve for a number of years. It would seem, therefore, that it would be a profitable venture for any farmer who has a reasonably good draft brood mare, that he can spare from heavy work, to breed her and raise a foal.

* * *

Progress in the Development of New Wheats

The Cereal Division of the Dominion Experimental Farms is now working to produce wheats as early as Garnet or Reward but more desirable than these varieties. Some very promising material is at present under test and it is expected that further contributions to the number of good wheats already produced will be made in the not distant future. Garnet was distributed to farmers in 1926 and was followed by Reward two years later. Reward has since become famous as one of the best wheats from the standpoint of quality, weight per bushel and appearance for show purposes yet developed. It has never been beaten for premier honours at the national and international shows since its introduction.

* * *

Preventing Bees From Swarming

Work done by the Bee Division of the Dominion Experimental Farms has shown that the desire of bees to swarm may be suppressed to the minimum by eliminating the exciting causes. This is done by keeping every colony headed by young and vigorous queens, by providing sufficient space for maximum brood production and storage of nectar at all times, by using only good drawn comb in the brood chambers, and by providing shade for the colonies during the hottest part of the summer or proper ventilation for the hives.

WEDDINGS

GRAHAM—PHILLIPS

The parsonage at Melville was the scene of a pretty wedding on Friday, May 27th, when Beulah, daughter of Mr. and Mrs. Phillips of Allisonville, became the bride of Allan Graham, son of Mr. and Mrs. O .Graham of Coe Hill, Rev. Mr. McRae officiated.

The bride, who was prettily attired in a rose beige crepe dress, with white hat and shoes to match, was attended by Miss Claudia Insley of Wellington, who was attractively attired in Marina blue crepe with grey hat and shoes to match. Mr. James Firth of Bloomfield was the best man.

The groom's present to the bridesmaid was a pretty purse and to the best man, a cravat. Immediately following the ceremony, the happy couple left for Toronto, where they will spend their honeymoon. Upon their return they will reside in Wellington.

REAVIE—FREEBURN

A quiet wedding took place at the United Church Parsonage at Tweed on Monday, May 20th at 2 p. m., when Janet Edna Albertha Freeburn, daughter of Mr .and Mrs. Thomas Freeburn of Flinton, became the bride of Charles Currie Reavie, son of Mr. and Mrs. Neil Reavie, also of Flinton. They were united in marriage by the Rev. R. R. Nicholson, pastor of the church.

The bride was charmingly gowned in a crepe dress of blue with other accessories to match. They were attended by Miss Susie Simmons, of Actinolite, friend of the bride, who was also gowned in blue crepe, and Mr. Arthur Reavie, brother of the groom.

After the ceremony the bridal party assembled at the home of the bride's sister, Mrs. Ernest Morton, of Thomasburg, where a lovely wedding supper was served among near relatives.

Later in the evening the happy couple motored to the grooms' home where a wedding reception was held. They received many valuable and usful gifts, which showed the esteem in which they are held.

ABBOT—FOX

At the home of the bride's parents at Eldorado, a quiet but pretty wedding took place on Saturday afternoon, May 25th, at two o'clock, when Elsie May, only daughter of Mr. and Mrs. James Fox, became the bride of John Arthur Abbot, also of Eldorado. The ceremony was performed by the Rev. James Smith, of the Standard Church.

As wedding music was played by Mr. Vernon Strebe, the bride, who was given in marriage by her father, took her place in the drawing room. She made a lovely picture in her bridal gown of light blue silk sheer with matching accessories and carried a bouquet of red roses, baby's breath and ferns. The young couple were unattended. As the register was signed, Mrs. Clifford Chambers of Stirling, friend of the bride, furnished a piano solo.

After the ceremony the guests repaired to the dining room where a buffet luncheon was served.

The groom's gift to the bride was a lovely fox fur; to the pianist, gold cuff links and tie set.

Later the bride and groom left on a wedding tour to Niagara, Brantford, and Paris, Ont. The bride wore for travelling a beige crepe suit, with hat and shoes and beige accessories. Upon their return they will take up residence at Eldorado.

TORNADO BLAST FELT AT SARNIA

Literally swept out of her home when a whirlwind of almost tornado proportions hit the Sarnia district on Thursday night and did $75,000 damage, Miss Eva Park, 20, was in hospital with a badly bruised arm and cuts and bruises to her body. Miss Christina Purves, 20, daughter of Robert Purves, farmer, was also in hospital with badly cut legs.

The storm went high over Sarnia itself and did not commence its destructive work until eight miles from the city, in Sarnia township.

Two houses and seven barns fell before the tornadic blast. Roofs on other houses, orchards, telephone poles, were swept away by the wind. A heavy rain followed and in several cases families took refuge with neighbors.

Miss Park was in the home of her parents, Mr. and Mrs. John Park. She was swept out of the house with the door and carried over a wire fence into a field. Her father's automobile was blown out of a garage.

Purves was in his barn when the storm struck. The structure was uplifted but he escaped injury. His home was badly damaged.

Roads were being cleared of fallen trees and poles.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed Advertisements in The Review marvel at the results achieved.

The cost is small. These small advertisements are universally read and often accomplish results in value far beyond the cost of insertion.

The Review
MADOC, ONT.

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

Sir John Aird, President of the Canadian Bank of Commerce, in addressing the bank's shareholders, in part said:

"There is a brighter economic condition in the world today then existed twelve months ago. During the past grave international and political complications have arisen from time to time, while hasty and faulty monetary experiments were still attempted in the name of reform, but the progress in the field of business during 1934 as a whole was even more impressive than seemed possible when, addressing you two years ago, I first drew attention to constructive elements in the business situation.

"Durable improvement, however, must remain uncertain as long as world trade is fettered by almost every conceivable form of restriction, and continues to be denied one essential for its advancement, an international gold standard, leaving it therefore to struggle against exchange instability and the persistent menace of further monetary manipulation. But with private enterprise continually gaining over the forces of depression, signs of informal stabilization of currencies and admission on all sides that the limits of nationalistic action to restore prosperity have practically been reached, there is the firm hope that business has at last entered upon a period of progressive improvement.

"It is significant and instructive that the most marked general economic revival of the last two years has been enjoyed by those nations which have suffered least from State intervention. Among the most fortunate countries—indeed, one that is now in the vanguard of the march toward prosperity—is Canada."

QUICK AND CONCLUSIVE

More speedily than all the previous important automotive developments—electric starter, four-wheel brakes, balloon tires and lacquer finishes included—"knee action" has passed the test of owner acceptance in record time. On the North American continent only since last year, already a majority of the new car registrations in the United States have coil-spring knee-action equipment. The improved ride is what the public votes for, but steering has also been so greatly improved that knee-action springing could never be replaced by a newer system if it meant a return to the old style steering. Says this authority: "A year ago there may have been a belief among some motorists that knee-action was an 'experiment.' It was not, of course, for European cars had used it for years and its use overseas is increasing every year. Other objections were as baseless. Now, a year's use has answered all the questions about knee-action and its strength, durability, safety and practicability."

KILLS FOUR YOUTHS TO SEE THEM KICK

Clyde Thompson of Angleton, Tex., who at 17 said he killed two youths "just to see them kick" slew his fourth victim on Friday last.

He stabbed Everett Melvin, Potter County robber, to death in a brawl at the retrieve prison farm there. Then he remarked to Capt. Ike Kelley, farm manager: "Well, Cap, I looks like I'm in trouble again."

Melvin was stabbed to death as he and other convicts formed in line for the rock-step march to their evening meal.

He was dead when a physician reached the scene. Captain Kelley said he found the dirk with which Melvin was slain—a crude knife made from a file.

Thompson was first convicted for slaying Lucian and Leon Shook in 1928. At his trial he said he killed them "just to see them kick." He was sentenced to death but the sentence was commuted to life.

YOUNG TRANSIENT HAD LAPSE OF MEMORY

Campbellford police were informed on Tuesday that a young man was lying apparently asleep on the roadside near the farm of Garnet Lloyd. Responding to the call, police found the young man who was neatly dressed, but could give no intelligent answers to questions asked him. The lad was brought to town and a doctor summoned, who stated he was suffering from a lapse of memory.

He was cared for over night and next morning, after a hearty breakfast, he regained his memory, and explained that he was subject to such spells which were caused by a fall which he sustained several years ago. He thanked the police for their kindness and started off down the Brighton Road. The police gave him a note explaining his condition, that might help him if he is ever in a similar position.—Campbellford Herald.

SUNDAY TRUCKING TO BE RESTRICTED

Vigorous action to restrict Sunday trucking on Ontario's highways was promised recently by Attorney-General Arthur W. Roebuck as he considered a police report which showed on a recent Sunday less than 150 trucks on the highways carried "perishable" goods.

"This condition must be brought to an end," Mr. Roebuck declared. "A trucking company has no more right to work men Sunday than any other industry. I am taking this matter up with the Highways Department and unless a drastic change takes place at once in this regard vigorous action may be looked for."

UNEMPLOYMENT INSURANCE FOR 1,600

A program of unemployment insurance for 1,600 employees of the Tip Top Tailors, Limited, was announced recently by David Dunkelman, president. The plan, effective on July 1, is non-contributory, the company bearing the whole cost on the basis of a contribution of one per cent. of the total payroll.

"If the Dominion Government enacts unemployment insurance we will be glad to co-operate and put it into effect immediately," Mr. Dunkelman said. "But in the meantime we are inaugurating this plan as a part of our company responsibility to our employees."

CAST IRON WEIGHTS REMOVED FROM DOOR

A new racket was unearthed in Belleville recently, when the large weight on the fire door of the east Robertson block was removed. The weight was discovered missing as the caretaker of the building closed up for the night, shortly after midnight. The matter was reported to the police, who are searching for persons carrying large cast iron weights. The weight was made of cast iron and weighed in the neighborhood of 75 pounds. It is believed by police authorities it was stolen for old iron and will be disposed of in a local junk yard.

WHIRLWIND LIFTS CANOEISTS SIX FEET

A picnic party of Lindsay canoers nearly ended in tragedy on the Scugog River, Sunday, May 26th, when a whirlwind twister struck one of the canoes and lifted the paddlers six feet in the air before dropping them into the river. The incident occurred in full view of a number of people standing along the bank.

Madeline Gassien, a strong swimmer, reached shore safely, but her companion, Frederick Green, unable to swim, sank from view, but was rescued when Carl Montomeglo, a spectator, swam to his aid.

A curious feature of the incident was the fact that the canoe remained upright, and a jacket belonging to Miss Gassien, lying in the bottom of the canoe, was not even wet.

REV. DR. SEMPLE IS CHOSEN HEAD OF BAY CONFERENCE

Rev. Dr. James Semple of Bridge Street United Church, Belleville, was elected president of the Bay of Quinte Conference of the United Church of Canada as its sessions in Peterboro on Thursday. The election was concluded with two ballots, Dr. Semple leading both ballots.

After six successive years as Prime Minister, Ramsay MacDonald will formally resign on June 6th and for the third time Stanley Baldwin, Conservative leader, will be called upon to form a ministry. This expectation became definite on Friday although the actual composition of the reconstructed Cabinet remained uncertain.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemiation of news and information

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably $2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, $2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our ow ncommunity for food, shelter, clothing and for all other things.

MILLBRIDGE

The softball team held their annual lawn social and dance on Wednesday evening, May 29th. In the early part of the evening Bannockburn and St. Ola played an exhibition game. The honors went to St. Ola. Refreshments of all kinds were sold during the dance. The music was provided by Mr. McGarvey and Sprackett. The proceeds which amounted to $48.65, will go towards the upkeep of the diamond. Everyone enjoyed a real good time.

Mr. and Mrs. Arthur Jones visited their daughter, Mrs. Frank Murray, in Whitby recently.

SHOULD PROTECT THE BLACK BEAR

If the province would cater to the black bear's well known weakness for garbage piles, Ontario's tourist trade would benefit, in the opinion of Jack Miner, noted naturalist and founder of the bird sanctuary at Kingsville bearing his name.

"Our innocent black bear in Ontario has hardly ever had any consideration as a tourist attraction," said Mr. Miner in an interview recently. "If given a chance he would be the most photographed animal we have in this province."

Garbage could be placed as bait to attract Mr. Bruin into the open where he could be photographed and Mr. Miner pointed out thousands of persons visited Yellowstone National Park in the United States for the purpose of getting pictures of bears.

STEAM TRAIN PROVES COMPLETE SUPREMACY

Trials are still going on in England to determine the relative supremacy of the oil-electric streamlined train as compared with the coal fired steam locomotive. Recently a London North Eastern locomotive hauling a train in a round-trip from King's Cross to Newcastle (268 miles either way) attained a speed of 108 miles an hour on the return journey. In comparison with Germany's "Flying Hamburger," an oil-electric streamline train, the steam train bettered her time by over twelve minutes and, incidentally, was able to accommodate twice as many passengers with much more spacious accommodation. The result of this and a previous test seems to prove, according to railway officials in Great Britain, that the supremacy of the coal-fired steam locomotive cannot yet be successfully challenged for long-distance high speed running.

CARS DESIGNED FOR RADIO

The use of radio in motor cars has become so generally popular that automobile manufacturers now actually design their cars for the installation of receiving sets and to insure the utmost clarity of reception. Illustrative of the steps taken to make motor car radios more efficient, and hence more enjoyable, are the special provisions for radio in the 1935 Chevrolets, which go far beyond the usual built-in aerial now found in nearly all cars. The new Chevrolets reveal special attention to eliminating interference caused by the car's electrical system, provision for the easy installation of radio sets and connections, and even devices for killing the effects of tire static. The effect of the special provisions is to make it as easy to install a radio set as it is to install a car heater.

ILLUSTRATED FOLDER OF CARIBBEAN ISLANDS

In keeping with the popularity of "Canada's Southern Playground," in the Caribbean Sea, a new illustrated folder outlining a series of spring, summer and fall cruises to Bermuda, the British West Indies and mainland has been issued. This folder, with a cover of colorful design, is replete with illustrations of scenes and activity in the various Caribbean colonies, taken from numerous up-to-date photographs. It also contains a lot of general information useful to the ocean traveller going to the South, a complete list of cruise itineraries, tariff rates for round-trip fares and all-expense cruises. There is also an outline of shore excursions, a plan of steamship accommodation and an interesting description of events aboard ship and on shore from day to day. Embracing as it does these many features, this new folder carries a mine of information for the traveller bound for southern waters and makes a most concise and valuable guide to the tourist.

Five diamond drillers from Noranda and Rouyn registered at the Stewart House, Flinton, from Thursday until Saturday, awaiting the completion of the boarding house at the Golden Fleece Mine where they expect to begin the operation of the drills immediately.

SISTER DISCOVERS BROTHER ON "CHAIN"

Chain letters are proving harder to figure out to some people than crossword puzzles.

On Thursday a young man went to a Belleville resident whose name happened to be at the top of his list to pay him the dollar that he owed him. He paid the dollar and then talked so enthusiastically about the chain letter craze that the sister of the man to whom he had paid his debt decided to buy one of his letters. Not having a dollar at the moment she turned to her brother and borrowed the dollar that he had received. She opened her letter and looked at the first name to see to whom she would pay the dollar. Her brother's name was the first on the list. She gave him the dollar.

The puzlze is, does she owe her brother a dollar or has she paid off her debt?

PATIENT JUMPS OUT OF WINDOW

Albert Patrick, 50, on Friday jumped from a room in Kingston General Hospital to the ground and died shortly afterwards.

Patrick was taken to the hospital with a badly cut throat on Friday. The wound was said to be self-inflicted.

William Hornbeck of Portsmouth, who occupied the same room, attempted to save Patrick but could not hold him.

Hornbeck said Patrick waited until the nurse was out of the room then jumped from the bed and climbed to a window sill.

It was not known whether an inquest would be held.

CANADA SUPPLIES BRITAIN PRODUCTS OF OTHER NATIONS

The list of commodities which Canada sends to the United Kingdom market contains some surprises. For instance, in the matter of macaroni, one would naturally suppose Italy would be much to the fore but Canada is well up in the supply of this commodity, ranking third after Italy and France and is within measurable distance of both countries. Then there is the case of rolled oats, Canada is the leading source of supply of rolled oats for the United Kingdom. Canada is the main source of supply for honey; also for frozen salmon. Now who would think of Canadian hops in a hop country like England but, nonetheless, the United Kingdom is importing hops from Canada.

UNTY OFFICIALS CHUCKLE OVER HASTINGS "ALLIGATOR"

Alligators in Hastings County? nebody's pulling someone elee's" briefly commented County Clark Denyes in referring to an ac- t in a Toronto morning paper of gators being sighted in Hastings nty. "They've got their wires ssed up there."

Maybe it's just a little bit more elicity for the county," added Jas. Haggerty, county treasurer. "I've n in this county for a long time, I've never seen any alligators

ccording to accounts the Ontario artment of Game and Fisheries s receipt of a request for a fire- permit to be used "to hunt an gator in the waters of North dings."

he request, from some unknown ve of the county, left the officials he Department "flabbergasted." omeone mentioned something a- t gar pike seen now and then in waters of the Ottawa River, but gators? No—a thousand times no!

CELEBRATES UNION

n Sunday, June 10th, the United rch of Canada celebrated the 10th iversary of the Union of the Con- gational Churches, the Methodist rch and the Presbyterian Church Canada.

Trinity Church, Madoc the con- gation used the following order of ice: Doxology, hymn, "All People t On Earth Do Dwell"; prayer, dicle, scripture lesson from Ephes- 4:1-13 and 11-16; hymn, "Christ ilde the Sure Foundation"; Gos- St. John 17, 1, 2, 6, 17-23; respon- reading, Litany of the Church; yer by the pastor, Rev. G. W. Riv. offering; anthem by the choir Mrs. George White taking the part; hymn, "O For a Thousand gues to Sing." The sermon taken from Psalm 132:14, "This y rest forever, here will I dwell; I have desired it." Rev. Rivers ished a very interesting and in- ctive sermon from this text, clos- with prayer. The hymn, "O God Bethel," followed and the bene- ion.

UNTY COUNCIL CONVENED TUESDAY

he June session of the County ncil convened in Belleville on nday of this week at two o'clock. sessions will be conducted on dard time. This is the most im- ant session of the year with the ing of the estimates and the ibution of assessment for the r municipalities. Warden James ton, Reeve of Mayo township, s presiding officer.

CONVENTION HELD IN WELLINGTON

On June 6th the village of Wellington was the scene of great activity when people gathered from far and near to attend the third annual convention of the Women's Associations and Ladies' Aid Societies for Hastings and Prince Edward Counties in the Belleville Presbytery of the United Church of Canada. The meeting was held in the United Church and the visitors were welcomed by the pastor, Rev. H. Hillis and Mrs. Hillis.

Trinity Ladies' Aid was represented by Mrs. Chris Henderson, Mrs. Ambrose Smith and Mrs. George Huffman.

MEETING OF HUNTINGDON TOWNSHIP COUNCIL

Huntingdon Township Council met on Tuesday, June 4th, all members being present. The minutes of the last meeting were read and on motion of Councillors Wickens and Elliott were adopted.

Wilfred Forestall interviewed the Council about boundary line road along lot 16, Huntingdon and Madoc.

Hagerman-Jones—There being no traffic on said piece of boundary the road be closed and W. Forestell put a gate across same until such time the Council orders removal of same. Carried.

Nathan Reid interviewed the Council about condition of 7th concession road along lots 7 and 8.

Jones - Elliott — That Nathan Reid put 50 yards of gravel on said road at 40 cents per yard. Carried.

Wickens-Elliott—That Council go into committee of the whole on by-laws, with the Reeve in the chair. Carried.

Bylaws for colonization road work were read for the third time, signed sealed and numbered respectively.

Council adjourned for Court of Revision.

Court of Revision closed at 5 p.m. and Council resumed to general business.

Hagerman-Elliott—That the tax collector's roll be closed on this date June 4, 1935, and the collector proceed to collect all outstanding taxes at once. Carried.

Elliott-Wickens—That the following bills be paid: J. Danford, 1 sheep killed, $5.00; Ambrose Emerson, $8.95, bridge covering, $17.90; William Clements, $5.45; Councillors pay, $15.75.

Hagerman-Elliott—That the Council adjourn until Monday, August 5th, at one o'clock, p.m. Carried.

S. J. Kilpatrick, Township Clerk.

ROLLINS FAMILY HOLD RE-UNION

The Rollins' Reunion will be held this year at Cooper on the grounds of the United Church on July 24th.

MEETING OF TRINITY W. M. S.

The W. M. S. of Trinity United Church met for the June meeting on Thursday last at the home of Mrs. J. C. Smith with a splendid attendance of members and visitors.

The meeting was in charge of Mrs. T. E. Burnside. After the opening hymn the scripture lesson was read by Mrs. M. Fox and the devotional leaflet based on Matthew 16:24 was read by Mrs. W. Harris and prayer was offered by Mrs. J. Henderson.

Mrs. Rivers then conducted a short business period. Mrs. V. Jack was appointed press secretary for the remainder of the year.

Mrs. Dafoe gave many helpful thoughts from the Branch meeting, touching on the various departments of work. An interesting synopsis of the sixth chapter of "Builders of the Indian Church" dealing particularly with the work of William Carey, was given by Mrs. Wickham. Mrs. M. Bristol then led in a helpful temperance program assisted by Mesdames Howell, Lowery, Hamm and Fleming. The members were urged to make definite daily prayer for this great cause. An interesting story, "A Challenge to Youth," was given by Mrs. Fair, and the program concluded with a poem, "Tit for Tat," by Mrs. Jack.

A hymn and the Mizpah benediction closed the meeting. The social half hour was much enjoyed. Mrs. Lowery and Mrs. Harris were assistant hostesses.

The July meeting will be held at the summer home of Mrs. S. S. Ashley at Moira Lake.

MEETING OF ST. PETER'S W. M. S.

The regular monthly meeting of the W. M. S. of St. Peter's Presbyterian Church was held at the home of Mrs. Russel Lewis. The meeting was opened by singing hymn No. 386 after which Mrs. McCaffrey gave a short address on the "Power of God" aiding our feeble efforts in the work and citing as examples "Moses and His Rod" and the mighty acts performed by Moses and his rod plus the power of God. She also mentioned David and his staff. The lad with his few loaves and fishes plus God's power feeding five thousand and several other scripture characters. She urged all to take what they had in hand and use it for God, assuring us the results would be great.

Following this Mrs. Hunter led in prayer. The secretary gave the minutes of the last meeting. Mrs. Curry gave the treasurer's report. Collection amounted to $5.00; Easter offering, $21.35. The sick and visiting committee reported nine calls made on the sick during the past month.

The next meeting will be held at the home of Miss Ellis. Miss Danford, a returned missionary from China, gave a most interesting and instructive address on missionary work in China, telling of the hardships and difficulties and also the successes of missionary workers in China.

The secretary extended Miss Danford a hearty vote of thanks by all standing, for her very excellent address. The meeting was closed by singing a hymn.

MARRIAGES

BROWN—WALKER

On Monday morning, June 3rd, in St. Carthagh's Church with Nuptial Mass by Very Rev. J. P. O'Riordan, was solemnised the marriage of William John Brown, eldest son of Mr. and Mrs. Walter Brown of Sulphide, and Ruth Ellen Walker, second daughter of Mr. and Mrs. Russell Walker, of Madoc. They were attended by Mr. and Mrs. Rene Lalonde, Tweed. Mr. and Mrs. Brown will reside in Sulphide.

NURSE IS PRIZE WINNER

Among the prize winners for nurses at the Kingston General Hospital we notice the name of Miss Ruby Evelyn Spencer, of Madoc, who was awarded a medal for general proficiency, presented by Mrs. W. R. Belcher.

Mr. and Mrs. Tobin were guests of Mrs. Ryan at Holloway last week.

Y. P. S. IN CHARGE OF SERVICE

On Sunday, June 1st, the Eldorado and Union Young People's Society had charge of the service in the absence of the pastor. Mr. Vernon Strebe, president, presided and opened the service with a sing-song of old familiar hymns and quiet music, with Mrs. A. Harvey acting as organist. The 19th Psalm was read alternately. Miss Annie Holmes offered prayer. A solo, "Dear Lord Forgive," was very feelingly rendered by Mrs. Bert McCarey. A story, "Her Roadway," was given by Miss Florence Walker and was much enjoyed. Mrs. Albert Harvey gave a very enjoyable solo, "I've Been Alone With Jesus." The guest speaker was Mr. John Bristol of Madoc, member of the Boys' Parliament, who was present and gave a very helpful and interesting address, using as his text, Luke 2:52. The theme was "Youth and the Present Crisis."

The singing of a hymn brought the meeting to a close.

BOWLING

The bowling season was officially opened on Wednesday afternoon of last week when twenty local bowlers took part in a jitney tournament. In the absence of the president, Mr. H. Bailey, Dr. Wyper, vice-president, welcomed the new bowlers to the Club and outlined the coming season. Men's singles, doubles and rinks scheduled games will be played. Prizes for the jitney were won by the following:

Ladies—Mrs. T. L. Nickle and Mrs. Rupert.

Men—Mel. Caverly and Dr. Wyper.

On Monday night the first of the men's scheduled games was played as follows:

Ross, Wedlock, Caverly and Gunn, skip, defeated West, M. W. Connor, Wyper and Scrutton, skip, 10-9.

K. Nickle, Cochran, S. Ashley and Keller, defeated Metcalf, Rutherford, Dafoe and L. Ashley, 16-5.

In the second game Keller's rink defeated Gunn's rink 10-7 and L. Ashley's defeated W. Scrutton's, 10-9.

COLLECTION OF CURIOS

For the afternoon tea for adults at the home of Mrs. J. McCaffrey on Wednesday, June 19th, a very fine collection of curios has been secured from nearly every country in the world, including Japan, India, China, Egypt, South Africa Jerusalem, Mexico, British Guiana, South Sea Islands, Switzerland, etc. Pieces of pottery from a great many countries will be on exhibit, also some musical numbers will be given in the afternoon. The evening entertainment is for adults and children.

IN MEMORIAM

PHILLIPS—In loving memory of Edward G. Phillips, who passed away on June 9, 1933.

For years we journeyed together,
Heart to heart and hand in hand,
Though you were first to journey
To that bright and better land.
Will you watch and wait my coming
When my lonely life is o'er?
Will you come and meet me, daddy,
When I reach that silent shore?
Ever remembered by wife and family.

CARD OF THANKS

Mr. and Mrs. Oscar Pigden and family wish to thank their many friends and neighbors for their many acts of kindness during the sudden illness and death of their little daughter Muriel.

DEATHS

COOPER—In Kingston General Hospital, on Monday, June 10, 1935, Rachel Revoy, widow of the late John Cooper, aged 85 years, 10 months, 5 days.

BIRTHS

FORESTELL—On Monday, June 10, 1935, to Mr. and Mrs. Wilfrid Forestell, a daughter.

MOTORCYCLIST INJURED

Carman Roy, farm employee of Mr. John Smith, was badly injured about seven o'clock on Monday evening as the result of an accident when the motorcycle he was riding was in collision with a gasoline truck from Belleville. Both the truck and the motorcycle were travelling east on St. Lawrence street when the accident occurred. As Mr. Roy was about to pass the truck it turned north on Nelson street, striking the motorcycle and injuring the young man. He was attended by Dr. Eagleson and later taken to Belleville General Hospital suffering from a compound fracture of the leg which may necessitate amputation.

Mel. Caverly

TO OUR ELECTRIC LIGHT AND POWER USERS

We would like to again remind you of the reduction in your rates. We have made this possible in the face of very strenuous opposition from the powers that be. We have found it necessary to adopt some system in our billing and collecting and have set our office hours from 9 a.m. to 12 and from 1.30 to 6 p.m., except Sundays and legal holidays. All bills are subject to 20 per cent discount if paid on or before the 20th of the month in which they are due.

We have a system here of which we are very proud, it being the envy of all our surrounding municipalities and we ask your cooperation that we may maintain this high standard.

Thanking you, we remain,

MADOC H. E. P. C.,
FRANK SMITH, Chairman.

Announcement !

I wish to announce that I have opened a new blacksmith shop back of Hulin's Garage and respectfully solicit your patronage.

HERE AND THERE

Of course married men are more successful, the turtle could not climb a tree until he had to do it.

Life evens itself up fairly well. All of us have relatives that we are ashamed of, and also relatives who are ashamed of us.

We thought it was funny that anyone should think us foolish enough to send us a dime chain letter and how the fire roared when we chucked it into the stove.—Deseronto Post.

Are you a stationary sort of person or do you reach out for better things? The business man, the farmer, the worker, who just stands still in his tracks, satisfied with what he had yesterday, and trying merely to keep that has no reason to feel any great confidence in the past for him. The world moves too fast for him. The business concern is particular, must constantly reach out for new trade. Old customers move away, some of them pass away, and people's habits change and they go around from place to place to buy things. A concern needs to advertise, to hold its own in the changing world, and it must advertise more and more to make gains.

If the next war were to be between ships and between armies in the field or entrenched in the earth, wars would no doubt be now raging. New terrors await the opening of war and nobody can measure them. Even the ablest of statesmen, their children and grandchildren might perish in an hour and their homes be destroyed. The thought is most discouraging to statesmen. In the old days when brave youths to the flaunt of banners and the beat of drums volunteered to be shot for the honor of their country there was something fine and heroic in the loyalty and valor of it all, but it is a bit different now. A war will not be fought at a front with only soldiers present. The enemy will largely ignore armies—they will swoop on the great cities from the air and blow them to pieces. It is not easy to advocate or invite such warfare.—Toronto Star.

YOU TAKE YOUR CHOICE

The reputation of at least one Ontario weather prophet is going to be gone before the summer has run its course. A Fergus editor has predicted the worst drought in years in Ontario while a Sudbury minister, using the stars as a basis for his forecast, says that there will be plenty of rain this summer.—London Free Press.

THE TEST

Many a man carrying life insurance wonders whether his wife has sufficient business judgment to handle the money in the event of his death — whether she could resist the smart salesman who inevitably tries to sell doubtful gold and oil stocks, and all other glittering investments, to widows who suddenly find themselves with ready cash on hand.

Well, how about judging her by her attitude towards chain letters, which assure her—guarantee her—that a lot of persons she never heard of will send her $1,562.00 if she will send one of them a dime?

BUSINESS SUCCESS

There is altogether too much nonsense talked about business. The world is full of theorists, men who can tell others how a business should be operated, but who have never been able to make a success of one themselves. To conduct a business successfully three things are essential: money, ability and a tremendous capacity for hard and strenuous work. It is the last of the three which contributes the greatest part to the success of a business, but it is a wise combination of the three which provides work for hundreds of thousands of men and women all over Canada.—Kingston Whig-Standard.

BATHERS BEWARE

With warm weather approaching it is time to warn bathers and boaters once again the danger of drowning.

One is apt to regard motor accidents as the most prolific cause of death, but while the automobile continues to lead the list of fatal accidents, it must be borne in mind that drownings are limited almost entirely to four months of the year. There are figures to show that the swimmer, the non-swimmer and the boater are exposed to greater danger than the motorist, when one considers that there are thousands more people riding in cars during a whole year than there are people on or in the water. According to figures issued by the Ontario Safety League, of a total of 512 fatal accidents in Ontario in 1934, swimming, boating and diving fatalities numbered 2993.

Now is the time to warn non-swimmers to never venture into deep water, to warn swimmers to beware of water holes and undertows, and to warn those who like boating to be ever careful of changing winds, and above all, to learn how to properly manage a canoe.

DIMES AND MORALS

The mathematics of the chain letter are so simple that it is hard to see why here and there a skeptic remains unconvinced. A man writes his name at the bottom of four other names and the chain letter starts. When his name has reached the top, other people begin to send him dimes or quarters or dollars, as the case may be, until he has received 15,625 such contributions.

But what do these 15,625 contributors get out of it? Well, all that is necessary is that each of them shall receive in turn contributions from 15,625 persons, for which we merely need a United States population of approximately 250,000,000 souls. And since it would be manifestly unjust for these new contributors to be left holding the bag, we need only arrange that every one of them in turn receive a dime or a dollar from 15,625 other cheerful givers. This can be managed as soon as the population of the United States is approximately 4,000,000,000,000 souls, or not more than 2,000 times the present population of the earth.—New York Times.

HIGHWAY COURTESY

Considerable stress is placed on the need for more courtesy on the highways by a United States judge who claims that if consideration for others had governed the operation of all motor vehicles in that country, three-fourths of last year's motor accidents would not have happened.

Courtesy on the road is more conducive to safety than many of us realize. When one considers what courtesy is and does, the truth of that statement becomes more apparent. Courtesy rules of the road are:

Courtesy is the antithesis of greed.

Courtesy obeys all laws and regulations enacted for the common safety of all drivers.

Courtesy is never reckless to the point of endangering life.

Courtesy does not hog the road in and out of traffic unnecessarily.

Courtesy drives on the principle of live and let live.

Strange to relate, some individuals who are very polite when you meet them at a social gathering or on the sidewalk can be the very opposite once they get behind the wheel of a motor car. Why this is so, is rather difficult to explain.

Maybe the thrill of holding the wheel and stepping on the gas causes them to forget their good manners. If so, they should put a sticker in front of them on which is printed large, red letters: "Courtesy and Safety Go Hand in Hand."

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

June 11, 1885

Capt. W. S. Volume has been authorized to secure a number of recruits for the North-West Mounted Police.

At the Village Council on Saturday a plank walk was ordered from Mr. Geary's residence to the corner of Mr. Whytock's property.

Loyal Orange District No. 2 will celebrate the 12th of July by a monster picnic at Queensboro in aid of the Methodist and English churches of that place.

The question of railway extension is being discussed. Thursday the business men held a meeting re connecting the C. O .R. and Grand Trunk at Eldorado and also for extending the C. O. R. from Coe Hall to Bancroft.

A petition was signed by the business people and forwarded to the Postmaster General asking for a mail service daily from this village to connect with the C. P. R. at Ivanhoe.

Messrs. Smith and Vandervoort have disposed of their lease of the skating rink to Mr. G. H. Brown. Mr. E. A. Seymour will have the management of the Niagara.

On Saturday a four-mile race was run at Coe Hill between William Ham, late of this village, and Joseph Rollins, for $10.00 a side over a sandy road. The race was won by Ham in 25 minutes.

Mr. A. Love was received on trial as a candidate for the ministry at the Methodist Conference held last week.

In a few months it is expected trains will be running from ocean to ocean over the Canadian Pacific Railway.

The British forces are retiring from the Soudan.

County Council met in Belleville on June 2nd with S .T. Wilmot as Warden. It was moved that a Farmers' Institute be established in Madoc.

TWENTY-FIVE YEARS AGO

June 9, 1910

Hon. C. W. Cross, Attorney-General of the Rutherford Cabinet, was tendered an immense demonstration by the citizens of Edmonton.

A citizen of Marmora was surprised to find a four-months'-old baby on her doorstep on Monday morning.

The Gilmour Mining Company have again started work at the gold property in Grimsthorpe.

A pretty wedding was solemnized on May 4 ,1910, when Violet Jane Fox became the bride of Mr. Charles Stoddard, of Paradise Valley.

Miss Donella Cross, a Fresno girl, cousin of Mr. Thomas Cross, of Madoc, is among the graduates at Stanford University and also is one out of 13 to be elected to membership in Phi Beta Kappa.

Rev. C. Melville Wright has received a call to the far West at Fort George.

Died—In Toronto on June 2, 1910, Mary, youngest daughter of Mr. and Mrs. John Sherman, aged 2 years.

Mr. W. C. Sills has organized an orchestra in connection with the Sabbath School with the following members: Mr. James Aylesworth, Miss Aileen O'Hara, Miss Mabel Reid, Mr. W. H. Sills.

Mr. S. Bruce Vankleek, barrister, leaves Madoc on Monday for a trip through the Western provinces.

Capt. Wallbridge is enrolling a fine lot of young men to fill the ranks of No. 4 Company, 49th Regiment, for camp this year.

Miss Aurilia Francis, a former Madocer, was one of the graduating class of the Battle Creek Sanitarium on Thursday.

The Council is building a new bridge over Deer River on Livingstone avenue.

FIFTEEN YEARS AGO

June 10, 1920.

The first Canadian motion picture drama will be produced at the Empire Theatre on June 25th and 26th with scenes from Porter's Picnic at Marmora and also scenes from Trenton.

The G. W. V. A. celebration on June 3rd was a great success. 75 floats were in the calithumpian parade. Uncle Sam and John Bull were represented by Tom Caverly and Geo. Wright. Baseball games, basketball games, tug-of-war and a concert in the evening were among the attractions. Proceeds for the day were $750.00.

The home of Mr. Duncan McBeath was the scene of a happy event on Wednesday when their daughter, Katharine, was united in marriage to Rev. B. Douglas Armstrong.

A number of our citizens attended the circus in Belleville yesterday.

Messrs. W. H. Kelly, John Smith and Robert McGhee are in Belleville this week serving on the jury.

RECEIVES LETTER FROM THE KING

Miss Keitha Stapley of Madoc Junction, sent a letter to Their Majesties the King and Queen extending congratulations to them on their Silver Jubilee, and also stating that while they would be celebrating the Jubilee in England on May 6th, she would be celebrating her sixteenth birthday in Canada. Last week she was pleased to receive the following reply:

Buckingham Palace.

The Private Secretary is commanded to convey to Miss Keitha Stapley the King's thanks for her kind message of congratulation and good wishes on the Silver Jubilee of His Majesty's accession.

23rd May, 1935.

REGIMENT WILL CAMP AT PICTON

Hastings and Prince Edward Regimental Camp will be held at the Fair Grounds, Picton, for six days during the month of August.

At the town council meeting on Tuesday night of last week, Lt.-Col. E. A. Adams, Capt. G. T. Walmsley and Capt. James Inrig appeared as a deputation requesting use of the buildings on the grounds and that the town provide water and light.

It was stated that from 225 to 250 all ranks would be under canvas, about fifty more than last year, and it was reasonably estimated that about $2,000 would be expended in the town on account of the camp. Other towns in the area were anxious to have the militia camp, and had offered similar facilities. The Council granted the regiment's request.

NEGRO PREACHER AT LAST WEAKENS

Daniel Young, 60, itinerant negro preacher, of Omaha, Neb., has been running away from a $250,000 oil well fortune since last January but now he has weakened and allowed George D. Pollock, of Dallas, Texas, to act as his attorney.

But Young still insists he is not the missing heir, Cabe McElroy, who fled from Texas forty years ago, when he thought he shot a Ku Klux Klan member. He is still positive he will not return to Texas except by proxy, although an Omaha police official promised to act as body guard to the Southern State and assure him a safe exit.

C. L. Lee, Henderson, Texas, negro and boyhood friend of McElroy, already has identified Young as the missing heir.

Since last January friends tried to get Young to claim the estate. He said: "I'm a Christian man and I can't crash heaven under nobody else's name."

ARCHITECT'S WIDOW IS FREED

The body of Mrs. Alma Rattenbury, acquitted in Old Bailey in London five days ago of charges of complicity in the mallet murder of her husband was found on Thursday in the River Stour, which flows through Whitechurch, England.

Mrs. Rattenbury only Wednesday left the nursing home to which she was taken for treatment at the close of her trial.

Her chauffeur, George Stoner, 19, with whom she admitted intimacies, was convicted and sentenced to hang for beating the 67-year-old Rattenbury and inflicting injuries which caused his death.

It was learned Mrs. Rattenbury who wrote songs under the name Lozanne, sent a letter by special messenger to Stoner in prison.

The scene of the drowning was not far from Bournemouth where the Rattenbury home is situated and where the murder was committed.

A FARMER'S LUCK

A despatch from Dundalk, Ont., to a Toronto paper, says: "Hardluck has been doging R. Osborne of Wareham. His daughter has been seriously ill in a Toronto hospital. His wife was thrown from a buggy and badly shaken up. In the mix-up the vehicle was damaged and the horse hurt. During this time Mr. Osborne was "batching it" and making maple syrup. One boiling of maple syrup burned and was no good. As if this were not enough, the fire from his camp ignited a cedar stump nearby and burned the cross-cut saw. Upon extinguishing the fire, Mr. Osborne came up to his barnyard only to discover that a large brown hawk had killed a number of hens. He set a trap and caught the hawk. The bird was shipped to Riverdale Park, Toronto."

OBITUARY

MISS REBECCA ROBINSON

The funeral of the late Miss Rebecca Robinson, who passed away in Calgary, Alberta on Thursday, May 30th, took place on Thursday afternoon from the residence of her sister, Mrs. Ella Way at Thomasburg, to the United Church in that village and was very largely attended by relatives and friends. The service, which was conducted by the Rev. H .B. Herrington, was very impressive and in his remarks he referred to the many fine traits of character possessed by Miss Robinson and the great service she had rendered by devoting her life to the teaching profession; her influence upon all with whom she came in contact was for good.

The choir of the church rendered suitable music.

At the conclusion of the service the funeral procession proceeded to the Thomasburg cemetery where interment was made, the service at the graveside being conducted by the same minister. The bearers were all former school associates of the late Miss Robinson and were Messrs. William A. Morton, Albert Porter, Melburns Adams and Irvine Bateman of Thomasburg and George Clare and Benjamin Morton of Moira.

Miss Robinson's parents were the late Mr. and Mrs. Matthew Robinson and she was born in Thomasburg 57 years ago. For twenty-five years she taught in the public schools at Calgary and held the responsible position of principal of one of the schools. In the city of her adoption she was well known and most highly esteemed.

Surviving her are five sisters, Mrs. James Albert Beatty of Chapman; Mrs. John F. Lawson, of Orillia; Mrs. Edward Way, of Thomasburg; Mrs. Percy Westover, of Frankford; Mrs. Ella Way, of Thomasburg; three brothers, George A. Robinson, of Tweed; William E. Robinson, of Minneapolis; Minn.; and John Robinson, of Stratford, Ont. All of these were present at the funeral.

It is a fact worth noting that ten children of the family of the late Mr. and Mrs. Matthew Robinson grew up and that for over 55 years there was not a death in the family of children. In October, 1933, Mrs. Joseph English, the eldest sister of the late Miss Robinson, passed away at an advanced age.

APPEAL FOR STONER SOON TO START

Immediate steps to organize a petition for a reprieve were taken on Saturday by counsel for George Percy Stoner, 18-year-old chauffeur, sentenced to death for the murder of Francis Mawson Rattenbury.

Stoner's co-defendant, Mrs. Alma Rattenbury, was acquitted and freed.

The question of an appeal against the verdict for Stoner is also being closely considered, it was stated. The defence contention was although he admitted striking the aged architect a blow which caused his death. Stoner was insane at the time through drugs and jealousy of the husband of his admitted mistress.

RABBIT HURLS SELF THROUGH GLASS OF CAR

Any hunter can chase jack rabbits but it takes skill to make a rabbit chase itself into the cooking pot.

Mr. and Mrs. A. McIntosh of Toronto were motoring along the Brantford highway when a rabbit hurled himself through a closed window, showering glass in every direction.

"Being Scotch," said Mr. McIntosh, "we promptly seized the rabbit and took it home where he finished up on the dinner table."

A wireless message to the American Red Cross at Denver said sixteen persons were killed in a tornado that struck McCook, Neb., at about the time the city was hit by flood waters on Friday.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Early Sweet Corn

Early sweet corn brings the best price, hence the importance of planting as soon as possible. Successional sowings made at intervals of ten days in the same field are a good way to get early corn. Should the first planting succeed the second or third plantings, may be hoed out, or if the first plantings be killed by frost the third or fourth planting may develop unhampered.

Weeders

Possibly one of the most satisfactory implements for the control of weeds in a growing grain crop is what is known as the finger weeder. This implement consists of a series of long slender teeth which form a very light harrow. The finger weeder may be used to advantage on annual weeds, shortly after germination, both before and after the grain crop has emerged and until the crop is some two to four inches high.

Farm and Home Week at the Ontario Agricultural College

Information, Inspiration and Recreation will feature the Farm and Home Week program at the O. A. C., June 18th to 21st, and the many thousands of farm folks who visit the College at that time will be sure to find the usual hearty welcome. While probably most of the visitors will be able to spend only a day, those who can should remain for two or more days so as to absorb as much as possible of the three "'ations" mentioned above, and to do it without hurry or fatigue. The rooms are comfortable, the meals good and the cost very low.

In the daily parade of fine live stock, the famous Clydesdale stallion, "Craigie Realization" (recently arrived from Scotland) will be an outstanding attraction since he is said to be the best Clydesdale ever brought to Canada.

There will be much of interest in the field crop experiment grounds and in the vegetable and flower gardens.

The campus with its broad stretches of smoothshaven lawn, its beautiful trees and many kinds of flowering shrubs, and its many hundreds of varieties of blooming roses, will be an uplift in itself, especially to lovers and sweethearts, but to common people as well.

An excellent program of demonstrations is being arranged for the ladies, and there will be interesting exhibits in other departments of the College, relating to plant diseases, insect and weed pests, fertilizers, farm machinery, honey and dairy products, etc.

Provision will be made for playing softball and horseshoes late in the afternoons, and there will be evening entertainments of music and dramatics.

Those who have been at the College before will enjoy it more than ever, and those who go for the first time "will surely get an eyeful."

Don't Forget the Garden

Thousands of families throughout the country are planning now to use the available garden land to provide food. If people on the land would consider the number of meals that must be prepared during the year and estimate the actual earning power of a garden, more and better gardens would be planted in order to provide a continuous supply of summer and winter vegetables. A garden of one-quarter to one-half an acre in extent, properly cared for, will provide enough vegetables for an average family.

Timothy Seed Production

In the past five years Canada's position in regard to timothy seed supply has been changed from that of a heavy importer to that of a large producer, with production in 1934 amounting to almost enough for Canadian needs. This is particularly fortunate at the present time when there are only small supplies available for importation from other countries, owing to their greatly reduced production as a result of drought in 1934.

Timothy seed production in Canada has increased from a few hundred thousand pounds in 1929 to more than five million pounds in 1934. The importance of last year's Canadian crop is not alone because of volume for the price per pound to the grower is about 16 cents. This is twice the average price for the five years previous when the world production was normal. This rapid development and increase of the timothy seed industry in Canada could not have come at a more favourable time for the seed growers. Even greater production may be expected in Canada this year but there is still ample room for further expansion, as any surplus seed produced in Canada finds a ready market abroad.

Honey Producers to Organize for Marketing of Products

"Potentially there is no group in farm industry so favourably placed as the beekeepers of this Province to organize their marketing of honey," said W. B. Somerset, Ontario's Commissioner of Marketing.

"Every beekeeper in the Province is registered under the Provincial plan for disease control. There are some six thousand producers in Ontario but considerably less than one thousand produce a volume large enough to sell outside their own community and only a very relatively few are carlot shippers.

Crops are easily estimated but are subject to fluctuations as to seasonal conditions. Markets are ascertainable but badly regulated. The whole crop is usually forced on the market at the end of the production season whereas the product is consumed gradually all through the year and the best consuming period is months later than when the crop is sold.

"Some years ago Ontario supplied all Canada with honey and marketing problems were less difficult. Now Western Canada produces enough for its own needs and is looking for other markets. Organization for export has become essential. Disorganized and competitive offerings abroad are fatal to regulated shipments or fair prices.

"Some two years ago the beekeepers of the Province made real progress in collectively organizing to sell on the export market through one channel and in a uniform manner. The crop that year was not only cleaned up at prices that were highly attractive in view of today's quotations but an accumulated and embarrassing surplus from preceding seasons was also sold out. Last year with an estimated short crop which turned out heavier than expected and freed from the former glut the industry allowed the movement to break up into a dozen different overseas channels and export as a result, has now slumped back into the cutthroat conditions which proved so ruinous three or four years ago. Latest overseas bids are reported to be 35s per long hundredweight, which, with bare costs off alone and allowing nothing for commissions, means less than 5c per pound to the producer at shipping station, as compared with the 8 1-2c and 9c obtained two years ago through their own voluntary Export Association.

"Now the beekeepers propose to re-establish their overseas effort and to accomplish unity are asking for powers under the Natural Products Marketing Act to establish their own local Commodity Marketing Boards to regulate all export shipments through one channel. Included in the scheme are proposals to finance themselves and promote larger domestic consumption of honey.

"Honey is one of Ontario's large cash crops. In 1934 production was approximately 12,000,000 pounds. Of this total roughly 2,250,000 pounds were exported to Great Britain and Holland and another 1,500,000 pounds sold outside Ontario but within Canada. The balance, somewhat over 8,000,000 pounds, is consumed within the Province."

CLOCK TICK IS A UNIVERSAL LANGUAGE

Time is a universal language. As a case in point 3,000,000 German clocks ticked their way into the United Kingdom, in 1933, alongside their 11,638 Canadian competitors. The tick is the same in all languages, Japanese, German, English, Swiss—sixty seconds to the minute*, 60 minutes to the hour.

ATTEMPTS TO WALK CHANNEL

Friedrich Walther, a German-Canadian, formerly of Windsor, Ont., left Griz Nez on Saturday morning in an attempt to "walk" across the English Channel on his water skis. He was accompanied by a motorboat. The sea was calm and the weather fine as he started out.

STARLINGS STEAL MAIL FROM ROADSIDE BOXES

For some time there have been complaints as to mail missing from mail boxes on some of the routes going out of Bath and it has been found that the starlings were the cause of all the trouble. These birds, which are plentiful in the Bath district, have evidently visited the mail boxes and taken out letters, and in some cases have built their nests in mail boxes.

FOUR GIRLS CAUGHT AT NORTHRUP HOME

Juvenile bobbed hair bandits or rather house-breakers were discovered in Belleville one day last week, when police investigated a complaint of breaking and entering the Northrup home on North Front Street. Following information received from Mr. T. Mason, the caretaker of the premises, the police apprehended four young girls, all under the age of fifteen years, endeavouring to enter the home. The girls were found trying to pry boards from an outside window through which they expected to gain entrance to the building. What their objective actually was the police were unable to find out, however.

Numerous reports of persons breaking and entering the Northrup home had previously been received by the police, but no connecting link could be established until last week when the four young girls were caught trying to gain entrance to the home.

A STRIKING AND PROFITABLE

OFFER FOR YOU

THE NORTH HASTINGS REVIEW

and

THE FAMILY HERALD AND WEEKLY STAR

Both together for only

$2.00

Here is a combination offer which every reader should profit by.

By subscribing through this attractive combination offer at $2.00 you are afforded a clear saving of 50 cents, a saving well worth considering at this time.

THE REVIEW, which no resident of this locality can well afford to be without, brings you in touch with everything of importance in this vicinity.

THE FAMILY HERALD AND WEEKLY STAR, the national rural magazine and farm paper of Canada, brings you the up-to-date in farming and horticultural news, a weekly magazine of fine stories and special articles and a digest of all news of importance—Canadian and world-wide.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT BACKWARDS—IT GIVES YOU THE SAME, SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You ToBuy In Order To Save

NORTH HASTINGS W. I. CONVENTION

The District Annual Convention of North Hastings was held in St. Andrew's United Church, Marmora, on Tuesday, June 4th, with an attendance of over ninety delegates and visitors.

Cashel branch was not represented but their report was sent.

The morning session was opened by singing "The Maple Leaf." The District president, Mrs. James Bailey, was in the chair, but the district secretary, Mrs. T. L. Nickle, was unavoidably absent. Mrs. Ross and Mrs. Hill of Madoc, auditors for the past year, acted in her capacity. The minutes of the last annual held in Madoc were read by Mrs. Hill and accepted.

A warm and hearty welcome was extended to all by Rev. C. W. Hollingsworth, pastor of St. Andrew's Church. Mrs. Harry Parnell of Eldorado, replied to the address, concluding her remarks with a beautiful verse.

Miss Hopkins of Lindsay, was called on for a few remarks. She was on her way to Stirling to attend a girls' training school and said she could not pass without spending a few minutes. Briefly she touched on local leader work and the work accomplished. The class members are to make a cotton dress and keep a record book. The prizes are trips to Peterborough and Belleville Fairs.

The district financial statement was read by Mrs. Ross showing total receipts from members' fees $83.00; grants $67.00, cash on hand $420.96; miscellaneous $708.27, a total of $1,279.23. Expenditures: expenses for meetings, $8.75; officers' salaries and expenses, $89.00; postage and stationary, $14.25; printing and advertising, $74.23; lecturer's expenses, $12.60; miscellaneous, $895.83. Balance on hand, $384.56. These figures represent the combined statements of the branches and were accepted on motion of Mesdames Ross and Hill, auditors.

As no chairmen of standing committees were appointed at the last annual the secretaries of the local branches gave reports and papers including "Evolution of Agriculture From the Early Days," "Pioneer Days of Our Country," "Window Draping," "Paper Making," "Packing Apples," "Care of the Teeth," "The Place of Milk in the Diet," "Lecture on Cancer," "Trays for the Sick Room," "Etiquette in the Sick Room," "Why I Belong to the Institute."

Cashel helps the needy and hopes to build a hall. Madoc donated prize money to the Fair, gave a float for sports day, donated a flag for opening of High School, supplied benches and table to the park, donated 1 dozen linen towels to the Dafoe Hospital, and $5.00 to the cancer fund. Springbrook reports mottos for each meeting. One of their girls won a trip to the C. N. E. and were also represented at Peterboro as a team. Rylestone donated money to the cemetery fund, gave school kits and school fair prizes.

At this point the president decided to conclude reports until the afternoon session. Mrs. Murphy of the Federated Board was asked for a few remarks. Her remarks were suggestions from the Board, i.e.: (1) That the signatures of both the secretary and the president be used on cheques for both the branch and district.

(2) That the convener on peace be appointed for peace education.

(3) That the district executive plan the district annual so as not to have two conventions on the same day.

(4) That two or more branches combine to be addressed by the district representative.

(5) That for the betterment of the Women's Institute an officer shall not hold office for more than six years.

The session was dismissed for dinner which was pleasingly served by the ladies of the church.

The afternoon session was resumed at 1.30 with the Institute Ode and "The Little Brown Church in the Vale." The reports were continued. Ivanhoe reported a donation to the Christmas tree fund, also a baby show at which prizes were given. $15. is donated yearly to the public library. Bannockburn gave a miscellaneous shower to a family moving to the community. The woodchuck contest is again conducted, quilts and clothing are donated to the needy. Wellman's donated a case of eggs to the Children's Shelter. As they have only eleven paid members their aim is to have fine meetings rather than raise money. Marmora, with an attendance of 24 paid members, donated $50.00 to the public library. Floral tributes and condolence cards are sent to bereaved families.

Captains of roll call were appointed. The losing side entertains the winning side at the end of the year. A street dance was held and half the proceeds were given to the Agricultural Society. A grant of $7.00 was given the Agricultural Society. A layette was made and donated. Receipts, $196.21. Cooper and Remington supplied refills for school kits, a 10-day short course with an average attendance of 27 members was taken. Prizes were given to the two most efficient pupils in the two schools in the branch. Donations were given to the Shelter and to the needy.

Madoc reported a girls' class of 24 who took coaching class. Many other branches have the girls do some definite part of the work.

Miss Saunderson of Marmora sang "In the Time of Roses," with Miss Taft as accompanist. Mrs. James Bailey, the retiring president, thanked the members for their support in helping her to carry on for the past three years. Miss Slicter of Toronto, was called on to conduct the election of officers. Rev. Hollingsworth and Mr. J. Wilson acted as scrutineers.

Officers elected are as follows:

President—Mrs. Earl Clancy, Wellman's.

First Vice-President—Mrs. J. C. Sills, Ivanhoe.

Second Vice-President—Mrs. Rutherford, Rylestone.

Secretary-Treasurer—Mrs. Kenneth Bateman, Eldorado.

Federal Representative—Mrs. Jas. Bailey, Eldorado. Alternate, Mrs. W. J. Barlow.

Auditors—Mrs. John Gawley, Eldorado and Mrs. Harvey, Eldorado.

Mrs. Murphy spoke on the purposes and aims of the Federation. Thirty new branches have been organized since the new superintendent assumed office. Five hundred dollars has been donated by the Board as a grant toward the publication of Home and Country.

The Department speaker, Miss Slicter of Toronto, explained the new co-operative program. Each branch was asked to send a delegate to Madoc to attend an executive meeting to decide between local leadership, or five-day short courses. This meeting will be held on July 2nd.

Mr. Wilson, Agricultural Representative, in a few remarks dealt with the question of girls' classes. Prizes will be awarded at Belleville for the clothing project on county achievement.

A hearty vote of thanks was tendered Marmora Women's Institute and all who assisted in making the convention a success. Tribute was also paid the retiring president, Mrs. Bailey, for the very capable manner in which her work has been carried on.

Springbrook extended an invitation to hold the next district annual in that village.

The convention closed at 4.30 by singing the National Anthem.

Among those in attendance from Madoc Institute were: Mrs. Robert Bristol, President; also Mrs. W. E. Connor, Mrs. Will Stewart, Mrs. J. Aylsworth, Mrs. Chris. Henderson, Mrs. George Hill, Mrs. Walter Ross, Mrs. R. Wellman and Mrs. Lindsay McCarey.

Miss Isabelle Benson, 22 years manager of the Niagara Falls Building Saving and Loan Association, appeared before Magistrate John B. Hepkins on Friday charged with stealing $31,000 from the association during the years 1934 and 1935. Without being asked to plead she was remanded until June 28th.

EXAMINATIONS

Departmental exams for secondary school students begin a week earlier this year. They start on June 17th and end on June 28th. The High School entrance exams will be written on June 22nd, 27th, and 28th.

The exams this year are changed in the Middle and Upper School departments. Greek and Spanish used to be written at the end of the examinations but this year Greek is the first paper on June 13th and Spanish comes on June 14th.

A change in the regulations will be carried out this year. High School teachers will preside over the pupils of their own respective schools but as can be arranged they will not preside over pupils trying their own particular subjects.

MYSTERY MONEY COMES TO CITIZEN

Mr. Paul Lalonde of Belleville, is still attempting to unravel the mystery of an unknown money donor who refuses to be identified.

A plain, white envelope, bearing only the cancellation stamp of Pugwash, (Nova Scotia) postal station, and enclosing a blank piece of paper with a folded one dollar bill was received by him recently. A previous letter received June 1st in terse typewritten sentences informed him that he would receive four of the letters, each containing one dollar or more, at regular intervals. No name or address of the donor was given.

"There is no catch to this. Put the money in your pocket when you get it," advised the unknown writer.

After considerable study of a map, Pugwash was located. "But I never heard of the place before," admitted Mr. Lalonde. "I haven't the faintest idea of who might be sending these."
—Ontario-Intelligencer.

MONEY FOUND IN ABANDONED CAR

Agents of the United States Government were hot on the trail of one suspect in the George Weyerhaeuser kidnapping case on Monday, while two alleged confessed members of the gang were in custody of agents at Salt Lake City, Utah.

The West's greatest manhunt broke wide open on Sunday night, when J. Edgar Hoover, director of the Department of Justice, announced at Washington, D. C., that Harmon W. Waley, 24-year-old ex-convict, and his 19-year-old wife, had been arrested in Salt Lake City and had confessed participation in the $200,000 kidnapping of the young Tacoma, Washington, lumber fortune heir.

A wide-spread search for William Mahan, also an ex-convict was centred at Butte, Mont., where he fled Sunday, deserting a motor car in which police discovered $15,155 of the ransom money. Mahan was recognized by J. E. Mooney, a city detective, but the suspect escaped when the officer was halted abruptly in his pursuit by a bulldog.

JUDGMENT GIVEN ON COOKE CASE

Judgment was given by Justice J. A. McEvoy at Osgoode Hall on the Cooke issue and is herewith given:

National Trust Company, Limited, H. C. Martin and Joseph Wickens, vs. Lillian B. Wallace and Albert Cooke —B. C. Donnan for National Trust Company Limited; Charles Cameron, for other plaintiffs; C. A. Payne, K. C., for defendants. Trial at Belleville. Issue directed to be tried as to whether a memorandum endorsed upon a statement showing the names of certain mortgagors indebted upon mortgages to the deceased, together with principal and interest owing on the said mortgages is a valid disposition of the arrears of interest set forth in the said statement, whereby the executor is bound, (b) whether the executor is bound by a memorandum as to reduction of rate of interest, and as to cancellation of arrears of interest.

Judgment: ". . . I am of the opinion that the memoranda in question cannot operate as a valid release of the arrears of interest on the mortgages and promisory notes in question (forming parts of the estate of the late Hon. J .R. Cooke) cannot operate as a valid release of the arrears of interest on the mortgages and promisory notes in question, or as a valid reduction of the rate of interest for the years 1933 and 1934, on the said mortgages. I would assess all parties' costs as between solicitors and client out of the estate."

General Alexander Von Linsingen, Commander of Germany's southern army during the great war and of the Berlin Garrisons, when the Imperialist regime was overthrown in 1918, died on June 7th of bronchitis. He was 85 years old.

PRESENTATION AND ADDRESS

At the regular meeting of the Trinity Ladies' Aid Society, Mrs. S. S. Ashley was in charge with a full attendance of members. After the regular business was concluded, Mrs. Rivers was presented with an autographed quilt and silver spoons as she is soon leaving for another charge. Mrs. Broad read the following address:

Madoc, June 11, 1935.

Dear Mrs. Rivers:

Our meeting together this afternoon is one of mingled feelings of pleasure and sadness. Pleasure at having another social hour with you and sadness at the thought that you are about to sever your connections with our Ladies' Aid.

During your sojourn here you have endeared yourself to us by your warm hearted and genial personality, your unfailing kindness in every hour of need, your interest in all that pertains to the social, and spiritual well being of our church.

These characteristics have made you a host of friends and we feel sure those same qualities will make you friends where ever you may go. We can not help but miss you at our weekly meetings, but we know that life is full of changes and every advancement means parting from old friends.

As a reminder of your many friends in our Ladies' Aid we ask you to accept these gifts and our best wishes for your future welfare, and hope that the blessing of God which, maketh rich and addeth no sorrow may be your portion is the wish of every member of the Ladies' Aid.

Signed: Mrs. S. Ashley, President; Mrs. George Huffman, Secretary.

Mrs. M. Maybee made the presentation and Mrs. Rivers replied in a very pleasing manner. A social hour followed and a dainty lunch was served by the members.

A. Y. P. A. PICNIC HELD

The annual Hastings and Prince Edward Deanery A. Y. P. A. picnic was held at Memorial Park in Tweed on Monday afternoon of last week. The following branches were represented: Stirling, Madoc, Tweed, Marmora, Roslin, Wellington, Belleville, Trenton and Picton. The afternoon was spent in games and sports which were followed by a basket picnic. In the evening the Tweed-Madoc branches entertained the visitors at a dance in the pavilion with the High School orchestra supplying the music. A delightful time was spent. Rev. W. C. Hope Swayne, Rector of St. James' Church, was in charge of the sports during the afternoon.

Mr. Carl W. Caskey has returned to Toronto, after having spent a couple of weeks with his parents.

NEW VALUE DODGE

Dodge "DU" 4-Door Touring Sedan

WITH ALL FOUR BIG FEATURES

- **HYDRAULIC BRAKES**
  Now more popular than ever. Your ride is safer and smoother with Dodge Time-proven Hydraulic Brakes. They bring you to a sure quick stop. There's equal pressure on all four wheels and no swaying or swerving. Dodge Hydraulic Brakes have been perfected through years of proving.
- **ALL-STEEL BODY**
  Dodge All-Steel Bodies have the strength and rigidity of steel reinforced with steel. Steel bodies won't warp, the doors won't sag, and there is nothing to rot or get loose. They are lighter too. Compare the shipping weight (2900 lbs.) of the Dodge DV four-door sedan with other cars.
- **FLOATING POWER ENGINE MOUNTINGS**
  Cushion the Dodge engine in rubber and stop engine vibration from reaching the body and passengers. They give you a quiet vibrationless ride. Take a Dodge Airglide Ride today.
- **WEIGHT RE-DISTRIBUTION**
  Pioneered in the Airflow cars last year. Now built into Dodge. The Dodge engine has been moved forward, the back seat is ahead of the rear axle. You ride right in the center of the car between the axles where the ride is smoothest. The Dodge body is suspended in ten-leaf springs made of soft flexible "Mola" steel. Ask us for a demonstration today.

MEN'S WEAR

LOCAL AND PERSONAL

Mr. Gladstone Bassett of Lealide spent a few days in town.

Dr. Wallace Graham of Toronto spent the week-end at the home of Mrs. George Holland.

Miss Edna Way of Holloway spent the week-end with Miss Helen Caskey at her home in Madoc.

Miss Helen Caskey has been engaged to teach in the Bloomfield school duties to commence in September.

Messrs. Arthur and Wallace Stringer and Miss Doris Rosevear of Toronto, spent Saturday and Sunday at the home of Mr. and Mrs. C. F. Aylsworth.

Mr. and Mrs. J. Herbert Caskey, Mr. and Mrs. Kilpatrick and daughters, Marion and Shirley, spent a recent Sunday with Mr. and Mrs. Jas. A. Caskey.

Mr. and Mrs. McCann of North Bay, Mr. and Mrs. Wilson, Miss Olga and Jimmie Wilson of Toronto, spent Sunday with Mrs. Joseph Burns and Mr. James Burns.

Mrs. H. S. Graham of Musquedoboit Harbour, Nova Scotia, was visiting at the home of Mrs. George Holland and on Tuesday left for Montreal to join Rev. H. S. Graham who is attending the General Assembly of the Presbyterian Church.

Mrs. Lorne Faulkner (nee Miss Edna O'Hara) of Winnipeg, formerly of Madoc, has been renewing acquaintances in town. She was accompanied by her niece, Miss Reta O'Hara.

Mr. Gray Rivers occupied the pulpit in Trinity United Church on Sunday evening last in the absence of his father, who was in Toronto attending the special services of the United Church.

Mrs. J. E. Morrison, District Deputy President, also Mrs. B. Tanner, Mrs. Frank Phillips, Mrs. Ed. Phillips, and Mrs. K. Stocklosser, attended the Rebekah Lodge in Thomasburg on Monday evening.

Miss Margaret Craig of Stirling, formerly of Madoc, has completed her year's work at Peterboro Normal School. Miss Craig passed all her subjects on the merits of her year's work.

BELLEVILLE MARKET

SATURDAY

There were but few changes to note in prices at the Belleville Saturday market, which was well attended by both vendors and purchasers. A feature was the display of garden products by gardeners, also cabbage and tomatoes.

While eggs were offered for sale considerable quantities an increase of 1c to 2c per dozen was noticeable. Specials sold at 16c and 17c per dozen, while pullet eggs sold at 14c and 15c per dozen. The ruling price for butter was 25c per pound.

Dressed poultry, chiefly chickens, and broilers, showed a slight increase for the former, retailing from 60c to $1.10, according to quality. The ruling price for broilers was 60c per pair with a few offerings at 50c a pair.

Fish vendors were busy disposing of various species of the finny tribe. Prices for the same were reasonable.

Quotations were as follows: dressed hogs, cwt., $11.50; live hogs, cwt., $8.75; butter, lb., 23c to 25c; eggs, No. 1, dozen, 15c to 17c; pullet eggs, dozen, 13c to 14c; chickens, 60c to $1.10; broilers, pair, 50c to 60c; potatoes, bag, 50c; apples, peck, 35c to 50c; onions, peck, 40c; carrots, peck, 20c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; green onions, bunch, 5c; rhubarb, bunch, 10c; lettuce, bunch, 5c; radishes, bunch, 5c.

Prices on fresh fish were as follows: lake salmon, lb., 16c; pike, lb., 8c to 9c; mudcats, lb., 10c; white fish, lb., 15c.

Prices on plants were as follows: pansies, box, 20c; zennias, box, 15c; sylvias, box, 20c; double petunias, box, 20c; mixed plants, box, 15c; tomato plants, box, 15c; asters, box, 15c; cabbage plants, box, 15c.

TEACHERS' SALARIES ARE REDUCED

At a meeting of the Consolidated School Board last week, the teachers at the school at Tweed were given a cut of $50.00 each per annum. They are now receiving $700 per year. The salary of Principal S. H. Connor was reduced $85.00 and he is now receiving $1,615.00.

Reconstruction on the Maynooth-Combermere road is being carried out. Formerly this road was very narrow and in fair shape, but the road is now to be widened and put in better condition. This will attract many tourists who enjoy the scenic beauty that is found in that section of the county.

HARRY MOORE FIRST PRESIDENT NEWLY FORMED ASSOCIATION

Publishers of weekly newspapers of the district met in the Town Hall at Trenton on Friday after noon and formed the Central Ontario Publishers' Association. Harry W. Moore, publisher of the Trenton Courier-Advocate, who was instrumental in bringing about the gathering, was elected as its first president. Other officers elected were: first vice-president, R. P. McLean of the Picton Times, second vice-president, Mrs. R. M. Lapp, of the Brighton Ensign; secretary-treasurer, H. R. Tompkins, of the Stirling News-Argus; executive committee, chairman, S. R. Curry, of the Tweed News, H. M. Price, of the Bancroft Times, T. P. Lancaster, M. P.P., of the Havelock Standard, M. L. Detlor, of the Deseronto Post, James Watson, Madoc Review.

The new organization was formed to bring a more friendly relation between the neighboring publishers and to discuss their problems in a friendly manner. Some time was devoted on the question of whether or not subscription campaigns were profitable in collecting subscription arrears. The majority seemed to think that this procedure was the best if the campaigns were carried on by the publishers themselves or carried out in an honest method. The new organization decided that an annual fee of one dollar would be paid for membership and that they would affiliate with the Canadian Weekly Newspaper Association.

Mr. Lancaster told his colleagues that they should attend the annual meeting to be held in Toronto in the near future, where many of the difficulties of the weekly publishers would be discussed.

The new body hope to bring about a friendly spirit and a picnic was planned for a Saturday in August at Oak Lake.

Several of the publishers with their ladies later attended a complimentary banquet. Mr. A. G. Davie, advertising manager of the Belleville Ontario-Intelligencer, spoke briefly on the advertising methods of a daily newspaper and also told a few of his experiences during his many years in the newspaper field, both weekly and daily. Dr. Gerald Morton also gave a grief talk on the workings of a daily sheet. Dr. Morton was asked to be present at a later date to give an outline of cooking schools, for which he has become famous in the district.

Mr. Lancaster proposed a toast to the new president, to which Mr. Moore ably responded. Mr. Sam R. Curry, a bachelor publisher, proposed a toast to the ladies in a most fitting manner.

Those present at the banquet were the host and hostess, Mr. and Mrs. Harry Moore, of Trenton; Mr. and Mrs. T. P. Lancaster, of Havelock; Dr. Morton and Mr. A. G. Davie, of Belleville; S. R. Curry, of Tweed; D. H. Morrison, of Tweed; W. McLean, and Miss Bonter, of Picton; Mr. and Mrs. H. R. Tompkins, Stirling; Mr. and Mrs. R. P. McLean of Picton; Mrs. and Miss Lapp, of Brighton; Jack Taylor, representing the Quinte Sun, and James F. Day. Everyone voted Mr. Moore a most genial host.

MEETING OF HAZZARD'S W. M. S.

The regular June meeting of Hazzard's W. M. S. was held in the church on Thursday afternoon of last week. There were twelve members and three visitors present. Miss Esther Wicks conducted the devotional period which opened the meeting. During the usual routine of business it was decided to follow a suggestion made at the last Branch meeting and appoint a Literature Secretary. Mrs. Harry Love was chosen. An interesting program followed.

Mrs. Foster Gunsolus gave a short talk on the life of S. J. Stone, author of the hymn "The Church's One Foundation," which the ladies then sang. Mrs. Blair then gave a talk on the devotional topic, "Unselfish Friends," and Mrs. G. Harris gave a short review of W. M. S. work in the United Church during the ten years since Union. Duets were sung, "You go to your church, and I'll go to mine," by Mrs. Gunsolus and Mrs. Tumelty, and "Thine for Service, Lord," by Mrs. H. Love and Miss Alma Keene. Mrs. Tumelty and Mrs. Broad gave short readings and the meeting was closed with a hymn and prayer.

Miss F. Keene and Mrs. Howard served lunch in the vestry and a delightful social time followed.

Physical examination of automobile drivers before a permit to operate is granted them, was suggested by Dr. A. H. Sellers, School of Hygiene, University of Toronto, speaking before the vital statistics section of the Public Health Association conference.

OBITUARY

NEIL McGEACHY

After an illness of ten days' duration Neil McGeachy, a well known resident of Elzevir Township, passed away at his home two miles west of Johnston's Corners, on Wednesday, June 5th. The deceased was born in Scotland 69 years ago, coming to Canada with his parents at the age of three years. He had lived all his life in Elzevir where he was well known. He was a prominent farmer and a Conservative in politics. Surviving are his wife, and one son, Wallace, at home. The funeral was held on Friday afternoon at 2 p.m. from his late home.

MRS. JANE ANNE FRENCH

After an illness of several months' duration, Mrs. Jane Anne French widow of the late William French, passed away on Thursday, June 6th, at her residence in Belleville.

The late Mrs. French was in her 66th year and was born in Huntingdon township, being the only daughter of the late Mr. and Mrs. William Fitchett. For many years she resided at Madoc Junction and for the past eighteen years she had made her home in Belleville. She was a member of the United Church and highly esteemed by all who knew her.

Surviving her is one brother, Mr. William Edward Fitchett, of Stirling.

JOHN W. ELLIS

The funeral of the late John Walker Ellis, late of the third concession of Thurlow, took place on Thursday afternoon from the Belleville Burial Company Funeral Home, Belleville, to the Standard Church at Ivanhoe where service was conducted by the Rev. Mr. Johnstone of the Standard Church, Belleville, assisted by the Rev. Mr. Kelly, pastor of the Standard Church at Ivanhoe. Many friends were present at the service.

Interment was made in White Lake cemetery, the service at the graveside being conducted by the same ministers.

The bearers were Messrs. Harry Tweedy, Gilbert Clapp, Frank Carroll, Fred Rupert, Frank Mayes and William Jerry.

Surviving to mourn his passing are two daughters, Mrs. William McPherson, Thurlow township, and Mrs. K. Sweat, New York, N. Y.; two sons, Mr. R. A. Ellis, Carrying Place, and Mr. W. H. Ellis, Point Anne.

MRS. SAMUEL BOWERS

Mrs. Samuel Bowers, beloved wife of Samuel Bowers, passed away at her home in Tweed early Thursday morning, June 6th, after an illness of some weeks following a stroke. The late Mrs. Bowers, whose maiden name was Matilda Jane Fleming, was born in 1857 on the second concession of Hungerford, a daughter of the late Mr. and Mrs. James Fleming. She resided in the township for a number of years retiring with her husband to Tweed several years ago. In November, 1934, Mr. and Mrs. Bowers celebrated their diamond wedding, when their family gathered to honor them.

The late Mrs. Bowers was a member of the United Church in which she took an active interest. She is survived by her husband, two sons, Nelson of Gouverneur, N. Y., and Edgar of Watertown, N. Y.; four daughters, Mrs. H. A. McCaugherty and Mrs. John Redmond of Watertown; Mrs. H. S. Beldon, of Rochester and Mrs. Thomas Kincaid of Dundas; two sisters, Mrs. Hugh McKee and Mrs. Mary Johnston of Carthage, N. Y., and one brother, James Fleming, of Cooper, also survive.

The funeral was held from her late home in Tweed on Saturday afternoon, June 8th, to Thomasburg United Church at 2.30 p.m. Rev. R. R. Nicholson of Tweed United Church conducted the services. Interment was made at Thomasburg.

JOHN RYAN

At the advanced age of eighty-nine years, John Ryan passed away at his home in Marmora village on Sunday, June 2nd. His strength had been gradually failing for two or three years owing to old age, but he was only confined to his bed for a few days. The deceased was born in Rawdon township and was the son of the late Mr. and Mrs. Patrick M. Ryan.

As a young man the late John Ryan engaged in lumbering and river driving. He was a competent teamster and was employed for some seasons by the Rathburn Company and later by the Gilmour Company. Later he engaged in farming and for a time worked in Cobalt after the mining boom started there. He was a good worker and got along well with his fellow employees.

He is survived by his wife, formerly Mary Anne Bedore, daughter of the late Mr. and Mrs. Michael Bedore, of Marmora Township. He also leaves two sons and four daughters, as follows: Michael, Stirling; Eugene, Hunter, Northern Ontario; Mrs. John Stewart, Madoc; Mrs. John Downs, Stirling; Mrs. Bert Harvey, Gilmour; and Rose, at home. He is also survived by two brothers, Frank, of Rawdon Township, and Thomas, of Marmora; and one sister, Mrs. M. A. Keenan, Campbellford.

The funeral was held on Wednesday morning, proceeding from his late residence to Sacred Heart Church, where Requiem Mass was conducted by Rev. Father Keeley. Interment took place in Sacred Heart Cemetery. —Marmora Herald.

MURIEL PIGDEN

The funeral of the late Muriel Pigden, youngest daughter of Mr. and Mrs. Oscar Pigden of Eldorado, was held from her home on Thursday afternoon at two o'clock to Eldorado United Church where the service was conducted by her pastor, Rev. W. A. Hunter, B. A., B.D., of the Presbyterian Church, Madoc, assisted by Rev. W. G. Fletcher of the United Church, Eldorado. The large concourse of friends showed the esteem in which little Muriel was held.

Rev. Mr. Hunter chose as his text 2nd Samuel, 12:23 and spoke comforting words to the bereaved. The two hymns, "When He Cometh," and "God Sees the Little Sparrow Fall," were sung and the choir very feelingly rendered an anthem, "Gathering Buds."

Left to mourn are her father and mother, three sisters, Helen, Hilda and Thelma, and one brother, Eugene.

The little white casket was banked with flowers. The flower bearers were seven little school chums: Lorna Keene, Jennie Burris, Madeline Bird, Arlie Bird, Bessie Gryce, Ilene Burris and Hazel Burris. The teacher, Miss Ethel Craig, and the other pupils of the school which she attended, were present, also a former teacher, Miss Freda Sager.

The bearers were Kenneth Martin, Frederick Stewart, Russel Empey, Beryl Bateman, Elliot Burris and Don Fox.

Interment took place in Eldorado Cemetery.

TRIBUTE TO COUNTRY DOCTORS

With becoming and characteristic modesty, Dr. Dafoe of quintuplet fame says his new honour, Knight of British Empire, is intended as a tribute to all the country doctors in Canada. While the Callander doctor will not convince any one that he was not singled out for special distinction, the zealous country doctor always is worthy of any honors that come his way—and they are not too numerous. —Colborne Express.

DAFOE WILL LEAVE QUINTS FOR FEW DAYS

On Thursday Dr. Allan R. Dafoe prepared for his expected departure for Atlantic City to attend the Canadian-United States Medical Conference as the Dionne quintuplets were reported "all fine."

To enable Dr. Dafoe to attend the conference Dr. Harold A. Williams, of the Hospital for Sick Children, Toronto, will care for the five babies.

JUDGMENT GIVEN FOR THE PLAINTIFF

Judge McLean, Picton, in County Court on Saturday afternoon gave Charles Walker, Faraday Township, judgment for specific performance of an agreement entered into between Walker and Albert Danford, also of Faraday Township, and also gave judgment in Walker's favor for all timber cut on the property of Danford since December 6, 1933, in lieu of damages. Mr. C. A. Payne, K.C., appeared for the plaintiff, and Ormonde Butler for the defendant.

4.50-21	6.95	8.60
4.75-19	7.75	9.70

Other sizes equally low-priced

P. H. NAYLER, Madoc, Ont.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Controlling Early Blight of Potatoes

As a result of investigations made by the Division of Botany, Dominion Experimental Farms, the following measures are recommended for the control of early blight of potatoes:

Use only clean seed. Applications of Bordeaux mixture (4-4-40) should be made regularly and thoroughly every ten days or two weeks, starting when the plants are six to eight inches high. This destroys the fungus, strengthens the plant and reduces flea beetle injury which is an aid to infection. After digging the potatoes rake up and burn the tops as they afford winter protection for the fungus. Use a crop rotation as successive crops of potatoes tend to increase the disease. Avoid piling the potato tops close to the newly dug pile of potatoes.

• • •

Flowers Should Now Be Transplanted

Tending bedding plants such as cannas, coleus and geraniums, should now be planted out into their permanent quarters according to the ornamental plant specialist at the Central Experimental Farm. Half hardy annuals, and any other seedlings, should be ready to transplant and should be planted out on the first cool day. If the weather is hot and dry, the ground should be thoroughly watered before planting. The seed-bed should also be watered, as damp earth will cling to the roots while dry earth will fall off.

• • •

Late Sown Vegetables

Fine quality vegetables may be produced from late seeding. Swede turnips, carrots and beets may be sown as late as the middle of June and still have time to develop to a desirable size for winter use. The land should be well prepared and rich in plant food. Should dry conditions prevail the seed should be sown on the level rather than on ridges.

NO BLAME ATTACHED

Panic-stricken, a father rushed out to save his automobile and let his children burn to death last Friday, an inquest jury heard at Alderwood on Wednesday night.

Harry Scott, the farmer, who with his wife and one of his six children were all that escaped the holocaust, admitted he "lost his head" in the excitement.

Perhaps two of the five children who perished might have been saved if he had not broken down, Scott told the crowded inquest hall.

The jury ruled the children died from suffocation caused by a fire of unknown origin.

ALASKA HOLIDAY ROUTE FOLLOWS TRAIL OF '98

Alaska offers many attractions of picturesque fjords, awesome glaciers with scenes of romance and tragedy to interest those in search of an unusual and enjoyable holiday. Travel there and back again is pleasant by land and by sea on comfortable trains and staunch vessels. Part of the journey proceeds through the country of a friendly neighbour where visitors are welcome, and it is possible to so arrange the itinerary as to include a stay at Jasper National Park, Canada's beautiful Rocky Mountain resort.

At Vancouver, chief city of British Columbia, handsome and hospitable, there await attractive and comfortable steamers. These vessels ply through sheltered waters to bring all the delights of an ocean voyage on smooth seas, unfolding scenes of rugged grandeur as the "Prince George" or the "Prince Rupert" foots her way through the wonderful inside passage.

Of old, the Aleuts called the land "the Great Country" and Alaska is all that with wealth of natural resources in fisheries, mines and forests and there yet remains the glamor of the "Trail of '98" over which today travellers go in comfort—many sites are of historic and romantic interest including the last resting place of "Soapy Smith"—famous character of the gold rush to the Yukon.

The holiday to Alaska may be undertaken at moderate cost, because all-expense tours are available. In addition to the summer schedule, four special cruises have been arranged to cover a longer itinerary.

BRITAIN IMPORTS OVER 5000 TONS OF CHARCOAL

Over five thousand tons of charcoal entered the United Kingdom in 1933, principally wood charcoal, to make up the domestic demand of around 10,000 tons, animal charcoal being produced almost entirely within the kingdom. The bulk of the wood charcoal comes from Germany, Sweden and Belgium and is made from beech wood. The balance comes chiefly from Holland, France and the United States. The wood charcoal is used in the manufacture of carbon bisulphide, an important ingredient in the manufacture of cellulose from which comes artificial silk. The poorer varieties are used by foundries, laundries and other places where a high-grade product is not required. The German and Swedish charcoal is considered superior to all others. Animal charcoal is used principally in the refining of sugar.

Unemployment is decreasing in North Bay as the reduced export duty on pulpwood is resulting in a demand for peelers, Ontario Employment Officials said on Monday. Peeling season will be in full swing by June 10th. Last year 150 were placed in camps during the season. During the past few weeks 20 have been sent from North Bay to airport camps.

TO THE JUNK PILE

An inspected car could be counted on to stay safe for a reasonable period of time; an inspected driver may develop unstable qualities half an hour after he passes his examinations. Yet the authorities concentrate on inspecting drivers, and let dangerous old "crocks" go their way. The result? Driving on a Toronto street a few weeks ago, with only a beginner's license, and at the wheel of a decrepit sixteen-year-old car practically without brakes and completely without insurance, a motorist struck down and injured a little girl. The motorist had been drinking, but the worst feature of all, perhaps, was the fact that he had been allowed to take the road with a car he had been able to buy for $7, considerably less than the price of a pair of license plates. The mechanical condition of such a car can be nothing short of menacing, and the sooner the authorities in all provinces are empowered to order them off the highways, the sooner the traffic toll will decrease.

TUNE UP BEFORE YOU TOUR

A car tune-up before the vacation trip will do more than any other one thing to make the holiday a success. The car that seems to work fairly well in day-to-day driving may not be just one hundred per cent for work at full power over long periods. Both safety and pleasure being at stake, it is advisable to check carefully before starting out. Brakes and steering are the chief items in the safety category, and in most cases simple adjustments will suffice. Good tires are essential, too, and all lights should have good bulbs, with headlight beams properly adjusted. A motor tune-up is one of the best precautionary measures. Battery and generator, lubricants, radiator and fan-belt are among the other items which should be given attention. And it will add a lot to the vacationist's happiness if he has the body rattles tightened. The satisfaction of having a well-groomed car on the vacation trip is incalculable.

SOUTH AFRICA GROWS WIDE VARIETY OF FRUITS

South Africa grows a wide variety of fruits. The principal fruits are oranges, grapes, pears, peaches, plums, grapefruit, apples, pineapples, nectarines, tangerines, melons, apricots, lemons, and production is steadily increasing. Coupled with the fruit-growing industry is that of dried fruits and the manufacture of wine. For the twelve months ending June 30, 1934, South Africa exported 2,153,000 gallons of wine to make which some 17,000 tons of grapes were used. To take care of her exports in the fruit trade South Africa requires annually in excess of 7,000,000 box shooks, and the Canadian product has been well received by growers who are keen on exporting an entirely Empire product, fruit and box, for sale within the Empire. Price, however, is an important factor. Canada also has an interest in cultivating tools, such as spades, hoes, picks, sprayers, etc., and other supplies.

FOX RANCHERS OF P. E. I. GOT $2,500,000 FROM PELTS

The pelt business, it is estimated, was worth $2,500,000.00 to Prince Edward Island fox ranchers last year. A representative of the Canadian National Silver Fox Breeders' Association recently returned from London and Paris stated that France is one of the biggest markets for silver fox fur where it is used extensively by designers and style modistes. In Great Britain the demand is growing: two years ago silver fox was worn very little. England is becoming a great centre of the fur dyeing industry, there having been a great exodus of expert dyers from Leipsig. One firm in Britain had to enlarge its premises considerably: in one day it dyed around 17,000 squirrel skins.

GAELIC REVIVAL ISLAND PROVINCE

They are, apparently, going in strong for Gaelic on Prince Edward Island. A young Clergyman in the island province conducts a service once a month in Gaelic and holds gatherings fortnightly in Gaelic. Gaelic, according to the cleric enthusiast, is a poetic language full of music and is one of the oldest of tongues. The alphabet has 18 letters but makes up for the shortage of letters by the number of sounds of which there are 103. The English language has only 42 sounds. The Maritime Provinces, particularly Nova Scotia, contain the greatest number of Gaelic speaking persons in Canada.

When the hotel clerk tells you he has no rooms . . . and he sticks to his story . . . and you have to start looking for something else . . .

Don't blame the clerk. Resolve instead always to Long Distance ahead for accommodation.

● It's surprising how you minimize life's little inconveniences by using Long Distance. You can talk 100 miles or so for as little as 30 cents. See the rates in the front pages of your directory.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed Advertisements in The Review marvel at the results achieved.

The cost is small. These small advertisements are universally read and often accomplish results in value far beyond the cost of insertion.

The Review

MADOC, ONT.

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

Trying to be what we are not always spells trouble.

• • •

Business must think in the days of today and tomorrow—not in the days of yesterday.

• • •

If your city means business, if it is determined to achieve mightiness, help it on its way.

• • •

It has been said that many merchants who do not advertise their business often find the sheriff advertising it for them.

• • •

A government is a big business. The management of its affairs calls for the same efficiency that makes private business successful.

• • •

Men who will not boost the home town and help in its development, but are willing to ride along and profit by what their neighbours are doing, are burglars—just plain, ordinary burglars.

• • •

"The people who are seeking real values in service or merchandise read the newspaper advertisements before they buy," says James E. Barrett, managing director of the Oklahoma Biltmore Hotel.

• • •

The Port-of-Spain, Trinidad, Guardian tells about one hundred thousand dollars' worth of old stamps being burned by the government to make way for a new issue of pictorial stamps. What a heartache for the stamp collectors!

HALF MILLION FOR FUND

The Countess of Bessborough will probably hand over to the seven Canadian trustees of the King George V Silver Jubilee Cancer Fund for Canada a total of about $500,000 on June 3rd, the date of His Majesty's birthday, it was announced on Wednesday.

CANADIAN LEATHERS IN LAND OF PHARAOHS

Canada is horning in successfully on the leather trade of Egypt, such as patent leathers, boxed calf, glazed kid and leathers of similar grades. Her share of the trade is increasing. In fur skins, raw and prepared, Canada is securing a substantial portion of the business.

FIFTY BEAUTIFUL CARS

Taxicabs can be beautiful, too. That's what Diamond Taxi Company of Montreal evidently thought when fifty sedans were ordered recently. This is one of the largest cab companies in the Dominion, and the order for half a hundred was also one of the biggest fleet orders on record in Canada.

CANADIANS WELL FED

Canada certainly does not starve its people if we may judge by its recorded consumption. In 1933 we ate, per capita, 186.99 pounds of meat, 10.68 pounds of poultry, 30.4 pounds of butter, 8.30 pounds of cheese and 257 eggs. The meat bill was as follows: pork, 74.58 lbs.; beef, 56.09 pounds; and mutton and lamb, 6.30 pounds.

EDDIE CANTOR IS TAKEN TO HOSPITAL

Eddie Cantor, stage and screen comedian was taken to the Good Samaritan Hospital in Los Angeles on Thursday for observation.

Physicians said he needed treatment for "a minor stomach ailment" and that he might have to undergo an operation.

At the film studio where he is to make a picture, it was said Mr. Cantor expected to be there this week for the start of the production. He recently arrived from New York, accompanied by a daughter, Margaret.

GIGANTIC FUNNEL 2,000 FEET HIGH

Men are still seeking artificial rains and Mr. Bernard J. Dubos of the Meteorological Society of France, is the latest to have a scheme. He He would build a steel and concrete funnel 2,000 feet high. Through this he would force water vapor into the upper air with the thought that it would be supported by struts and pillars.

The funnel would be constructed so that it would be tapered with the broad end at the top and the whole supported by struts and pillars. It would be about 450 feet in diameter at the top and resemble a large telescope standing on the smaller end.

The underlying idea is to have a series of wind vanes at the top which will catch whatever breeze there may be and start a whirl of air inside the spout to create a vacuum. This would give a vacuum core on the principle that waterspouts have vacuum cores.

There is one detail curbing Mr. Dubos from building his core at once. He requires $10,000,000 to go ahead with construction. It will take that much to buy materials and build the spout. And he is finding it hard to get any one to gamble the $10,000,000 on the chance that the thing might work and produce rain. It would take a lot of bushels of wheat for instance, to pay the interest and principal on that much money.

Perhaps Mr. Dubos will not get anyone to take him up on his venture. But that will not curb other scientists and inventors trying to find some way to get rain from the clouds. And, some day, one of them is quite likely to solve the secret, even though people may laugh at his efforts while he is experimenting—Border Cities Star.

SECTION OF TRANS-CANADA ROAD DECIDED

The Dominion and Ontario governments have approved of the construction of the Trans-Canada highway from White River to the Manitoba boundary line, and as a result of the agreement after many weeks of negotiation, between 9,000 and 10,000 men will be set to work immediately in Northern Ontario.

Hon. W. A. Gordon, Federal Minister of Labor, and Hon. Peter Heenan, Provincial Minister of Lands and Forests, have been the two principals in the discussions of the past few days. The point which was particularly under controversy was the route which the highways would take between Schreiber and White River, a stretch of 125 miles upon which no construction has yet been started.

This question has been the subject of sharp disagreement between the two parties in past conferences, but upon the present occasion the two ministers are reported to have been successful in adjusting the various questions under dispute.

For the remainder of the highway, from Schreiber to the Manitoba boundary line, the problem is largely one of improving and connecting existing roads.

DISCHARGED HIRED MAN IS SHOT

Norman Blair, 28, of Peterborough, was shot and killed instantly on Thursday at the farm home of Ralph Portsmith, Bethany. Portsmith called police and said he had shot Blair accidentally after the Peterborough man attempted repeatedly to break into his house.

Blair was shot while standing in the woodshed at the Portsmith home on the 12th concession of Cavan township about 15 miles southwest of Peterborough.

Police information is that Blair who had been working some time for Portsmith, was discharged on Wednesday and taken to Peterborough by Portsmith. Blair returned on Wednesday night and attempted to break into the house, claiming Portsmith had some of his clothes. There were repeated attempts to break in.

On Thursday, Portsmith again driving the man out, backed him from the door at the rifle point. The gun was discharged by accident, Portsmith told police, and the bullet struck Blair between the eyes.

Constable Thompson of Bethany, was notified and Provincial Constable Carey arrived from Cobourg to investigate.

Dr. Hamilton of Bethany, examined the body and called Coroner Turner of Millbrook.

Portsmith has a wife and seven small children, the oldest nine years old.

The Canadian Pacific Railway will lay 25 1-2 miles of track as part of its summer maintenance program in the North Bay district, T. Hambly, General Superintendent of Algoma District announced on Monday. The new 100-pound rail will be used. About 100,000 new ties will be laid.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemiation of news and information

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 8000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably $2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, $2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our ow ncommunity for food, shelter, clothing and for all other things.

Mrs. J. L. Plaxe is visiting her father, Mr. Frank Casselman, of Bird's Creek. Her father is a man of 97 years of age.

Mr. and Mrs. J. C. Coveney visited friends in Campbellford on Sunday.

Mr. and Mrs. A .V .Gaebel and family were Sunday afternoon callers at the home of Mr. J .L. Plaxe.

Mr. and Mrs. Denford spent Sunday afternoon at the home of Mr. R. Dewolfe.

Mr. and Mrs. J. C. Coveney motored to Whitney on Monday.

Mr. William Reynolds is able to be around once again.

Miss J. Sine accompanied by her parents, Mr. and Mrs. C. Sine of Harold, spent Sunday with friends at Tweed.

SCOTCH SETTLEMENT

Messrs Albert and Kenneth Holland spent Sunday at their home here.

Mr. and Mrs. John McGuire and family spent Saturday evening with Mr. and Mrs. Henry Williamson of Crookston.

Mrs. Edwin Gates and son Billy, have returned to their home in Cobalt after spending a few weeks with her mother, Mrs. William Ashe.

Mr. and Mrs. Sandy Ashe were recent visitors in Picton.

A number of our young people attended the Junior Farmers' dance in Madoc on Wednesday evening.

Miss Inez Carswell and Mr. C. Redden were tea hour guests of Miss O. Ashe on Sunday evening.

Mr. R. S. Woods is spending a few days in Maynooth.

Mrs. Thomas Belcher and family of Madoc, were Sunday guests at the home of Mr. Sandy Ashe.

Mr. and Mrs. Wellesley Holland were Sunday guests at the home of Mr. and Mrs. James McGuire.

Mrs. Elisha Ashe and Mrs. John Ashe spent Saturday in Belleville.

WEST HUNTINGDON

Among those who attended the district annual of the Women's Institutes from here were: Mrs. C. Sills, Mrs. S. Denman, Mrs. E. Sarles, Mrs. J. Wallace, and Mrs G. McInroy. An interesting and profitable meeting was held.

Mrs. E. Post took her mother and some other ladies from Stirling to the Ladies' Aid Convention in Wellington on Thursday.

Several from here attended the funeral of the late Miss R. Robinson of Calgary, whose body was brought from that place and interred in Thomasburg cemetery.

Mr. T. Sarles, who is making cheese at Roslin, spent Sunday at his home here.

Master George Cook has been ill with bronchial pneumonia but is steadily improving.

Mrs. E. Pitman has returned home after visiting relatives at Millbrook.

Mrs. E. Wilson and son, Arthur, were callers on Sunday afternoon at the home of Mr. J. Moorcroft.

The June meeting of the W. M. S. of the United Church was held on Thursday afternoon at the home of Mrs. E. T. Sarles with an attendance of eighteen. The program was on temperance lines and was prepared by Mrs. C. Elliott. All were pleased to have Mrs. J. J .Wilson and Mrs. T. Denman of Stirling present.

Mr. J. Wallace attended the funeral of his uncle, the late Mr. J. Webb, of Toronto, on Monday.

Mr. J. Ashley of Lindsay, spent the week-end at his home here.

IVANHOE

Rev. H. H. Lackey has returned from Peterborough, where he had been attending Conference and also visiting his parents at Fraserville.

Mrs. A. H. Jones is spending a few days wit hher daughter, Mrs. F. Murray in Whitby.

Mr. and Mrs. E. Chambers of Corbyville, visited the latter's parents, Mr. and Mrs. H. Wallace, on Sunday.

Mr. H. McKnight, accompanied by Mr. L. Scott, both of Toronto, visited Mr. and Mrs. Albert Duggan recently.

Mr. and Mrs. A. Clement, Mary and Miss M. Mutton, visited Miss Jennie Clements in Stirling on Sunday.

GILMOUR

Mr. McGuire .I. P. S., made his spring call at Gilmour school on Friday.

Mrs. Gerald McMurray and Mrs. Duncan McKenzie have returned after spending a week with friends in Toronto.

Mrs. Jenkins of Toronto, visited her parents, Mr. and Mrs. A .A. Harvie, last week.

Mrs. V. McMurray and Mrs. Thos. Rudge motored to Bancroft on Saturday.

Mrs. Abe Gunter and sister, Mrs. Dan Reid, are visiting friends in Trenton.

Mr. George Glover spent the week-end in Wrightville, Que. On his return he was accompanied by Mrs. Glover who has been spending some time with relatives there.

Miss M. Sexsmith was home from Tweed for a day during the week.

Mr. and Mrs. Ambrose Box of Calabogie, Mr. Harry Howe and Mr. Howard Montgomery of Toronto, were in town on Wednesday for the funeral of the late Ernest Shaw.

Mr. and Mrs. Bruce Phillips of Remington, spent Sunday with Mr. and Mrs. James Groves.

Mr. Percy Thompson of Edmonton has been visiting his old home here.

Mr. and Mrs. Allan McCoy and children of Remington, spent Sunday at the home of Mr. Ed. Groves.

Mrs. M. Smith of Madoc, spent a few days last week with Mr. Harland Sexsmith.

Miss Mollie James attended the graduation at the Hotel Dieu in Kingston on Thursday.

A large number of people were assembled at Greenwood Cemetery on Wednesday morning when the remains of Ernest C. Shaw were brought from Toronto for burial. The youngest son of the late Dr. George Shaw of Queensboro, the first twenty years of his life were passed here. Since leaving for Toronto eighteen years ago, he has been a frequent visitor to his home town and kept in touch with his former friends. He went overseas with the R.C.H.A. of Kingston and was in Germany with the army of occupation. On his return to Canada he joined the Customs staff of the C. N. R. Freight Department at Toronto. An active member of several Toronto soccer teams, he also was a member of the Sunbeam Football Club, Carlton Park Football Club and Toronto Hockey League. In religion an Anglican, he was a member of the Garrett Bible Class of St. Stephen's and was active in the work of the West End Y.M.C.A. He also belonged to the Rose of Derry L.O.L. and St. Clair A. F. & A. M. His death after only a few weeks' illness, was caused by cold which developed to pneumonia. Surviving are his wife, two brothers, Basil and Harry, and two sisters, Misses Frances and Lois Shaw, all of Toronto. Rev. G. H. Swayne read the burial service.

Mr. and Mrs. Ernest Baldwin and children, Mr. and Mrs. Tilson and children, motored from Essex County last week and have been visiting Mr. and Mrs. A. Bentley and other relatives.

BANNOCKBURN

Mr. and Mrs. Tomkins of Harold, spent Monday in town.

Mr. and Mrs. W. L .Munro, of Stirling, took tea with Mr. and Mrs. Donley on Wednesday of last week.

Mr. Joseph Harris of Toronto, spent Sunday with his father.

Mr. and Mrs. Severin spent a few days at Pembroke attending the funeral of a niece.

Miss Minnie Simpson has gone to Peterboro, where she has secured a position.

Born—On Tuesday, June 4th, to Mr. and Mrs. Ted Davidson, a daughter, Anne Marilyn.

Quite a number attended the celebration of the wedding anniversary of Mr. and Mrs. Ed. Ray at Glanmire.

Mr. Linton Potter of Coe Hill, visited his mother last week.

COOPER

Messrs. John and Thomas Downey and Mrs. A. Wilson, also Hilda Kilpatrick, spen tthe tea hour at the home of Mr. George Harris one day recently.

Mr. Arthur Wyatt, who is working in Picton, spent the week-end at his home here.

A number of ladies from here attended the Institute convention, which was held in Marmora on Tuesday of last week.

Miss Phyllis Parks spent the week-end at her home here.

Mrs. Albert Graham and Gerald spent a few days with her sister, Mrs. Oscar Wannamaker of Actinolite.

The Rollins' Reunion will be held on the United Church grounds of Cooper on July 24th.

CRUSHED BENEATH TRUCK

Mr. Harold Solmes, a truck driver for Mr. Frank White of McArthur's Mills, had the misfortune to fall off his truck on Friday last, fracturing his left thigh in two places, the wheels of the truck passing over his body. He was rushed to the Red Cross Hospital at Bancroft where the fractures were reduced by Dr. Lumb.

Mr. Solmes had a narrow escape from being crushed to death beneath the truck which he was operating. Considering the nature of his injuries he is making satisfactory progress towards recovery.

LAKES AND BAYS

Miss Caskey of Madoc, has been engaged to teach one of the rooms in Bloomfield school next year.

Mr. and Mrs. Sylvester Thomas spent a recent week-end with his sister and husband, Mr. and Mrs. Edmund Sandford at Eldorado. Mr. and Mrs. Sandford returned home with them on Monday and spent last week visiting friends in Prince Edward.

Messrs. George and Norman Fox were at Marmora on Tuesday. Mrs. Fox accompanied them as far as Bonarlaw, and visited Mrs. A. Hewlett.

Among those who attended the Ladies' Aid convention at Wellington were Mrs. Murney Parks, Mrs. Ross Burr, Mrs. Thomas Whattam. Mrs. George Fox, Mrs. C. Wright and Mrs. Frank Burkitt.

Mr. J. Chambers of Eldorado visited his daughter Mrs. Alvin Fox and Mr. Fox at Wooler. He, with Mr. A. Fox and Mr. Walter Fox, spent Monday and Tuesday visiting friends in this county.

Mr. and Mrs. George Fox Norman, Howard and Irene, dined on Sunday with Mr. and Mrs. Frank Emerson and family at Moira, and called on Mr. and Mrs. James Harrison at Latta.

GRAND OFFICER VISITS L. O. L. AT ELDORADO

On Tuesday evening, June 4th, the members of L. O .L. No. 517, Eldorado, held an open meeting in the Orange Hall. Quite a number from the surrounding communities were present. Rev. Cochrane, Anglican church minister from Marmora, acted in the capacity of chairman. Mr. Graham, of Kingston, Grand Organizer, was the guest speaker for the evening. He, having recently visited England, Ireland, Scotland, gave a very interesting discourse. Rev. W. G. Fletcher also gave a short address, also Mr. Welsh, Master of Picton Lodge, was present and spoke a few words.

MEETING OF COOPER AND REMINGTON W. M. S.

The regular monthly meeting of the Cooper and Remington W. M. S. was held at the home of Mrs. Charles Hamilton on Thursday afternoon, June 6th. The meeting opened at 2 p.m. by the president with hymn No. 178, after which silent prayer was offered Mrs. Frank Reynolds read a prayer. The scripture lesson was read by Mrs. G. Ferguson from Matthew 16:21-28. The roll was called by the secretary and the next month's roll will be answ with a favorite commandment. The minutes of the last meeting were read and approved. Business was discussed after which the collection was taken.

Mrs. Reynolds thanked the society for a letter of sympathy she had received. A chapter of the study book was read by Mrs. Woods. Hymn No. 165 was sung, after which Miss Robinson, who took charge of the program, asked Mrs. Hamilton to read an account of ten years in the W .M .S. A reading on Trinidad was given by Mrs. George Ferguson. Mrs. W. R. Rollins sang a solo which followed up the anniversary thought. A reading entitled "Helping Missionaries," was given by Mrs. Arthur Holmes, also one by Mrs. George Cole. Poetry was read by Mrs. E. Moore, after which hymn No. 202 was sung and the meeting closed with Mrs. W. R. Rollins repeating the benediction.

DUNGANNON MAN FATALLY INJURED

Percy Claude Bowen, aged 29, a resident of Dungannon Township, employed as a teamster at Conlin's Mill near Detlor, met with a fatal accident shortly after commencing work on Monday morning of last week. Driving a spirited team which apparently became frightened, the driver was thrown off a load of slabs on the wagon, the wheels of which passed over his body, fracturing his ribs which punctured a lung causing an inward hemorrhage. Fellow workers left with the victim imemdiately following the accident for medical attention in Bancroft, but he died on the road before arriving there.

An inquest was opened at Towle's Undertaking Parlours by Dr. Lumb and a jury was empannelled who viewed the body. Dr. Anderson was called to conduct an autopsy. The inquest was adjourned to the call of the coroner.

The funeral took place on Thursday afternoon from the home of his parents near Detlor to Egan Creek Cemetery.

His tragic demise has cast a gloom over the community in which the young man resided. To his bereaved parents and relatives is extended the sympathy of friends.

SANDFORD—SKINGLEY

A pretty wedding was solemnised on Saturday, June 1 1935, in the chapel of St. George's Anglican Church, Oshawa, when Dorothy Ellen, elder daughter of Mr. and Mrs. A. J. Skingley, became the bride of Earl Edmund, elder son of Mr. and Mrs. Edward B. Sandford, formerly of Eldorado. Rev. D. M. Rose officiated.

The bride was given in marriage by her father and wore a graceful gown of acquamarine blue crepe, turban hat of the same material, blue slippers and corsage of pink roses and lily of the valley and maiden hair fern. She was attended by her sister, Miss Mae Skingley, attired in a pink crepe dress and halo hat, wearing a corsage of pink carnations and forget-me-notes.

Mr. Cecil Sandford was his brother's groomsman.

After the ceremony a reception was held at the home of the bride's parents. Mr. and Mrs. Sandford will reside in Oshawa after a trip to points west.

ROWE—SHARPE

A quiet but pretty wedding ceremony was solemnised by Rev. F. G. Johns at eight o'clock on Wednesday evening, June 5th, at the home of the bride's parents at Mount Pleasant, when Agnes Emma, eldest daughter of Mr. and Mrs. Blake Sharpe, became the bride of Harold Kenneth Rowe, youngest son of the late Mr. and Mrs. William Rowe.

The bride looked charming in a gown of powder blue crepe with white trimming, fashioned on long lines, and the young couple were unattended.

After the ceremony the bride's mother served a dainty buffet lunch and the house was adorned with lovely bouquets of spring blossoms.

CHOOSES EXECUTIVE

At the session of the Diocese of Ontario Anglican Synod, the executive committee was elected as follows: Clergy, Rev. S. E. Morton, Brockville, Rev. A. Teskey, Kingston; Rev. R. W. Spencer, Camden East; Rev. A. L. McTeer, Cataraqui; Rev. G. G. Wright, Belleville; Rev. S. E. Harrington, Kingston; Rev. J. D. M. Naughton, Kingston; Rev. A. C. Cooke, Barrieñeld; Rev. H. H. Pettem, Prescott; Rev. A. E. Payne, Belleville.

The newlyweds are spending a short honeymoon with Mr. and Mrs. Percy Tweedy at Almonte, the bride travelling in a frock of Royal blue crepe with white accessories.

KICKED BY HORSE

Little Fred Griffin had the misfortune of having his arm broken on Sunday when he was kicked by a horse which he was leading.

SUBSCRIBER FOR FIFTY-EIGHT YEARS

Mr. James Rose was a caller at the Review office this week and informed us that he had been taking the Review since its first copy was printed in 1877, and took the Madoc Mercury for several years before the Review was established. Who can equal this?

ATTEND LODGE IN FRANKFORD

On Thursday evening last, June 13, Mrs. Jennie Morrison, District Deputy President, paid a visit to Frankford Rebekah Lodge. She was accompanied by Mrs. Blanche Alexander and Mrs. Mabel Stockloser, of Oakdale Rebekah Lodge. During the evening the Noble Grand of Frankford Lodge, Sister Patrick, presented Mrs. Morrison with a pretty silver cake plate in recognition of her services as District Deputy President.

UNCLAIMED PRIZES

Many prizes of the Madoc Better Days have not been claimed. All prizes not claimed by midnight of Saturday, June 22rd, will be forfeited.

The following coupon numbers are still outstanding:

41549, 35230, 95000, 42909, 66309, 72106, 98503, 48965, 71707, 67855, 96064, 3174A, 89804, 46177, 15795A, 66445, 24068, 94594, 74706.

These may be claimed at Johnston's Drug Store. Check yours over carefully.

COUNTY TAX RATE FIFTEEN MILLS

At Thursday afternoon's session of the County Council, Mr. W. C. West, Reeve of Stirling Village, presented the report on estimates as prepared by the special committee appointed by the Warden.

The County rates are 15 mills, the same as last year and are made up as follows: general, 10 mills; County roads, 2 mills; Provincial highways, 3 mills; Dds. By-laws, 1 mill.

C. G. I. T. SERVE AFTERNOON TEA

On Thursday evening, June 13th, an afternoon tea was held in aid of the Junior C. G. I. T. at the home of Mrs. R. Wellman on Prince. Albert street. Miss Grace Garrett is the leader. The rooms were prettily decorated with blue and white flowers. Mrs. George White poured tea while the C. G. I. T. officers, Margaret White, Helen Wellman, Madeline Bailey, Kathleen Phillips and Marjory Cuthbertson assisted in serving the guests. A number of visitors were in attendance. Mrs. Howell presided at the piano and Mrs. Wesley Hulin sang. A delightful lunch was served to the guests from 4 to 6 o'clock.

FLEMING RESIDENCE AND BUILDINGS DESTROYED

At the height of the electric storm which was quite severe in the northern part of the county, a house, barn, pig pen and drive house and contents of the home owned by Mrs. Alex. Fleming and situated on the 9th concession of Huntingdon township, was completely destroyed by fire after being struck by lightning shortly after ten-thirty on Friday evening.

The storm was quite severe in that section and was accompanied by a heavy rain but it was impossible to save any of the buildings or contents, of the home despite heroic efforts of the neighbors, who were quickly on the scene. The members of the household had not retired due to the severity of the storm and it is reported that apparently the lightning struck both house and barn at the same time, they immediately bursting into flames. It is estimated the loss will be $4,000 which is partially covered by insurance. No livestock was lost as the cattle and horses were in the pastures.

FAREWELL TO MRS. G. W. RIVERS

Trinity W. M. S. met at the home of Mrs. Frank Dafoe on Thursday evening, June 13th, for a farewell evening with Mrs. G. W. Rivers. Thirty-five members were in attendance. A pleasant conversational period was followed by music, singing and contests. Mrs. Abbott and Mrs. Jack gave readings. Mrs. M. Bristol, Mrs. M. Maybee, Mrs. R. Fair, and Mrs. G. Huffman sang a quartette.

Mrs. Rivers, whose active interest in the Society has been much appreciated, was then asked to listen to the following address read by Mrs. Frank Dafoe:

Madoc, June 13, 1935.

Dear Mrs. Rivers:

We, the officers and members of the Woman's Missionary Society are indeed pleased to have you with us for one more of our social evenings. You have been revered in our beloved Society, not only because you were the wife of our esteemed pastor but for the high standard of living, and of service you have maintained throughout the years. Very often we well realized that the many tasks you so conscientiously performed were a test for you physically.

We shall treasure the memory of our hours together of your efficiency as our press secretary, and your interest in each member, and last but not least the beautiful prayers offered from month to month for the Great Missionary Cause. We have been guided and strengthened, encouraged and instructed in our work. Our thoughts shall follow you very often in your new sphere of labor. We shall be interested in the progress of the sons and daughter who have grown to manhood and womanhood in our midst.

We shall hope for the opportunity to welcome you if at any time you can visit in the village. May the dear Master prosper you and yours.

Lovingly,

The Woman's Missionary Society of Trinity United Church.

Miss Tumelty then presented Mrs. Rivers with silver salad forks on behalf of the Society. A few suitable words in reply by Mrs. Rivers was followed by the singing of "For She's a Jolly Good Fellow," by all present. Ice cream, cake and coffee were then served and the pleasant evening came to an end by singing "God Be With You Till We Meet Again."

ACCIDENT HERE SUNDAY AFTERNOON

Mr. G. Harper of Peterborough, had his hand badly crushed on Sunday afternoon when his car was in collision with Mr. Jack O'Reilly's of town. The accident occurred at the four corners. Mr. Harper was travelling east on St. Lawrence Street and Mr. O'Reilly north on Durham street. Mr. Harper was attended by Dr. Beatty. Mr. O'Reilly as well as three occupants of the Harper car were uninjured.

Both cars were slightly damaged, the Peterborough car having both fenders and running board damaged, while the bumper on the O'Reilly car was broken.

MISSILE FROM CATAPULT DESTROYS BOY'S SIGHT

Operated on Monday morning of last week at the Port Hope Hospital Donald Deremo, the eight-year-old son of Mr. and Mrs. Norman Deremo, lost the sight of the right eye as a result of being hit by a stone from a catapult, in the hands of a companion, Glen Murray.

The unfortunate accident took place Saturday afternoon in a small grove of trees near Pine street, Port Hope. Young Deremo and several other young boys were playing and a stone from a catapult is said to have glanced off the ground and struck the victim in the eye. Dr. H. W. Benson had the boy removed to the hospital where is was found impossible to save the sight.

BIRTHS

SARLES—On Wednesday, June 5, 1935, to Mr. and Mrs. Nelson Sarles, a son, Carl Ross.

WARDEN THANKS PROVIDENCE FOR FINE PROSPECTS

A spirit of optimism prevailed among the members of Hastings County Council who assembled at the council chamber, Shire Hall, in Belleville on Tuesday afternoon of last week for the June session. This feeling was owing to the prospects of excellent crops this year. The great majority of the members were in attendance.

In opening the session Warden Jas. Bronson stated he was pleased to see so many representatives present. A kind Providence had spared all the members there being no demises to report since the January session. There were great prospects of good crops in the County this year for which we should be thankful to a kind Providence who has done His part in this respect. He reminded the members that as there was considerable business to be transacted at this session his remarks would of necessity be brief.

At the conclusion of the Warden's remarks he named the personnel of the two most important committees of the session, namely on equalization and estimates. Those named were as follows.

Equalization—William West, A. L. Burke, W. Grey, D. Clarke, George Thompson, J. A. Gunter, James Nickle, Warden J. J. Bronson and Clerk E. Denyes.

Estimates—William West, J. A. Moore, C. Wallbridge, William Davis, J. L. Churcher, H. Larkin, H. Sayers, Warden J. J. Bronson, Clerk E. Denyes and Treasurer J. W. Haggerty.

Considerable discussion took place in regard to what definite action the Provincial Department of road development was going to take on certain roads in the northern part of the county.

Mr. H. Larkin, Reeve of Tyendinaga stated that the committee from the Council which went to Toronto in regard to this matter had definite assurance from Hon. Peter Heenan, who is head of the Northern Development scheme, that certain roads would be taken over by the department but from a communication there appears nothing to be definite as yet.

EQUALIZATION REMAINS THE SAME

At the opening of the Wednesday afternoon session of the County Council Mrs T. Holland, who is head of the Victorian Order of Nurses in Belleville, and Nurse Miss B. Soutar, addressed the members relative to a grant to the Order.

Miss Soutar, in her opening remarks, said she came to Belleville a year ago as a nurse of the Order and she appreciated the opportunity of addressing the Council. The speaker outlined briefly the workings of the Victorian Order of Nurses. The aim of the Order remains praiseworthy, looking after the needy who are ill. The nurse visits the home to help those who are ill. Many, where services are necessary, are unable to pay. The object of their visit to the Council was to make a request for a grant. The nurses make visits two miles out side of the city of Belleville. Miss Soutar cited a case where a patient was in the hospital and desired to go home. The physician in charge allowed the patient to go home, when it was ascertained that a nurse of the Victorian Order of Nurses would pay a visit to the home daily during the convalescence of the patient. In concluding her remarks the speaker made another appeal for a grant.

Mrs. T. Holland said if the Council would give any assistance it would be much appreciated by the Order.

Warden Bronson stated the request for a grant would be referred to the Ways and Means Committee for consideration.

The report of the special committee on equalization was presented by Mr. W. C. West. It was anticipated there might have been some discussion on the report, but it was unanimously adopted at the conclusion of its presentation. The equalization of the various municipalities in the County is the same as last year, being as follows:

Sidney Township	$2,909,600.
Thurlow Township	3,402,800.
Tyendinaga Township	1,724,900.
Rawdon Township	1,923,300.
Huntingdon Township	914,900.
Hungerford Township	1,912,800.
Marmora and Lake	622,200.
Madoc Township	1,287,900.
Elzevir & Grimsthorpe	280,100
Tudor & Cashel	103,500
Wollaston Township	87,900.
Limerick Township	63,100
Faraday Township	-72,500.
Dungannon Township	77,600.
Mayo Township	62,100.
Carlow Township	82,800.
Moneceagie & Herschel	165,000.
Bangor, Wicklow & McClure	113,800.
Town of Deseronto	400,000.
Village of Stirling	373,700.
Village of Madoc	384,100.
Village of Tweed	493,700.
Village of Marmora	239,200.
Village of Bancroft	139,700.
Village of Deloro	170,100.
Village of Frankford	295,900.
	$18,302,800

BOWLING

Owing to rain the regular local jitney on Friday night had to be called off as well as the Monday night games. However, the rain was not a serious handicap as Tom Caverly was able to keep his arm in shape by bowling a few ends on Saturday night.

• • •

A rink from Madoc composed of Dr. Beatty, H. Kellar, J. Watson and P. Gunn, skip, attended the men's bowling tournament in Deseronto on Wednesday of last week and were successful in winning four out of five games, which gave them first prize in the consolation of silver flower baskets.

• • •

Several new bowlers as well as some new sets of bowls have been seen on the green this year, which shows the growing interest in the game locally. We see where we have to pay our electric light accounts before 6 p.m. now, and were wondering if Alex's new bowls had anything to do with it.

OPEN SEASON FOR BLACK BASS AND MASKINONGE

In view of the popular demand from interested anglers who desire to take advantage over the Dominion Day holiday of the privileges which fishing for these species affords, and having in mind the fact that the holiday this year happens on Monday, the Department of Game and Fisheries is making arrangements which will provide that for the year 1935 this open season will commence on Saturday, June 29, to apply to those waters in which this open season would ordinarily commence on July 1st.

FIELD MEETING OF BEE-KEEPERS

A field meeting will be held at the home of Mr. B. O. Lott, Halloway, on Tuesday, June 25th, under the auspices of the Ontario Honey Federation and Beekeepers' Association of Ontario. The speakers will be Prof. George Gooderham of Ottawa, Prof. Dr. Dyce, Prof. Jarvis of Ontario Agricultural College, Guelph. Miss Annabel Newberry, dietitian, who will give an address on the food value of honey, the vitamin contained in honey and the uses it can be put to in cooking, and Mr. T. H. Shields the General Manager of the Ontario Honey and Operating Company Limited. There will be a discussion on the Dominion Marketing Act. The ladies of the United Church at Halloway will serve a lunch at noon of sandwiches, cake, pie, ice cream, coffee and tea, and other refreshments.

RAILWAY EARNINGS WEEK OF MAY 31ST

The gross revenues of the all-inclusive Canadian National Railways System for the ten day period ending May 31, 1935, were $4,580,818, as compared with $4,679,338, for the corresponding period of 1934, a decrease of $98,520.

LOCAL AND PERSONAL

Mr. R. A. Murrison of Pickering, spent Sunday in town.

Mrs. Kathleen Meraw spent a few days in Kingston last week.

Mrs. Mary Embury is visiting friends in Toronto this week.

—Kodaks, Films, Developing, Printing. Rupert's Drug Store. 14-26

—ECZEMA, PSORIASIS HEALED while you work by KLEEREX—"The wonder Healing Salve." Impetigo, Itch, Erythema, Acne, Ringworm, and other skin ailments respond quickly to Kleerex treatment. 50c; $1.00; $2.00. Recommended and sold by Johnston's Drug Store.

DIED AT WINNIPEG

Word was received here by Mrs. John Gawley that her niece, Margaret West, youngest daughter of Mr. and Mrs. Norman West ,formerly of Madoc, had died on June 5th in the Winnipeg General Hospital.

OBITUARY

MRS. JOHN COOPER

On Monday, June 10, at the Kingston General Hospital, after a serious operation, Mrs. John Cooper (nee Rachel Revoy) passed away. The deceased had lived in and around Madoc most of her life. Her husband passed away some years ago. Left to mourn her loss are one daughter, Alice, Mrs. Sam Hill, and two grandsons.

The funeral was held from her late residence, West st. Lawrence street, to St. John's Anglican Church on Wednesday afternoon, where service was conducted by Rev. W. G. Hope Swayne. Interment was made in Lakeview cemetery.

Mr. and Mrs. Ed. Booth of Pickering, were guests of Mr. and Mrs. R. McGhee over the week-end.

Changes in the color of a new series of postage stamps being issued on June 1st by the Post Office Department was announced recently. The ten cent stamp on which will be the picture of a Royal Canadian Mounted Police constable on horseback, will be rose, not red, as previously announced.

HERE AND THERE

The best reformers the world has ever seen, and the only ones worth while, are those who have made a good job of reforming themselves.

Most of the nations of the world are having trouble finding funds to feed their people, but they can still locate plenty of money to build armaments.

Wind, snow, rain and dust storms and floods in the United States, but Canada holds to its reputation for a climate relatively free of such distressful occurrences.

Only ten thousand Canadian men and women were selected to receive medals from the King to commemorate the 25th anniversary of their Majesties' accession to the throne, so those who didn't get any will realize that even that number to a population of ten million was quite a generous allowance.

The mother of the Mahoney quadruplets in the Maritimes has said that Papa Dionne doesn't know when he is well off. The Mahoneys did not receive any help from any source to bring up their four children and now they are reaching the 'teen age. To receive one hundred dollars a month and to have his five little girls properly cared for by the best doctor in the north country does not suit Dionne. He wants his children. He wants to exploit them. It is quite evident that he has been listening to people who haven't the interests of his family at heart.—Trenton Courier-Advocate.

HISTORY IN ROSES' NAMES

Few people realise to what extent American history is reflected in the names of our roses. To begin with the name of our country, there is the America, a beautiful ruby-pink rose, and the Columbia, also rose-pink in color. Then there is the Francis Scott Key, a dark Tyrian rose-colored hybrid tea, named in honor of the writer of our national anthem. Many of the Presidents are also represented in the roll call of the roses.

AGES OF MAN

The age in which he does not know anything and doesn't know he doesn't know anything. The age in which he doesn't know anything but thinks he knows it all. The age in which he is convinced that his father is a dumbell. The age in which he comes to find out he doesn't know it all. The age in which he discovers that his father is possessed of normal good sense. The age in which he discovers that he really knows very little. The age in which he discovers his father was possessed of more sense than he has. The age in which he has a son who thinks he is a dumbbell.—London Opinion.

NOT FOR SALE

The world, it is said, is always looking for men and women who are not for sale; men who are honest, sound from centre to circumference, true to the heart's core. Men who know their message and tell it; men who know their places and fill them; men who know their own business and tend to it; men who will not lie, shirk, or dodge; men who are not too lazy to work, not too proud to be poor; men who are willing to eat what they have earned, and wear what they have paid for; men who are not afraid to say "No" with emphasis and who are not ashamed to say "I can't afford it!"—Cheley.

GULLIBLE LETTER WRITERS

The chain letter nuisance has been spreading like a dreaded, contagious disease throughout the United States and now the malady has hit Canada; so much so that in many Ontario centres, the A. M. greeting is "Good Morning, have you received a chain letter yet?" The new "gag" is to enclose a dime in one of the six letters to be forwarded and you may receive eventually—$500, $1000 or $1,-500. What a joke. Yet many people believe it. Well, the craze helps postal revenue anyway.—Smiths Falls Record-News.

DRY CYCLE ENDS

High water level in the Bay of Quinte indicates to local observers that the water will now continue to rise slowly but surely.

This ending of the dry cycle of years is accepted generally throughout the country, even as far west as Manitoba and the Western Provinces.

The coming of the wet years' cycle means relief for farmers. Many saw their lands blowing away in some of the sections of the west making almost a desert. But after the wet cycle will come another dry cycle unless steps are taken to protect the lands, the Winnipeg Tribune predicts.

But in this part of Ontario such conditions do not prevail. Yet the wet cycle is welcomed, not only by the farmer but also by the users of electricity, who depend upon the water power resources.

A few years ago in Belleville the water level was very high and some dwellings were almost inundated by the bay water, while portions of Queen Victoria Park were submerged.—Ontario-Intelligencer.

A MESSAGE TO YOUTH

Within the next few weeks there will pass from the schools and colleges of this country a small army of young men and women who will be looking for the opportunity to make their way in life. They have probably been reading and hearing much pessimistic talk in these last few years and may wonder what their chances are of finding work or of finding the place that they can best fill. Perhaps there is too much talk of the difficulties that face young people, probably more of the talk of this kind comes from the elders than from the youth itself. The times are themselves a challenge, they say to young men and women: Here are problems to be dealt with in greater number than your elders ever knew, what can you do to solve them?

The greatest asset that any young person can take into the press of active life at this time is a high ideal. Just to get along, to keep up with the crowd, is far too low. Something of the old-fashioned idealism of the Victorian days would be an excellent antidote for any wishy-washy sentiments about handicaps. Years ago Sir Wilfrid Laurier gave this message to a group of young people, a message that is timely for today:

"As for you who stand today on the threshold of life, with a long horizon open before you for a long career of usefulness to your native land, if you will permit me, after a long life, I shall remind you that many problems rise before you . . . . Let me tell you that for the solution of these problems you have a safe guide, and unfailing light, if you remember that faith is better than doubt, and love is better than hate, and hope is better than pessimism from your life. Let your souls be ever open to the strong promptings of faith and the gentle influence of brotherly love. Be adamant against the haughty; be gentle and kind to the weak. Let your aim and your purpose, in good report and in ill, in victory or in defeat, be so to live, so to strive, so to serve, as to do your part to raise the standards of life to higher and better spheres."

No finer message could be brought to the youth of Canada at this time than the words of wisdom set down by one of Canada's great men of the past.—Tara Leader.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

June 18, 1885

On the 18th instant John Hogan, aged 27 years, of Millbridge, was drowned in Beaver Creek.

Mr. Jack Huff has been appointed Bailiff of the 6th Division Court.

The R. C. picnic is in progress in the village today.

Twenty firemen are in Napanee today attending a demonstration.

On Dominion Day the teachers and pupils of the Madoc Model School will hold a picnic in Mr. Seymour's grove.

Rev. F. B. Stratton will deliver an address on "The Politics of Canada," in the Methodist Church on Sunday next.

Mr. William Coe and Mr. Arthur Coe were appointed Directors of the Coe Hill Mining Company at the annual meeting held in Trenton.

The Madoc Corps of the Salvation Army has had a three days' Jubilee. Major Thompson was the chief speaker. They held a banquet in the Masonic Hall on Monday evening. On Monday afternoon a public baptism of members of the Army took place in the waters of Deer River in the rear of the Masonic Hall. Capt. M. W. Westcott, W. J. Reed, R. Herrington, A. Scrimshaw, Rose and J. Hawley were severally immersed.

In the final draft of the stations of ministers of the Methodist Church, F. B. Stratton and W. C. Beer were appointed to Madoc, O .R. Lambly to Stirling, William J. Young and Geo. W. Dewey, Tweed and Bridgewater, J. C. Seymour, Thomasburg.

Interesting Scott Act meetings are being held in Madoc and surrounding districts.

TWENTY-FIVE YEARS AGO

June 16, 1910

Rev. J. Connell preached on the Blair Appointment on Sunday evening with one of his soul-stirring discourses from the text "What Shall I Do With Jesus."

William Moore, of St. Ola shot a black bear which weighed 300 lbs. on Thursday.

The Trent Canal contract was awarded for one million dollars to Hanly, Quinlan and Robertson.

Rev. Richard Bamforth is appointed to Madoc in the final draft of ministers for the Madoc district.

At the Farmers' Institute meeting Mr. Joseph English was elected president.

Most Rev. C. H. Gauthier visited Sacred Heart Church, Madoc, and the Queensboro Church last Sunday.

On June 8, 1910, Charles Doughty of Eldorado, was married to Anna Belle, youngest daughter of John McCoy of Cooper.

Mr. Bruce Vankleek left on Tuesday for Edmonton.

Mr. Charles Ross of Winnipeg, is visiting his mother in town. He is a representative of Winnipeg Street Railway Company and has been attending a convention in Montreal.

On Monday a special train will run to Maynooth to convey I. O. O. F. members to that place to institute a new lodge.

The Y. P. S. of St. Peter's Church had a most enjoyable picnic at Mr. H. Jones' cottage at the lake on Thursday.

Mr. C. E. Wright was a successful candidate in dentistry at the University of Toronto.

Miss Fanny Ballard spent a few days last week visiting her sister, Miss Amy Ballard, in Toronto.

FIFTEEN YEARS AGO

June 17, 1920

A farewell party was tendered Miss P. Pierce at the home of Mrs. T. Moore at Queensboro on Friday. She is leaving on Tuesday for Vancouver.

On Friday evening Oakdale Rebekah Lodge held a social evening in their lodge rooms in honor of the bride and groom, Mr. and Mrs. Bruce Embury. About thirty were present. Mrs. T. H. Thompson gave a speech on "Suffragettes" and Mrs. Alexander sang a solo. A pleasant time was spent in guessing games and charades.

John R. Brown, who conducted a blacksmith business in Madoc, died at the home of his sister, Mrs. James Campbell, Strathclair, Man.

Mrs. T. W .Christie and Miss Jennie Holmes left on Monday to attend the Rebekah Assembly in London.

Rev. Raymond, of the Standard Church, has been moved to Frankford.

Carrie Martin of Ivanhoe, was married to Walter Marshall Gawley, of Malone, on June 9th by Rev. W. P. Woodger.

Among the medical students to receive the degree of M.D., C.M., at Queen's University, we notice the name of Harry Waytock, of Madoc.

GANG OF KILLERS ELECTROCUTED IN BOSTON PRISON

New England's most ruthless gang of killers, the Millen-Faber machine gun trio, paid for four wanton killings early Friday in the electric chair at State Prison, Boston.

Murton Millen, 25, his brother, Irving, 21, and their college graduate pal, Abraham Faber, died within a space of 30 minutes after midnight for their brief but bloody career of crime. They were sentenced for the machine gun slaying of Patrolmen Forbes McLeod, former resident of Guysboro, N. S., during a $14,500 robbery and holdup of the Needham Trust Company on February 2, 1934.

While they died, Murton's 20-year-old bride, Norma, was sleeping in her cell in Dedham Jail, where she has been confined since last September, as an accessory. Now a widow, the pretty daughter of a former minister, may be freed immediately. She was ordered confined by Judge Nelson P. Brown, until such time as her husband's career "no longer was a matter of public interest."

NEW BRUNSWICK POTATOES WELL RECEIVED IN INDIA

New Brunswick potatoes have been introduced into the Bombay market, India, and have been favorably received. Large quantities of potatoes are imported into the Bombay market each year from Italy, Cyprus, Mombasa, (Kenya) and Japan. The native potato comes on the market from December to February, so that Canadian potatoes should arrive in the months July to November. Round, yellow or white-skinned varieties, medium to medium-large sizes, are preferred, and they must be new-crop and thin-skinned, otherwise they will have sprouted or gone to seed by the time they arrive.

FINE FISHING GROUND MADE BY PACKHORSE

When a packhorse fell in the boggy creek, that incident was responsible for populating a small lake in the Rocky Mountains with tens of thousands of speckled trout, according to by Alan N. Longstaff. The packhorse was one of a train carrying 250,000 speckled trout fingerlings for planting in Maligne Lake, Jasper National Park. Each packhorse carried two specially-constructed pans filled with young trout. When one of them fell, a can of trout were released with the result that other lakes besides Maligne were planted and speckled trout fishing is now general throughout the Maligne section of Canada's largest National Park.

NAMES FOR TRAINS ARE CHOSEN CAREFULLY

Names for crack trains and steamships are not chosen in haphazard manner, but instead are the result of careful thought on the part of high officials of transportation companies, states Franklin Snow, well known writer on transportation matters. Mr. Snow cites the "million-dollar-moniker" of the Twentieth Century Limited as an example, adding that the names of the International Limited, the Continental Limited, the Maple Leaf and other famous trains of the Canadian National Railways identify their ownership to travellers without difficulty.

QUINTET SOUGHT IN BOY KIDNAP

Captain John Keegan of the Portland, Ore., Detective Bureau, has ordered a city-wide search for five men who police declared are wanted for questioning in the George Weyerhaeuser kidnapping at Tacoma.

The police named the men as follows: Richard Franzeen and Elliott Michener, under indictment for the Denver Rio Grande railroad robbery on February 2, 1935; Jack Bailey of Portland, last seen there on May 15; Clarence Martin and Herbert Lester Johnstone, alias "Shadow" who police suspect of being implicated in an attempt extortion of $10,000 from the Mayor of Olympit, Wash., several years ago.

Franzeen and Michener last were seen in Salt Lake City several weeks ago.

PAWNS WEDDING RING FOR GALLON OF WINE

Admitting that he had pawned his wife's wedding ring and bought a gallon of wine with the money, Melville Collins was convicted by Magistrate Ambrose Shea of non-support and ordered to turn over his next Workmen's Compensation Board cheque to his wife. A remand of a month was made by the Magistrate after he had expressed regret there was nothing in the act which allowed him to send the accused to jail.

SCENE DESCRIBED AS HELL OF HEAT AND EXPLOSIONS

Grimy Nazis dug into the debris of "The hell of heat and explosion" that was Reinsdorf on Saturday for the victims of a series of devastating munitions explosions, seriously estimated at from 52 to 1,000.

Flames, following fast upon the giant explosions added to the destruction. Shocked survivors of the catastrophe, many of them with only their clothes upon their back, streamed out of the town upon orders that it be evacuated.

A rigid censorship, enforced by police rifles was thrown about Reinsdorf, a suburb of Wittenberg, and a huge munitions centre.

Tight-lipped Nazi officials, placed the dead at 52. They said 75 were seriously injured and 300 less seriously hurt. But unofficial estimates placed the number killed up to 1,000.

OBITUARY

WILLIAM WEBB

The late William Webb, who died on June 1st at his residence in Toronto, was born in Rawdon township 65 years ago, the son of John Webb Sr., and the late Mrs. Maria Webb. He lived in that township until twenty years ago when he moved to Toronto where he resided until his death. He was a member of St. Saviour's Anglican Church, Toronto, and Marmora Lodge, A. F. & A. M. No. 222. In politics he was a Conservative.

The funeral service was held in the chapel of McDougall and Brown Ltd., Toronto, Rev. Mr. Johnson, Rector of St. Saviour's Church, taking the service. Interment was made in Prospect Cemetery. The pall bearers were Messrs. John Wallace, H. M. Caverly, Elden Greenly, John Shepherd, Chris Webb and John Webb.

Left to mourn his loss are his aged father and his sister, Mrs. Charles Benson of Springbrook; his sister, Mrs. Henry Wallace, Ivanhoe, and two brothers, Christopher of Toronto, and John of Cannifton, Ont.

His wife predeceased him twelve years ago.

WESTERN CROP REPORTS PROVE OPTIMISTIC

Over Western Canada crop growing regions many fields are now showing from two to three inches of growth with stands even and strong. Grasshoppers are commencing to hatch and control methods are being practiced in infested areas. Wheat seeding is completed, while oats and barley vary from about 50 per cent in the northern districts to total completion in the southernly areas.

In Manitoba, weather has been ideal for crop growth, being warm with no frost at nights. Seeding is almost completed and from some of the lighter soil areas come reports that good rains will be required early in June to assist in profuse stooling.

In southern Saskatchewan weather has been cool and cloudy, with light showers. Land is in good growing condition and seeding is progressing rapidly. Early sown wheat is showing nice growth, but warmer days would speed this up. Fall rye fields are doing well and there is sufficient moisure for all crop requirements for some time.

In Alberta the weather has been mostly warm, with beneficial showers, which partially delayed seeding. Early sown fields are showing green. The moisture supply is ample for the present and prospects are considered good. Grasshoppers are now hatching fast, but control measures are in full swing.

In north central Alberta and in the Peace River country, wheat seeding is half completed and about 30 per cent of coarse grains have reached the seed bed. Weather has been warmer, but a heavy rain again delayed work, so that all this territory will finish seeding considerably later than in past years.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Spring Fairs

While the majority of the Agricultural Society Fairs are held in the autumn, several spring fairs are conducted, and May 24th is a popular date.

The shows at Brooklin in South Ontario and Richmond Hill, in York County, were well attended on the holiday, and entries were numerous and of good quality.

Fall fairs are not held at these points. This also applies to the fair at Clairville, Peel County, on May 29th., and to the summer show of the Keuptville Society on June 18th to 20th.

Melon Culture

(By George Rush)

Melons require well drained soil. Rich loam, mixed with gravel, warms up early and is very suitable.

Plant in early June, in hills 4 feet apart, 6 seeds to a hill. When plants show runners, leave 4 plants, removing weak ones.

It is not advisable to plant near cucumbers, as bees inoculate and leave cucumber flavour in melons.

Cultivate with hoe frequently, and for insect control, dust with 1 oz. Paris Green, 5 lbs. Hydrated Lime; mix well and dust during early morning.

Varieties recommended: Musk Melons, Hales Best, Hearts of Gold, Delicious, if a green flesh is required use Rocky Ford of Hackensack.

Water Melons: Tom Watson, Coles Early.

County Agricultural Meetings

County meetings of Agricultural Society Officers were held recently in Perth, Huron and Middlesex. Almost 100 per cent representation was realized at Stratford and Clinton and at London every Society in Middlesex County was represented.

This is evidence of increasing enthusiasm on the part of Agricultural Society Officers.

A broader program for Agricultural Societies was discussed and many important features of fair management received consideration. At each meeting the classification of horses promoted lively exchange of views as evidently this is found to be a problem at many fairs.

The consensus of opinion seemed to be, rules on horse classes should be more strictly enforced and exhibitors should be permitted to enter in proper classes only.

The educational value of fairs is depreciated if prizes are awarded to animals out of class.

Junior Farmers' Pigs Pay

Clarence Carter of Port Perry, Ont., obtained remarkable results with a litter of bacon hogs, according to a detailed statement of feed costs and market returns submitted through W. M. Croskery, Agricultural Representative. The litter, which was entered in the 1934 bacon litter competition was from a sow secured through the Federal Brood Sow Policy.

The sow farrowed 15 pigs on April 28, 1934. When weaned on June 12 the pigs weighed 28 pounds each. For no apparent reason one pig died. The 14 remaining pigs were marketed on October 30, at 185 days of age, the total weight being 2860 pounds, or an average of 204 pounds. They graded 12 selects, one bacon and one light. The selling price was $7.85, or a total, with the premiums for selects, of $235.51. Feed costs totalled $86.86 leaving a gross profit of $148.65, and the score in the bacon litter competition was 199.27 points, one of the highest scores made.

Demand for Farm Help

The demand for experienced farm help has been so keen this spring in Western Ontario that it now exceeds the supply in the district around London. Enquiries are coming in to the Employment Office there every day and few men who have worked on farms are available.

In the past two months more than 250 men have been sent out to farms from the London office. Wages are nearly double those paid last year. Starting at $10 a month with board the prevailing rate is now for $20 a month or more. A high percentage of the men have been hired on a yearly basis. If weather conditions continue to be favourable and the farm outlook improves these men should not be back in the city on relief, as was the case last year when the extended drought ruined the prospects of crops in the district.

The demand for farm help has been best in the Thorndale, Ingersoll and other districts east of the city but all districts have shown improvement over 1934.

Tomatoes

(By George Rush)

Plants should be set out in early June in warm well drained soil. Choose strong plants, well bushed out. Dig well, and supply barnyard manure at the rate of ten tons to the acre. Too large an application will create large vine growth, at the expense of the fruit. When planting, make a hole deep enough to cover the roots.

If allowing vines to trail, space from four to five feet each way. Do not plant too close, as mildew and rot result through lack of air circulation. When staking, plant 18" by 36", using a stake 2" by 2' 6 feet long. Drive in the ground 12". Prune off side shoots, leaving from one to four branches. When tying use binder twine, or taffata, 3 strings to a plant.

Spraying plants during the early stage with Bordeaux Mixture helps to control blossom end rot. For cutworms, use 1 oz. Paris Green, 5 lbs. bran, mixed dry; add 1-2 pint of molasses, then add water in equal parts, until mixture crumbles like bread. Drop a few pieces near each plant during the evening.

The following varieties are recommended: Moores Earliana, Bonnie Best, Carters Sunurise, Pritchard, Chalks Jewel.

When fruits are well set, cultivate carefully and not too deep, or rootlets may be cut.

The Lime Question

A valuable pamphlet has just been issued by the Department of Chemistry, O.A.C., on the subject, "Lime and Its Uses." The pamphlet, after discussing the nature of soil acidity, points out that it is caused by lime being bleached from the soil and removed by crops.

Soil acidity is of increasing importance since on acid soils, soluble phosphates form combinations that are not readily available to growing crops. In other words, available phosphoric acid in manure and in fertilizers applied to an acid soil does not help the crop to the fullest extent since it becomes locked up in unavailable forms. This is the immediate cause for greater interest in liming of soils.

Different farm and garden crops can tolerate different degrees of soil acidity. A classification of crops is given in the pamphlet.

A simple yet sensitive and inexpensive test for soil acidity is put out by the Department of Chemistry, O.A.C. It is called the Reactosoil Test and is available at cost with full instructions as to how to use.

Kinds of lime, fineness, rates and methods of application are fully discussed.

Illustrations of the profit with which lime has been used are also provided.

This valuable pamphlet is to be had on application.

The teachers of Marmora High School have all been re-engaged for next term at a small increase in salary. Citizens generally will approve of the action of the Board both in re-engaging the staff and in increasing the salaries.

DRUNKEN DRIVERS RECEIVE NO MERCY!

THE man who takes a drink when he knows he is going to drive a car is deliberately *asking* for trouble.

It is time for strict discipline on this . . . on mad speed . . . on all forms of road selfishness that lead to accidents.

Persons convicted of being intoxicated while in charge of a motor vehicle will receive no mercy. It is better to drive carefully than to lose your driver's license . . . perhaps permanently . . . in addition to receiving *a severe court sentence.*

IT IS BETTER TO BE SAFE... *THAN SORRY!*

MOTOR VEHICLES BRANCH
ONTARIO DEPARTMENT OF HIGHWAYS

ONTARIO

THIS MUST STOP!

In Ontario, during 1934, there were nearly 10,000 automobile accidents.

512 people were killed
8,990 people were injured

...a considerable increase over 1933. It must be evident to all thinking people that *this must stop.*

Hon. T. B. McQuesten,
Minister of Highways.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT BACKWARDS—IT GIVES YOU THE SAME, SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You ToBuy In Order To Save

BOYS' CAMP READY FOR BIG SEASON

The Belleville Boys' Camp Committee held a meeting at the Y. M. C. A. in Belleville on Friday to complete plans for Leadership Equipment, etc., for the camp at Moira Lake.

New projects in woodwork and handcraft will be added to an already extensive program which includes athletics, boating, swimming, life saving, nature study, Bible study, camp craft, archery, first aid and many other features helpful and enjoyable to boys.

A splendid group of leaders under the direction of J. E. Shortt, an experienced camper and out-of-doors man will supervise the boys during their vacation. The camp is for boys of the Belleville community from 10 to 15 years of age. The large dining hall, screened sleeping cabins and fine equipment for games and boating makes this camp ideal for boys of this age. The camp will be operated from July 4th to 18th.

THREE DROWNED DURING WEEK-END

Six persons came to violent deaths in various parts of Ontario during the week-end. Three persons were drowned, a trainman was killed, a girl died in her burning home, and the sixth committed suicide.

Margaret Robb, 24, daughter of Dr. J. M. Robb, former Ontario Minister of Health, suffocated and burned to death when her home went up in flames several hours after guests at her party had left. She made a vain effort to escape but only reached the library when she was overcome. Her brother, Stanley William Robb, 22, other occupant of the house, escaped by dropping from a window after trying to save her.

At Guelph Frank Swackhamer, 17, slipped from the bank of the Speed River into 15 feet of water. He was unable to swim. Efforts of companions to reach him before he sank were futile.

Sherwin Thomas, 23, drowned off Port Carling when seized by cramps after a sailboat capsized. Three others reached shore.

Thomas Nicholls, 54, of Grafton, was found dead in a few inches of water in a creek near Cobourg. An autopsy found he had been drowned. His death is being investigated and an inquest will be held on Friday.

John Joseph Mulligan was killed in switching operations in railway yards at South Porcupine. There were no eye-witnesses to the accident. A brakeman found his body.

James Brand swallowed an unidentified poison and then went to a baseball game at Toronto. He toppled over, dead. Analysts are endeavoring to identify the poison. They declared it was self-administered.

A PRAYER FOR PEACE

Mr. George Allen Kingston of Toronto, whose splendid Jubilee Hymn received Dominion-wide recognition on the occasion of the Jubilee celebration early in May, and which was graciously acknowledged by Their Majesties, has since composed another beautiful hymn on a timely subject entitled "A Prayer for Peace" which has already been highly commended. It is written in six lines eights and may be sung to any one of a number of tunes, but "Stella" and "St. Chrysostom" are two tunes suggested as most suitable for this composition. The hymn follows:

Creation's Lord who from the heights,
Doth move the planets in their turn,
Who stilled the waves and stayed the storm.
And e'en made fire refuse to burn,—
Give ear, O Lord, to this our plea,
And spare the world war's dread decree.

Lord of the nations who dost know
The world's high rulers' inmost thought,
Teach them to learn in Thy pure light
The works that only love have wrought.
Create in them the will for peace
That war throughout the world may cease.

Forbid, O Lord, that hymns of hate
Should o'er the lands again be sung
Let songs of love and brotherhood
Swell high the note on every tongue—
May man enthrone Thee, Prince of Peace,
That war in all the earth may cease.

Hasten the day when men shall come
O'er all the world to brothers be,
When swords to plowshares shall be turned,
And spears to pruning hooks, that we
May soon forget the arts of war,
And "Peace" be man's sole guiding star.

WESTERN CROP REPORTS SOUND OPTIMISTIC NOTE

Crop conditions were generally good throughout Western Canada to the close of May. Wheat seeding is practically completed, except in the Peace River and from 50 per cent to 80 per cent of the coarse grains are in the ground. Weather has been mostly cool and cloudy and no serious damage is reported from drifting or pests. Where necessary, grasshopper control measures are well in hand.

In Manitoba, cool weather has prevailed, plenty of moisture is reported and crops and pastures are in good shape. From Saskatchewan come reports that weather has been cool and cloudy with some high winds and showers. There is sufficient moisture for the present. Early sown wheat is showing up well and pastures are becoming green. No evidence of grasshoppers is seen. Fall rye is in good condition. Growth in general is rather slow as weather remains cool. Alberta reports weather mostly cool with scattered showers and some high winds. Wheat seeding is now completed and 75 per cent of coarse grains have reached the seed bed. While growth is somewhat retarded on account of weather conditions, the general outlook is very satisfactory. Pastures are in good shape.

SALAD WEEK JUNE 24-29

"Adopt a Child" Week proved a sound scheme when the Ontario Government recently found itself with a surplus of babies for adoption. Today the province faces another kind of surplus—that of garden crops. And to move this surplus into consumption, Ontario Salad Week has been instituted for the week of June 24-29.

Solidly behind Ontario Salad Week is the Ontario Growers Markets Council. M. M. Robinson, chairman of the council, points out that each year early summer weather, accompanied by favorable rains, brings on a sharp peak of early vegetable production. These early crops are the finest in point of quality, and health value, but unless consumption is sharply speeded up much valuable produce may fail to get into consumption at all.

Besides assisting in the marketing of the province's surplus of garden vegetables, Ontario Salad Week is designed to contribute to public education along modern health lines. Medical, dental, and nutritional authorities are unanimous on the importance of increasing the proportion of raw and vitamin-containing foods in the nation's diet.

During Salad Week, Ontario housewives are urged to "serve a salad every day." Outdoor lettuce, cabbage, carrots, beets, asparagus, wax beans, hothouse tomatoes and cucumbers will be available in abundance. Retail merchants throughout the province are arranging attractive store displays and featuring the green, yellow and red Ontario Salad Week banner.

PLEADS GUILTY TO POSSESSION OF STILL

Frederick Holland, Marmora township, pleaded guilty to a charge of possessing a still suitable for the manufacture of illicit liquor, when he appeared in the County Police Court held in Madoc before Magistrate Lloyd last week. Holland pleaded guilty to the charge and was fined the minimum fine that could be imposed under the Excise Act, $100.00 and costs. The fine was not paid and a sentence of three months was imposed in default. The case was presented by the Royal Canadian Mounted Police, who investigated and found the still on Holland's premises, although not in operation at the time.

MONTREAL GIRLS WIN

Better be careful about getting fresh with Montreal girls. They may be high-ranking rifle shots. This much has developed from a competition for lady marksmen organised by the Canadian Rifle Association and which was won by a team of young ladies representing the Canadian National Recreation Association at Montreal. The young ladies carried off a handsome trophy donated by Hon. Cairine Wilson, Canada's only lady Senator, for which six teams were entered. The scores were exceptionally high for lady shots.

A group of six men of Stirling and West Huntingdon, left early Saturday morning for Moncton, New Brunswick, where for the next few months they will be engaged in highway construction work for the province of New Brunswick's Highway Department. Those in the party were: Earn Nicholson, William Fox, Grant Fox, Harry Woodbeck, all of Stirling, and Charles Wright and G. Bird of West Huntingdon.

YOUNG MONTREAL-BORN BESSBOROUGH WANTS TO STAY IN CANADA

Because he "likes the winter here best," Hon. George St. Lawrence Neufilze Ponsonby, four-year-old son of the Governor General and Lady Bessborough, does not want to leave his native Canada. His mother, who related the story at the Joan of Arc Institute at Ottawa recently, had told him they were leaving the Dominion.

BRUISES, BROKEN EGGS RESULT OF MOTOR CRASH

On a crash on Union street, Picton, on Saturday night, about 9.30, two occupants of Mr. Albert Carr's automobile suffered minor injuries.

Mr. Reginald Hill of Picton, who was driving west towards town, stated that he was unable to see the automobile, which was parked on the wrong side of the street. As a result two model A Fords met head on.

At the time of the crash Mrs. Albert Carr was standing on the running board of her husband's car with four dozen eggs. The sudden impact threw her several feet, bruising her and smashing the eggs. Her daughter also suffered several minor injuries. Both cars were damaged slightly.—Picton Times.

CONDITIONS GOOD IN NORTH COUNTRY

"Things look pretty good in the north country this year," reported Warden James Bronson, in Belleville, last week, presiding over the regular meeting of the Roads and Bridges Committee of the Hastings County Council.

"Lumbering operations are a little slow yet, but we are hoping for some improvement," commented veteran Reeve Judson Gunter of Bancroft. "Pulping operations haven't been any too good as yet, but lately there has been some indication of a start at some of the camps."

Although the meeting of the committee in Shire Hall during the afternoon was confined for the most part to routine matters, some discussion of the recent levy of $175,000.00 road tax by the Provincial Department of Highways was held. County Clerk E. Denyes was instructed to dispute some of the smaller bills in connection with the cost of construction of No. 7 Highway through the county.

WEDDINGS

ROSE—McCONNELL

A very pretty wedding ceremony was solemnized at Rawdon United Church parsonage at 10 a.m. on Saturday, June 8th, when Miss Olive Aleta McConnell, only daughter of the late Conger McConnell and Maude Hallett of Mount Pleasant, became the bride of George Donald Rose, son of Mr. and Mrs. George Rose of Holloway.

The bride was charmingly gowned in a white crepe frock fashioned with yoke effect, puffed sleeves and hand embroidered French eyelets, with matching white accessories and picture hat of braided straw.

Rev. F .G. Joblin officiated and the witnesses were the bride's brother Mr. Norman McConnell of Mount Pleasant and the groom's sister, Miss Vera Rose of Holloway.

The happy couple left on a week's holiday to visit relatives in Detroit and other points.

MEETING OF BETHESDA W. A.

The regular meeting of the Bethesda Women's Association was held in the Church parlours on Wednesday, June 5th, with a fair attendance.

Mrs. W. Holland, president, opened the meeting with hymn No. 126. Mrs. Harry Mullet read the scripture lesson taken from John, the first ten verses. Mrs. Geary then gave a very interesting reading. Mrs. G. Coulter led in prayer, after which Mrs. Holland gave two short poems which was very helpful. The minutes of the previous meeting were read and approved. A reading was given by Mrs. Herb. Kellar entitled "The Minister's Anxiety for the Flock." This was followed by singing hymn No. 93. A reading was given by Mrs. Elmer J. Wood, entitled "Our Ladies' Aid."

The meeting closed with hymn No. 255 and all repeating the benediction.

MEETING OF RAWDON W. A.

The W. A. of St. Thomas' Church, met at the home of Mrs. James Bateman, Tranhoe, on Wednesday of last week. Mrs. Bateman being a valued member for many years also celebrated her eightieth birthday. A dainty lunch including the birthday cake was served and Mrs. Bateman received several lovely gifts with best wishes for many more years of health. Mrs. C. Kellar of Frankford was present and remained to visit her mother for the week.

BANNOCKBURN AND ELDORADO W. I.

Owing to the District Annual held at Marmora on June 4th, our regular monthly meeting was held on the 11th at the home of Mrs. Ed. Blakely with 21 members present and 14 visitors. The meeting opened with the president in the chair. The roll call was "How to remove spots and stains," and 13 members paid fees.

Mrs. Will Chambers moved that the secretary's report be accepted for May. Programs for the year were distributed. Following a discussion on short courses provided by the Department, it was moved by Mrs. Nickle and seconded by Mrs Bateman that Mrs. Gawley attend the meeting to be held in Madoc in July to arrange for the courses. Gladys Martin and Mrs. Bateman are to canvas for at least ten of the members to attend the courses.

Mrs. Harry McCoy gave a good report of the convention.

Mrs. J. Bailey moved that the woodchuck zone extend as far as Malone west, and Eldorado east. This was seconded by Mrs. H Empey.

Bills were presented and paid and letters of thanks read from members for fruit sent while ill.

The program, in charge of Mrs. Donley, consisted of readings by Miss Annie Holmes, "The Woman Teacher"; "That's What Home's Intended For," by Mrs. Bert McCarey; a duet by Mrs. MacEwen, and Mr. W. Goodchild, accompanied by Mrs Donley. "It's Lamp Lighting Time in the valley." Miss Sharpe read a poem, "Can a Woman Serve Two Masters," after which Mrs. MacEwen and Mr. Goodchild pleased all again by singing "A Thousands Times No," and several other selections.

The president gave a period for alterations (if any) on the new programs. The National Anthem closed the meeting, which was followed by a dainty lunch and a social half hour.

Those from here who attended the convention at Marmora were: Mrs. J. Bailey, Mrs. J. Gawley, Mrs. H. Empey, Mrs. K. Bateman, Mrs. Frank Chambers, Mrs. R. Blakely, Mrs. H. McCoy and Mrs. Harry Parnell.

PRESENTATION AND ADDRESS

On Friday evening, June 14th, the friends and neighbours of Mr. and Mrs. Arthur Abbott, a recent bride and groom, gathered at the home of the bride's parents, Mr. and Mrs. James Fox, to do honor to them.

In spite of the heavy electric storm a large crowd was in attendance. Mr. Vernon Strebe contributed some instrumental music. About eleven o'clock Dr. F. J. Nickle called the gathering to order and Mr. and Mrs. Abbott were asked to take seats of honor, and the following address was read by Miss Freda McCann:

Eldorado, Ont., June 14, 1935.

Mr. and Mrs. Arthur Abbott.

Dear Elsie and Arthur:

Tonight we come to spend a social hour with you and heartily extend our congratulations and best wishes for a happy and successful future.

We are pleased to know that you are not leaving our community where we appreciate the part that you both have played in our social life.

Elsie, we have known you all your life and with your kindly ways and cheery disposition and vocal ability you have won a highly esteemed place in our affections and we are happy with you in your recent matrimonial venture and wish you many long and wedded years.

Arthur, during your sojourn here you have endeared yourself to us by your warm hearted and genial personality and have made a host of friends who agree with Elsie, that she made a very splendid choice of a life partner.

To show the love we have for you both we ask you to accept these gifts and place them in your new home with kindly thoughts of the friends that have gathered here tonigh'.

"Now God be with this household,
And bless it day by day,
On loaf and cup and fireside,
And on its folks alway.
Pour down His peace and evermore
Be guard and strength and stay."

Signed on behalf of your many friends: Mrs. Harry McCoy, Miss F. McCann, Mr. and Mrs. Robert Blakely, Harry Parnell.

Mr. and Mrs. Abbott were presented with a handsome walnut dining room table and two walnut rocking chairs, besides some other gifts.

Arthur and Elsie both in a few well chosen words thanked their friends for the kind remembrances and invited all to visit them in their new home in Eldorado. A delicious lunch was served by the ladies, which brought a happy evening to a close.

The advertisements bring you news of better things to have and easier ways to live.

BELLEVILLE MARKET SATURDAY

Home grown strawberries made their appearance on Saturday's market at Belleville, but the quantity was somewhat limited. The ruling price was 30c a box, while a few asked a slightly higher price. Prospects are that there will be a heavy crop, late rains improving the plants.

The market was largely attended by both sellers and buyers and in consequence considerable trading was in evidence.

During the week the hog market showed some improvement in prices. Live hogs advanced from $9 per cwt. to $9.25 and dressed hogs from $12.50 to $13.00.

In the grain market there have been no changes to note for some time and the same applies to vegetables.

Eggs showed a slight increase in price owing to the supply not being as large as in former weeks. The ruling price for No. 1 was 18c and 20c was asked in some cases. Butter sold at 25c per pound with two pound rolls retailing at 45c.

Fish vendors did considerable business with prices reasonable for lake salmon, white fish, pike and mud cats.

In many respects the market was the best that has been held for some weeks. Flowers and vegetable plants for transplanting were in abundance with many purchases being made.

Quotations were as follows: dressed hogs, cwt., $13.00; live hogs, cwt., $9.00; butter, lb., 23c to 25c; eggs, No. 1, doz., 16c to 17c; pullet eggs, doz., 13c to 14c; chickens, 60c to $1.10; live chicks, each, 7c; broilers, pair, 50c to 75c; potatoes, per bag, 50c; apples, peck, 35c to 50c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; green onions, bunch, 5c; rhubarb, bunch, 10c; lettuce, bunch, 5c; radishes, bunch, 5c.

Prices on fish were as follows: lake salmon, lb., 15c to 16c; pike, lb., 8c to 9c; mudcats, lb., 10c; white fish, lb., 15c.

Prices on plants were as follows: pansies, box, 20c; zennias, box 15c; sylvias, box, 20c; double petunias, box, 20c; mixed plants, box, 15c; tomato plants, box, 15c; asters, box, 15c; cabbage plants, box, 15c.

OBITUARY

ALLAN M. SHARPE

Allan M. Sharpe, well known farmer, and lifelong resident of Rawdon township, died at his home on the second concession shortly after noon on Wednesday following an illness of several years. He was 68 years of age and was the son of the late William Sharpe and Mary Graham. A Presbyterian in religion ,he leaves to mourn his wife, formerly Elizabeth Webb of Springbrook, two sons, Murney at home and Lorne of Sidney Township; two brothers, James of Wellman's Corners and Robert of Mount Pleasant; one sister, Mrs. Robert Totton of Regina, Sask.

MRS. HARRIETT MATILDA BIRD

After an illness of about six weeks' duration Mrs. Harriett Matilda Bird, wife of Mr. Francis J. Bird, passed away at the family residence at Wallbridge, Sidney township, on Sunday, June 16th.

The late Mrs. Bird, who was in her 85th year, was born in Huntingdon Township, her parents being the late Mr .and Mrs. Zedock Thrasher. For the past 26 years she had resided at Wallbridge, prior to which time she had resided in the 8th concession of Thurlow. She was a member of the United Church at Wallbridge and was a woman of most estimable character, being highly esteemed by many friends.

Surviving her are her husband, Mr. Francis J. Bird, one daughter, Mrs. Daniel C. Hyde, Belleville, and one son, Sydmer W. Bird of the township of Thurlow.

OLD AGE PENSIONS COST $16,566,000

The total cost of old age pensions in Canada last year was $16,566,000, Minister of Labor W. A. Gordon, announced in the House of Commons. The Dominion contribution was $12,313,000.

The number of pensioners was 86,873, divided by provinces as follows: Alberta, 6,286; British Columbia, 8,095; Manitoba, 9,236; Ontario, 46,282; Nova Scotia, 6,509; Prince Edward Island, 1,258, and Saskatchewan, 9,203.

The body of little Jackie Kaul, 5, was recovered from the East River in New York on Saturday, ending a frantic search which began on June 6 when the boy disappeared from a playground in fashionable Sutton Place on Manhattan's east side. When the boy first disappeared it was feared he had been kidnapped.

SUGGEST ATTEMPT TO DOMESTICATE MOOSE

High withered, long-nosed moose that browse off the mountain willow may one day be mixed with the horses on the Black Cat Ranch at Brule, Alberta, which Fred Brewster of Jasper is opening for guests on July 1.

"The moose," says Major Fred Brewster, widely known as a Rocky Mountain guide and rancher, "is the natural beast of burden in many parts of Canada. While much of Canada is ideal for the horse in the summer, the winters in the mountain areas are severe for an animal which, after all, originated in a much warmer climate than ours and was first imported into the southern latitudes of the continent.

"The moose is strong and with care should be adaptable both for riding and for driving purposes. The one or two attempts at his domestication of which I know have been definitely successful, but these were individual cases where at most two of these animals were involved."

As compared to the horse, the moose would have the advantage in the winter time of finding his food on the tips of willows above the snow. He would not have to be fed, nor to paw through to the frozen ground. In addition, continues Major Brewster the moose can make his way through snow in which a horse is completely helpless.

""My notion is to catch two or three calves and let my men, who are used to the handling of horses, work upon them," he says. "The problem should not be too difficult, as moose, along with deer, mountain sheep and goat, use the same range as our horses. Should permission for such an experiment be necessary, I would apply to the Provincial authorities who might well be interested in its success."

HISTORIC FLAG IS RESCUED FROM ARCTIC

An historic flag which withstood the rigours of the Arctic since it was carried into the frozen north by Captain McClintock, afterwards Sir Francis McClintock, in 1857, when in search of the lost Sir John Franklin expedition, until recovered by a Canadian expedition, in 1906, has been lodged with the St. George's Society of Halifax, N. S., for safe-keeping. The flag was presented to the Society by W .H. Weeks, who was purser on the Canadian expedition. The flag, however, is tattered and shows discoloration from its long stay in the Arctic. Halifax, the capital city of the province, has many historical relics and St. Paul's Church, built in 1750, is the mecca of many tourists during the summer.

CARS FOR SHRINERS

Officials of Nobles of the Mystic Shrine, visiting Washington, D. C., at what was described as the world's most colorful convention, rode in style and comfort in the three great parades. The biggest parade, the Night Pageant, was staged on the largest portable stages ever assembled and was viewed by President Roosevelt from a pavilion in front of the White House. The event was described over an amplification system.

TRINITY UNITED CHURCH

Minister,
Rev. G. W. Rivers, B.A., B.D.

Sunday, June 23rd.
10 a.m.—Sunday School.
11 a.m.—Communion service.

2 p.m.—Sunday School.
2.30 p.m.—Evening prayer and sermon.

Preacher—The Rector.

PITY POOR ANNOUNCER WHEN HE STUTTERS THIS

This may not be the longest name in the world, but there is a station on the L. M. S. Railway in Britain, the name of which is considered to be very useful for the training of train announcers. The station is probably "somewhere in Wales" is Llanfairpwllgyngyllgogerychwyrndrobwllllantysiliogogogoch. Now, you try and say it!

YOU BUY PLATFORM TO BE AT TRAINSIDE

In Britain, if you wish to see your friends off, or greet them on arrival on the station platform, you may purchase a special ticket. Last year nearly 6,000,000 people were sufficiently interested in seeing their friends off, or greeting them, at the train on their arrival, to purchase platform tickets which yielded the railways a not inconsiderable revenue. In London alone, the sale of these tickets averaged 2,000 a day. That the privilege is a popular one is evidenced by the fact that there was an increase of 169,528 over the previous year.

BATHURST-MABERLEY CHANGE

At the Bay of Quinte Conference of the United Church announcement was made of the transfer of Rev. George Adamson, who has had charge of the Bathurst and Maberley field for the past year, to Minden and Canvan in the Lindsay Presbytery. Mr. Adamson will be succeeded by Rev. R. J. Merriam, formerly of the Belleville Presbytery. Mr. Merriam's pastorate will include United Churches at Althorpe, Maberley and Bellingbrook, and Calvin United Church in Bathurst.

Rev. Adamson was at one time in charge of the Eldorado charge.

IRISH FREE STATE LACKS FORESTED LANDS

Ireland has only 1.4 per cent of forest area as compared with Canada's 32.8 per cent and Finland's 72.4 per cent. Of this figure the Irish Free State accounts for 1.2 per cent. or some 250,000 acres. The Irish Free State is going in for reforestation. At the end of March, 1934, 11,654 acres of woodland were replanted and 28,047 acres in new plantations established.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Poultry Field Days at Central Experimental Farm

The first of the summer season poultry field days to be held at the Central Experimental Farm, Ottawa, for the benefit of farmers and others, will take place at the Poultry Division on Tuesday and Wednesday, June 18 and 19, 1935. On June 18th the instructions will be given in English and on June 19th, in French. The program will start each day at one o'clock Standard Time and will include killing, plucking and preparing poultry for the oven; wax plucking, sexing baby chicks, caponizing, poultry diseases, discussion on poultry management, and a visit to the poultry plant and demonstration houses.

All farmers and their wives and families and any other persons interested in the raising and marketing of poultry are specially invited to these field days. Free tea, cream and sugar will be providing for those who bring their lunch.

Proposed Nova Scotia Apple Marketing Scheme

A proposed scheme for the regulation of Nova Scotia apples has been submitted to the Dominion Marketing Board. The scheme refers to apples produced in the counties of Hants, Kings, Annapolis, Lunenburg and Queens. The scheme has been reviewed and redrafted by the Dominion Marketing Board but is still subject to amendment.

Copies of the proposed scheme are available for distribution and requests for copies should be sent to the Secretary, Dominion Marketing Board, Confederation Building, Ottawa. Any written representations and requests for appointment must be received by the Secretary before June 10th. Those who request appointments will be notified of the exact date of hearing.

WARDEN BRONSON KIWANIS SPEAKER

Warden James Bronson was the guest speaker at the Belleville Kiwanis Club on Tuesday of last week and gave a most interesting address on conditions of the day and what he would like to see developed in this county to make it a better place to live in. The Warden is a most forceful speaker ,being quite sincere in his beliefs and not afraid to call a spade a spade. He was introduced by Herb. Fox and Kiwanian appreciation was expressed by Eddie Shapiro.

Warden Bronson told his listeners he was behind any movement for the advancement of the county and that the rural dwellers could not get along without the City of Belleville and the residents in the city depended a great deal on the rural residents.

He congratulated the Kiwanis club for the work being done and now would take more interest after being invited to the luncheon. The Warden traced the developments he would like to see forwarded, one being better roads as they supply the main arteries of travel. His Honor was much in favor of the formation of a Tourist Association for the district and the County was happy to make a grant for the purpose. "I have noticed a great chance to improve the lakes and streams of the county, believing that the shore lines should be cleared of brush and that trout streams should be cleared of brush also," said the Warden.

Developing of the young people was advocated by the Warden so that they could take their rightful place in the community and be ready to govern when the time comes. He could not see why with a country like Canada any man who wanted to work should not have it and at a fair rate of pay for a fair day's work. Mr. Bronson cited cases where men were taking out pulpwood for $2.00 per cord, while duties and other restrictions had been taken off the industry to the amount of $1.15 per cord. He stated that money was in too few hands.

The Warden is one of the youngest members of the County Council and has been since his entry into that body eight years ago.

HILLIER FARMER FOUND DEAD

The afternoon sun shone warmly down on a little house by the side of the road a short distance from the village of Hillier. In a pasture field, adjoining the yard, a favorite horse of the owner of the property fretted impatiently. It tossed its head, pawed the ground and looked, almost knowingly, at the house of its master. Occasionally the shrill neigh of a horse in want of water rang out on the air. Neigabors passing, noticed the strange behavior of the animal. Sensing something wrong, they walked to the house. They peered through a window and recoiled in horror. Lying on a couch was the bloodstained body of Anson Clarke, 67 years old bachelor of Hillier. Across his body lay a chair and a muzzle-loading shot gun of ancient vintage. Strewn on a nearby table were a powder box, likewise of uncertain age, a number of shot, and detonating caps. Attached to the trigger of the weapon was a piece of cord, the end of which was fashioned in a loop. An opened razor lay on a nearby chair.

The lamp on the table had burned all its oil, while the top of the wick was in a burned and charred condition. Official deduction assumed the tragedy had occurred during the evening of June 10th. From the position of the body, chair and gun, it is assumed that the deceased sat on the couch, placed the barrel of the gun in his mouth and discharged the weapon by inserting his foot in the looped string and attached to the trigger.

Officials were hurriedly notified. Coroner Dr. R. A. Thompson of Wellington, rushed to the scene and conducted an investigation. He returned a verdict of "Suicide while mentally depressed."

HOLLAND'S FOREST RESOURCES LIMITED

Holland has a very limited forest area and domestic production does not account for more than 10 per cent of consumption. Native elm is the only lumber which is available in sufficient quantities to meet demand. Softwoods come principally from Russia, the Baltic and Scandinavian countries, while hardwoods and exotic woods are imported from all over the world. Holland is taking to Douglas fir in house construction and its use is increasing. Previously Douglas fir was considered more or less of a luxury wood for special purposes only. Interest is also expressed in Douglas fir in the matter of plywood for which there is a good demand for various types in Holland.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed Advertisements in The Review marvel at the results achieved.

The cost is small. These small advertisements are universally read and often accomplish results in value far beyond the cost of insertion.

GALLON OF WINE IN OVEN EXPLODES

The best laid plans of Ernest Craig went astray and a proposed fishing trip ended in almost complete disaster.

Ernest smuggled a gallon of wine into the house and hid it in the oven.

Mrs. Craig, preparing the fishing lunch, lighted a fire in the stove.

"There's a peculiar odor in the kitchen," a neighbour remarked as she entered.

"It's not coming from the stove," said Mrs. Craig, "for there's nothing in it." But she was mistaken.

Opening the oven she spied the gallon of wine, boiling briskly. Before she could remove it there was a loud explosion.

Mrs. Craig was thrown headlong against the kitchen table, losing two teeth.

A young brother was cut and bruised by flying debris.

The stove was wrecked and sold as junk.

The fishing trip was called off.

BURNED ABOUT HEAD

Fire of an unknown origin completely destroyed the frame barn on the farm of Frank Shorey, fourth concession of Sidney, near Wallbridge, on Tuesday morning. Mr. Shorey was painfully burned about the head in attempting to save some of the machinery in the barn.

The fire broke out about 9.30 and was over in a short time. All the neighbours of the surrounding district were called to give assistance and through their efforts part of the machinery and the stock were saved. A quantity of hay and straw was lost, however.

The barn belonging to Mr. Shorey lies on the top of a large hill overlooking the surrounding district and any wind present could be given a clean sweep as no other building sheltered the barn. But by the time the fire was discovered much headway had been made and it had taken an almost insurmountable start. The volunteer firefighters were also handicapped by the lack of necessary equipment and water supply and were faced with a heavy task. Raids were made on the nearby wells and a bucket brigade was formed.

tion of food spoilage, saving in operation compared with ice. An electric refrigerator saves more than it costs. It offers an excellent opportunity to offset food prices, particularly when those foods which are increasing most in price require such refrigeration, and too, are most often featured at week-end food bargain sales in the newspapers."

MRS. J. A. LOTT CHOSEN PRESIDENT OF W. A. AT CONVENTION

On the morning of June 6th, the village of Wellington, Prince Edward County, was the scene of great activity, when Main street was lined on both sides with cars bringing delegates from as far north as St. Ola, Hastings County, to Motor in the southeastern part of Prince Edward County to attend the third annual convention of the Women's Associations and Ladies' Aid Societies for Hastings and Prince Edward Counties in the Belleville Presbytery of the United Church of Canada. The convention was held in the United church and delegates and visitors were welcomed by the resident pastor, Rev. H. H. Hillis and Mrs. Hillis.

Mrs. J. A. Lott presided in her usual capable manner. Community singing, under the able leadership of Mrs. Leo Riggs and Mrs. Morley Duff, pianist, opened the convention after which Consecon W. A. took charge of the devotional period. The hymn, "Master Let Me Walk With Thee" was sung after which Mrs. Cluse led in prayer. Mrs. Bush read the scripture lesson from Psalm 86, after which Mrs. McDonald sang a solo, "O Lord God Almighty."

The president chose "Our Task as W. A. Workers" for the subject of her address. She said last year "we had resolved to serve our Master better throughout the coming year, but have we done it? We must remember we will meet many obstacles but in overcoming them we fit ourselves to become efficient workers in the church. The family Bible has helped us over many a difficult path. There is no task too lowly, Jesus taught us when He washed the disciples' feet. She felt the women of today were measuring up to the standards set before us." She concluded her address with the message "Never become weary in well doing for in due time we shall receive the Master's 'Well Done'."

Mrs. (Dr.) Bradley, Wellington, then sang very appropriately "My Task."

The resolutions committee reported that the motto for the coming year would be "Worship the Lord in Spirit and in Truth." Resolutions of thanks were passed to the W. A. of Wellington, the officials of the Wellington church, those who assisted in the program and to the press for their co-operation.

The next convention will be held in St. Paul's United Church at Stirling.

The nominating committee brought in the following slate of officers for the coming year:

Hon. President—Rev. H. H. Hillis.

Hon. Organizer—Rev. Soford Dixon.

President—Mrs. J. A. Lott, Frankford 2.

First Vice-President—Mrs. C. E. Macklin, Stirling.

Second Vice-President—Mrs. Baxter, Bloomfield.

Secretary—Audra Brickman, Rednersville.

Treasurer—Mrs. A. P. Williams, Springbrook.

Press Reporter—Mrs. Clarence Holmes, Belleville 3.

Executive Committee—Mrs. J. M. Wood, St. Ola; Mrs. Morley Duff, Belleville; Mrs. Frank Harris, Wellington; Mrs. Fred Blakely, Tweed.

Mrs. H. H. Hillis then introduced and installed the above named officers.

Rev. H. H. Hillis pronounced the benediction which brought to a close a most successful convention where all were inspired socially, intellectually and spiritually.

EIGHTEEN APPEAR FOR NATURALIZATION

Eighteen applications for naturalization, two jury cases and three non-jurp hearings were listed for trial at the opening of the Jury sittings of the County Court of the County of Hastings opened at 1 p.m. on Tuesday before His Honor Judge McLean in Belleville.

Charles Bank, Madoc, occupation, restaurant proprietor, born in China in 1901, came to Canada in 1912, single.

Tony Lukenda, Madoc, occupation, laborer, born in Jugo-Slavia in 1901, came to Canada in 1928, married.

The Campbellford Branch of the Canadian Legion is sponsoring a movement to provide a free trip to Vimy in July, 1936, for one of its members. Coupons are given on the purchase of Cromwell fine and pipe tobaccos, Kit, Royal York and Croydon cigarettes—one card with the ten-cent size and three with the twenty-five cent size. Twelve hundred decks of 52 cards each will provide a free trip for one person to this memorable event in July, 1936.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably $2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, $2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our ow ncommunity for food, shelter, clothing and for all other things.

WEST HUNTINGDON

Many neighbours and friends from here attended the funeral of the late Mr. Alex. Fargey of Stirling, on Thursday afternoon.

Mrs. F. Ashley, Mrs. G. Post, Mrs C. Wright and Mrs. G. Cook attended an open meeting of the Zion Hill W. M. S. on Wednesday afternoon.

Prayer meeting was held at the home of Mr. and Mrs. Melville Donnan on Thursday evening. Rev. Mr. Kelly was the leader and he also made several calls in the neighborhood during the day.

Mrs. S. Fargey spent the past week with relatives at Thomasburg.

Mrs. E. Pitman and Georgia were callers at the home of Mr. Harry Thompson on Wednesday evening.

Miss E. McTaggart has returned home after spending a few days with her niece, Mrs. Creeper of Plainfield.

Mr. and Mrs. William Bray spent Sunday evening with Mr. and Mrs. C. Ellis.

Mr. J. Moorcroft has been on the sick list for the past week and kind friends and neighbors came and helped with his planting.

Mr. Morris spent the week-end at his home near Smithfield.

Mr. and Mrs. Albert Hall, also Mr. and Mrs. B. Earles of Bayside, took dinner on Sunday at the home of Mr. T. Earles.

DETLOR

Mr. and Mrs. George McMunn and little son, and Mr. Adams, passed through Detlor on Wednesday evening en route by motor to Madoc to attend the obsequies of their friend, Mrs. Cooper of Madoc.

Mr. Alex Barr of Chapman's Corners, spent the week-end with his daughter, Mrs. R. Jones, who moved to Detlor this spring.

Mr. and Mrs. Will Tice of Belleville, spent the week-end of the first of June in Detlor.

Mrs. Will Turncliffe entertained her daughter who was quietly married at Toronto to Mr. George Green of Toronto. They motored to Detlor to spend a wedding trip with the bride's mother.

The Community Campaign is making quite a hit in Bancroft. The several girls are having the votes run up pretty high. Our teacher, Miss Liddle, is standing pretty well in the list. A lot of the junk is being gathered up.

The pulpwood work is going on. One can hear the peck, peck, on every side, and although road work is suspended, traffic is open all the way to the north country.

MALONE

Mrs. T. McCann, Mrs. C. Kelly and Nancy, and Mrs. H. Weese, spent last Wednesday with Mrs. James Bateman.

Mr. Leonard Howarth made a flying trip to Madoc last Saturday evening.

Mr. and Mrs. Leslie Pack and daughter spent Saturday evening in Marmora.

Mrs. Alex. Gawley and also John and Frank Fox, spent Saturday evening in Marmora.

Mrs. Owens, daughter and little grandson, were guests of Mr. and Mrs. Dan McCrimmon.

Mrs. Albert Nickle and daughter have returned home after spending some time in Carleton Place.

Mr. and Mrs. L. Ellis and children spent Saturday with Mr. Sim Ellis.

Mrs. B. McCann and Mrs. Albert Nickle and family were guests of Mrs. H. Nickle on Saturday evening.

Mr. and Mrs. Harold Long and children of Madoc, spent the week-end in this vicinity.

Mrs. John Ellis, Bill and Rita, of Belleville, spent Sunday in Malone.

Miss Helen Kelly spent the week-end at her home.

KELLAR'S BRIDGE

Mr. M. J. Wright visited Mr. Dan Bresson on Sunday.

Messrs. Cecil and Glenn Boyle spent Sunday at home.

Kellar's Bridge school boys beat Bannockburn school boys in a ball game on Saturday afternoon. The score was 18-31.

Mrs. W. Boyle was the Friday afternoon guest of Mrs. James Bailey.

Mrs. Arthur Hollands visited Mrs. W. Tate on Wednesday.

Mr. Harry Walden has reshingled his house during the past week.

Mr. and Mrs. Arthur Franks spent Sunday at the home of Mr. and Mrs. Ed. Sandford.

Mr. and Mrs. Edmund Sandford who have been spending the past two weeks with friends in Wellington, returned to their home on Saturday evening.

On Thursday two armed men held up the Bank of Commerce branch at Lansdowne and Wallace Avenues, Toronto, in the west end of the city and escaped with approximately $2,000.

UNION

The Guild of Bannockburn held their monthly meeting at the home of Mrs. John Gawley on Wednesday afternoon.

Mr. and Mrs. Oscar Merrick and son Billy, of Hoard's Station; Mrs. Laura Bateman and Miss Annie Bateman of Springbrook, also Mr. and Mrs. John O'Rourke of Queensboro, were Sunday guests of Mr. and Mrs. Kenneth Bateman.

Messrs. Don Post, Keith Chambers and Marvin Cooney attended the Young People's picnic at Oak Lake on Saturday afternoon.

Mr. and Mrs. James Chambers of Whitby, spent the week-end at the home of his brother, Mr. John Chambers.

Mr. and Mrs. James Bateman were recent guests of Mr. and Mrs. Chas. Kelly at Malone.

Rev. Fletcher made several calls around Union on Thursday afternoon.

The Women's Institute met at the home of Mrs. Ed. Blakely on Tuesday evening with a record attendance.

Mr. Jack Wannamaker spent Saturday in Belleville.

Crops are looking real good in our vicinity. Mr. Jack Post has rye measuring six and a half feet high at the time of writing.

ELDORADO

Mr. and Mrs. Arthur Abbott have taken up residence in Mr. Joseph Fox's house in Eldorado.

Mrs. Norman McGratton of Tisdale, Sask., is spending a couple of weeks visiting friends in this vicinity.

Mr. and Mrs. Albert Harvey accompanied Mrs. Will Fox to her home in Wellington on Friday. Mrs. N. McGratton journeyed with them as far as Belleville, also Mr. and Mrs. Ed. Sandford, who have spent a couple of weeks visiting in Prince Edward County.

Rev. and Mrs. Grafton of Belleville, were dinner hour guests on Saturday of Miss Jennie Holmes.

Mr. and Mrs. Albert Harvey, Mrs. William Fox and Miss A. Holmes spent Wednesday last in Peterborough visiting Miss Freda Harvey, nurse-in-training at Nicholl's Hospital.

Mr. and Mrs. W. Blackburn, John and Joy, spent a day recently with her parents, Mr. and Mrs. J. A. Hinchliffe, Wallbridge.

The friends of Mrs. John Fitzgerald will be glad to know she is able to be around after her recent illness.

COOPER

Mr. and Mrs. Joseph Rollins and Mr. John Shaw spent Sunday near Eldorado at the home of Mr. Henry Shaw.

Misses Irene Reynolds and Jean Rollins spent the tea hour at the home of Mrs. W. R. Rollins.

Mr. and Mrs. Delos Fox, Mr. and Mrs. Harold Bailey and family, Mr. and Mrs. Clifford Bailey and baby, and Mr. and Mrs. Flunder were Sunday guests at the home of Mr. Gibson Bailey.

Mr. and Mrs. Frank Reynolds and Maurice spent Sunday at the home of their daughter, Mrs. Arthur Parks.

Mr. and Mrs. Jack Hagerman and family spent Sunday afternoon at the home of Mr. Albert Graham.

Mr. and Mrs. Fred Fleming and family, also Mr. and Mrs. Clifford Bailey, spent the tea hour on Sunday at the home of Mr. Frank Parks.

A baby girl has come to stay at the home of Mr. and Mrs. Reginald Trotter.

Mr. and Mrs. Arthur Holmes and Dalton, spent Sunday evening at the home of Mr. Robert Sager.

JARVIS SETTLEMENT

Mr. and Mrs. A. Jarvis and family visited friends in Queensboro one day recently.

Mr. George Rook visited friends near Hart's Corners one evening last week.

Mr. and Mrs. William Reynolds visited their daughter, Mrs. Armstrong of Roblin, on Thursday of last week.

Mrs. S. Wood spent a couple of days in Madoc at the home of her father, Mr. William Devolin.

Mr. and Mrs. A. Fox of Stirling took tea with Mr. and Mrs. O. Plaus on Sunday evening.

THREE VETERANS HANDLE TRAIN

Three veterans on their last run handled one train between Montreal and Sarnia over the Canadian National Railways recently. Conductor F. W. Thompson and Engineer A. A. Payette took "The Maple Leaf" out of Montreal. Both were making their final run before superannuation. At Toronto the train was taken over by Engineer G. W. Teskey, of Sarnia also making his last run, completing 45 years.

SCOTCH SETTLEMENT

Mr. Henry Elliott of Beulah, spent a few days last week with Mr. James McGuire.

Mrs. George Pringle of Shannonville, is spending a few days with her daughter, Mrs. John Ashe.

Miss Mae Kernohan of Toronto, is renewing acquaintances around here.

Mr. and Mrs. Sandy Ashe spent Sunday in Wallbridge with Mr. and Mrs. S. Moore.

Mr. and Mrs. John McGuire and family spent the dinner hour with Mr. and Mrs. Henry Williamson of Crookston.

Mrs. William Ashe and Olive also Miss Mae Kernohan and Mr. Albyn Perry, spent Friday with Mr. and Mrs. Roy Johnston of Carmel.

Mr. James Chambers of Toronto, was a caller in the neighbourhood last week.

Mr. and Mrs. S. Moore of Wallbridge, have been visiting at the home of Mr. Sandy Ashe.

Mr. and Mrs. Austin Ray and family were Sunday evening guests of Mr. Percy Lancaster.

Miss Catharine Cuttle of Madoc, is spending a few days with her sister, Mrs. William Ashe.

Mrs. Nathan Montgomery and daughter Alice, were callers at the home of Mr. Wesley Wickens one day last week.

Mrs. Herb. Keller of Crookston, spent a day last week with her mother, Mrs. Elisha Ashe.

Mr. and Mrs. Sam Woods and family of Jarvis Settlement, were Sunday guests of Mr. and Mrs. Robert Woods.

QUINTE'S ISLE OF LAKES AND BAYS

Mrs. William Fox of Wellington, spent last week with friends at Eldorado. Mr. and Mrs. Albert Harvey brought her home on Saturday. They were accompanied by Mrs. Maggie McGrattan of Tisdale, Sask., who is visiting friends in the East. Mr. and Mrs. Edmund Sandford of Eldorado, who spent a couple of weeks with friends in this county, returned home with them.

Mr. and Mrs. Albert Harvey, Mr. and Mrs. Edmund Sandford, Mrs. McGrattan, spent the tea hour on Saturday with Mr. and Mrs. Alvin Fox, Murray.

Dr. and Mrs. George Pringle of Toronto, visited his sister, Mrs. G. Fox, and family on Thursday. Miss Irene Fox accompanied them home for a couple of weeks' visit.

Mr. and Mrs. George Fox, Norman and Howard, spent Sunday with Mr and Mrs. Alvin Fox, Murray.

A young daughter has come to the home of Mr. and Mrs. Walter Fox, Mount Pleasant.

Mr. George Hawley of Demorestville, has a goose that laid over forty eggs without setting.

MILLBRIDGE

A radio service was held here on Sunday evening in the Anglican Church. The radio was provided by Mr. Thomas Lloyd of Bannockburn.

Mr. J. E. Greaves' house is nearing completion. He expects to move in shortly.

A large number from here attended the wedding anniversary of Mr. and Mrs. Ed. Ray.

Mr. and Mrs. John Landon and little daughter Gloria, visited friends in Foxboro on Sunday.

Mr. and Mrs. Roy Armstrong spent Sunday with Mr. and Mrs. Frank Smith.

SCOTLAND GOES IN FOR PIG RAISING

Scotland is going in for raising pigs, a hitherto Irish industry so far as the British Isles are concerned, and for eating bacon in place of ham. Domestic production, however, is still far from meeting requirements, so bacon is imported principally from Denmark, although Canada has a share in the trade, occupying fourth place. The Irish Free State ranks second, the Netherlands third with Canada close on her heels, and then comes Sweden. The United States is the principal supplier of ham to the Scottish market, followed by Canada and the Irish Free State.

GERMAN RAILWAYS PLAN FREIGHT CARS ON STREETS

The German railways' plan of meeting the store-door delivery of freight problem is described in the May issue of a current magazine, now being distributed. The entire car is loaded on to a truck chassis from a stub-end railway siding and hauled to the customer's warehouse, or in the case of construction materials, delivered to the site of the job where it is required. The truck chassis used are equipped with rails on to which the car is run and loaded cars up to 60-ton capacity have been thus handled.

NO PLAYING POLITICS IN HEALTH—FAULKNER

Politics will not interfere with health in Ontario so long as the present government remains in power, declared Hon. Dr. J. A. Faulkner, Minister of Health, in an address to the Ontario Health Officers' Association at the Royal York Hotel in Toronto. There has been no political motive in any of the economies effected by the government in the field of health, he declared.

"We have had ample opportunity to take advantage of our position, but we have not done so. There will be no political interference from Toronto with the medical health officers of this province."

Dr. Faulkner urged that every M. O. H. in Ontario take an enthusiastic part in the campaign to secure complete pasteurization of milk.

"The prevalence of undulent fever in this province is greater than the public believes," he said, "I received complaints about our efforts to secure pasteurization. Who am I to believe. The professors who teach bacteriology or men without any scientific training whatever."

The expense of illness in Ontario each year is beyond the public comprehension, he continued.

"If you medical health officers feel you are not paid sufficiently, I ask you to consider whether you have given the time and thought necessary for your job," he said.

About 2,500 persons in Ontario are receiving insulin free of charge, said Dr. W. J. Bell, deputy minister of health. The cost he placed at $125,000 a year.

POPULAR PASTIME IS BETTING ON PONIES

Betting on the ponies is a popular pastime in New Zealand, horse races being held on practically every day in the week in one city or another. But he bets through a totalizator machine. The bets placed through the machine are used as a business barometer of general trade conditions. Bets show an increase of 6 per cent. amounting to, roughly, $14,419,802 Canadian funds, last year, as compared with the previous year.

Mrs. J. McCaffrey, Mrs. James Waytock and Mrs. A. Crawford attended the funeral of the late Alex. Fargey at Stirling on Thursday last.

Mr. and Mrs. C. I. Ross spent a few days in Toronto last week.

AUSTRALIA GETS BULK SALMON FROM CANADA

Canada is the chief source of supply of canned salmon to the Australian market, her share accounting for 86.5 per cent of the total. The United States comes next, followed by Russia, Japan, Alaska, the United Kingdom.

CASH SALES HIGH

A point reflecting the healthy condition of the Canadian automobile market is that 49,919 of last year's 73,358 new automobiles sales were cash transactions. This leaves a balance of 23,439 cars which were financed to the extent of $18,407,043. In other words, something over two-thirds of the new cars sold in Canada were sold for cash. However, financing was resorted to in the case of used cars to a considerable extent, the sum of $30,000,000 being involved in 1934 in financing the total of 75,170 new and used cars.

Eighteen Canadian women have been invited to attend His Majesty's Court at Buckingham Palace on June 25th. They include: Mrs. Robert Cassels, Toronto; Miss Elaine Ellsworth, Toronto; Mrs. Walter Green, Toronto, and Miss Aletha Green. Miss Peggy Mackintosh and Miss Ursula Plummer, Toronto; Miss Peggie Waldie, Toronto; Mrs. Charles Homer Smith, Niagara-on-the-Lake; Miss Virginia Topping, Toronto, and Mrs. Barry German, Ottawa.

EGYPTIAN NOT MUCH OF A MEAT EATER

The Egyptian is not much of a meat eater, his meal consisting mainly of corn or millet with beans, onions or other vegetables. Being Moslems, they are prohibited from eating pork. The land of the Pharaohs has a population of 15,000,000 chiefly employed in agriculture. The European population numbers about 250,000. Meat eating is confined mostly to the centres where there is fairly large European population, such as Cairo, Alexandria and Port Said. Fairly large quantities of edible tallow and other animal and vegetable oils and fats are used by the native population for cooking purposes.

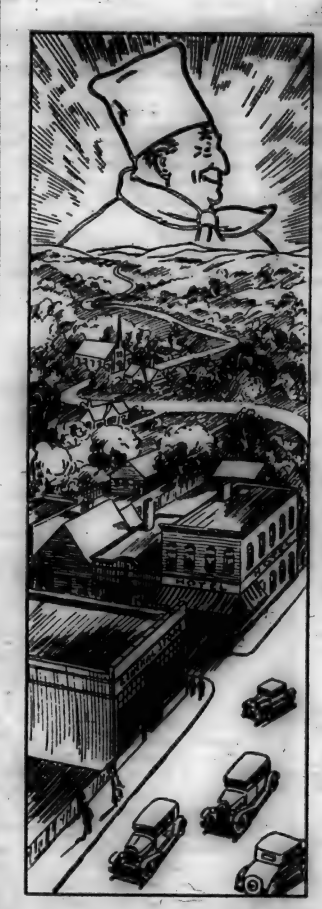
"CREATING PATHWAYS TO A NEW VACATIONLAND"

Holiday Seekers Bring Cash!



To many, the "Highlands of Ontario" are already known as the ideal holidayland, but, with the development of the new highway system, this wonderful scenery will be brought within easy reach of far more of the people of Canada, and of millions below the Border!

These, our lakes and forests, streams and hills and woods, are becoming more and more important. They bring new money to the people of the Ontario Highlands and the whole Province.

Far-seeing statesmen, engineers and men of muscle and brawn are co-operating to fling wide the door, so that tourist and holiday seekers in search of health and happiness may spend money here. And highways that invite the vacationist from outside, serve, too, the people at home—the agricultural and business life of the entire community.

The highway work is still under way and adequate camp facilities for the road builders must be maintained convenient to the scene of action. Men who work must be fed and housed and properly cared for. The firm of Crawley and McCracken—"Canada's Biggest Cook"—is proud to be part of this great undertaking, catering to these groups of road workers—supplying complete camp service—relieving busy executives of camp management worries—creating among the men the spirit of contentment, and loyal willing service that results when the food and the "off-the-job" conditions are right.

CANADA'S NATURAL RESOURCES

"Canada's Biggest Cook" has also, during the past 21 years, fed and housed the men who developed Canada's other great resources: Mining, Lumbering, Railroads and Hydro-Electric Development.

ST. PETER'S W. M. S. TEA

A very successful tea was held at the home of Mrs. John McCaffrey in Madoc township on Wednesday afternoon. The living room was arranged to show the fine exhibits from all over the world. The embroideries, pictures and tapestries were hung on the walls and the other exhibits were arranged in groups. The china and tea table exhibits were placed in the dining room which was very prettily decorated with June roses. The guests arrived early to take time to examine everything and all stayed for the afternoon to visit and enjoy the happy time together.

The hostess received the guests alone, as Mrs. Hunter, the pastor's wife, was too ill to attend. Mrs. John Hallstone, the expense fund convener, took the money at the door. Mrs. Robert Allen in a 35 year old black lace dress poured tea and her assistants were Jean Blakely as an Irish girl, Joan Allen in Highland costume, Lottie Fleming in Hungarian costume and Madeline Ellis as a Canadian.

Mrs. M. Curtis, in an old-time costume, was as usual full of vitality and added to the success of the party.

Mrs. Connor, Mrs. Ralph Neal, Mrs. Spry of Marmora, Mrs. Crawford, Mrs. Stephenson and Mrs. Breithaupt of Madoc village, helped in the kitchen and were very busy all the time.

During the afternoon Mrs. Stephenson sang "I Love the Moon" and also "With a Song in My Heart," and everyone who has heard her sing knows what a treat it was to hear her. Her aunt, Mrs. Dunlap, was in Japan with her husband, Rev. Dr. Dunlap, a missionary, under the American Board.

Mrs. Fields Allen and Miss Mary Mackintosh helped to explain the exhibits. Over sixty ladies were present for a jolly afternoon and all seemed to make the most of the time.

The ladies assisting the hostess with the lunch were Mrs. M. Curtis, Mrs. A .Franks, Mrs. John Fleming, sionary, under the American Board. Mrs. F. Allen, Mrs. R. Wood, Mrs. A. Blakely, Mrs. T. Blue, Mrs. M. Allen, Mrs. W. Ellis, Mrs. T. Nicol, Mrs. S. Rollins, and Mrs. Harry Stout.

In the evening the exhibit was on display under the auspices of the Hart's Sunday School and the parents and children with some others came. The children were keenly interested as so many of the objects were of great educational value. The mothers served the lunch and a collection was taken for missions. The following is a list of the exhibits:

Purse, Greece, Miss MacDermid; hand-painted pictures, Turkey; embroidered bed spread, Turkey, Miss MacDermid; German helmet, Mrs. Jenkins; embroidery from India, Mrs. McCaffrey; hand-carved ivory, Switzerland, Miss MacDermid; hand-wrought silver chain, Greece, Miss MacDermid; Japanese parasol, I. Ross; lizard, alligator, centipede, British Guiana, Mrs. Hunter; cactus wood, Arizona, Miss Wright; painted gourd, Mexico, Miss Wright; Indian handwoven grass plate, Arizona, Miss Wright; pine cone, California, Mrs. McCaffrey; Indian pottery, Mexico, Miss Wright; woven cloth, Mexico, Miss Wright; African sun hat, Rhodesia, Mrs. McCaffrey; Swiss pictures Miss L. Connor; hand-spun cloth, Switzerland, Miss Mouncey; wood carved tray, Switzerland, Mrs. Mackintosh; carved tray and box, Switzerland, Miss L. Connor; novelty hand-made bag, Italy, J. V. Wright; hand-carved box, Holland, Mrs. G. Wright, wooden shoe, Holland, Miss L. Connor; amber beads, Holland, Miss L. Connor; apron worn by Finnish woman, Finland, Mrs. L. V. Aylesworth; copper kettle, Finland, Mrs. L. V. Aylesworth; pressed flowers from Jerusalem, Mrs. M. Franks; slave whip from Egypt, Mrs. Allen Franks; tomtom, Egypt, Mrs. J. Waytock; fly switch from Egypt, for switching the flies off donkeys, Mrs. Franks; mahogany bean pot, South Africa, Mrs. McCaffrey; Zulu spear from Soudan, Mrs. J. Waytock; star fish and shells, from British Columbia, Miss Mouncey; cloisonne China, Mrs. Crawford; cloisonne china vase, Mrs. T. Rupert; coral, Honolulu, Mrs. M. Franks; coral, West Indies, J. V. Wright; Irish china dog, 100 years old; Mrs. W. Hawthorne; walrus tusk and ivory beads from Alaska, Mrs. J. V. Wright;

FARI WELL SERVICES HELD AT TRINITY CHURCH

Sunday last was Rev. G. W. Rivers' farewell as minister of Trinity United Church, which position he has held for eight years. In the morning he preached from the text found in St. John, 12th chapter, and twenty-first verse: "We would see Jesus."

At the evening service the church was filled with members of Trinity congregation, several from St. Peter's and St. John's Churches and also from the country churches. The first hymn was "Day is Dying in the West." The scripture lesson was taken from 1st Corinthians, second chapter.

Rev. Mr. Hunter, who had kindly withdrawn his evening service, led in prayer. The quartette composed of Messrs. Fletcher and Abbott and Mrs. Hulin and Miss Fair, sang "My Faith Looks Up to Thee." Mr. C. I. Ross sang a very appropriate solo, "I'll Go Where You Want Me To Go, Dear Lord." Hymn, "Jesus Calls Us O'er the Tumult," was sung. The text was taken from second Corinthians, 13th chapter, verse 11: "Finally, brethren, farewell. Be perfect, be of good comfort, be of one mind, live in peace, and the God of love and peace shall be with you." Mr. Rivers preached a very interesting sermon from this text which was listened to with interest by everyone. The choir then rendered an anthem, "The Eye of the Lord is Upon Them That Fear Him." The hymn, "Blest Be the Tie That Binds" was sung. After the benediction the choir sang very softly, "God Be With You Till We Meet Again." At the conclusion of the service Mr. and Mrs. Rivers stood at the east door of the church and bade good-bye to everyone as they passed out.

MARRIAGE OF FORMER MADOCER

A pretty wedding was solemnized on Saturday, June 8th, at 8.30 p.m., in St. Jude's Anglican Church, Toronto, when Lucille, eldest daughter of Mr. and Mrs. Richard Lawrence, Stirling, became the bride of Melville Lockhart, son of Mr. and Mrs. Matthew Lockhart, Toronto.

The bride gowned in oyster satin and old lace, carrying a bouquet of Tea roses and baby's breath, was attended by Miss Madge Caldwell, of Clayton, Ontario, while Mr. Stanley Lockhart, of Toronto, brother of the groom, acted as best man. During the signing of the register wedding music was provided by Mrs. E. Lawrence, who played as an organ solo, "O Promise Me," by Victor Kotin. The ceremony was performed by the Rev. R. J. Shires.

Following the ceremony a reception was held at the home of Mr. and Mrs. Baldwin Stoddard. The bride and groom left later on an extended motor trip through Northern Ontario, the bride wearing a grey ensemble with white accessories. On their return they will reside in Toronto.

Guests from outof-town were: Miss Marie O'Donnell, Windsor; Mr. and Mrs. Venton Gordon, Detroit; Mr. and Mrs. Brown Price, Chicago.

Miss Lucille Lawrence was a resident of Madoc at one time.

MADOC MASONS GUESTS AT TWEED

A number of Masons from Madoc visited Tweed on Friday evening, June 14th, and in a pleasing ceremony conferred the second degree on a local candidate. After the Madoc brethren had been welcomed by Worshipful Master T. C. Graham, the visitors assumed the chairs. The following from Madoc took part: I.P.M., Wor. Bro. Comerford; Worshipful Master G. S. White; Senior Warden W. Fox; Jr. Warden P. Gunn; Sr. Deacon A. Gaebel; Jr. Deacon, T. Rupert; Sr. Steward, E. Nayler; Jr. Steward, D. Kernohan; I. G., Lloyd Blue; Chaplain, Wor. Bro. George Wright. Past Masters who took part in the ceremony were: Wor. Bros. Ves. Embury; W. McBain, H. Tummon, W. Smith.

The degree work was followed by a social hour. Wor. Bro. Graham, Wor. Bro. Ed. Brown and Wor. Bro. Dr. Bowlby expressed the thanks of the local lodge to the visitors for their splendid work.—Tweed News.

FAREWELL TO REV. G. W. RIVERS AND FAMILY

A large and representative gathering of Trinity congregation assembled at Trinity United Church on Friday evening, June 21st, to honour Rev. G. W. and Mrs. Rivers and family, who are leaving soon for their new home in Bolton.

Mr. Thomas Burnside acted as chairman in a very pleasing manner. On the platform also were seated the following gentlemen officials of the church: Messrs. James Caskey, Wm. McMechan, J .L. Rutherford, M. W. Connor, W. Harris, John Smith, W. J. Roushorn, W. Fletcher, S. Ashley, Dr. Beatty, James Irwin, P. Holland, C. I. Ross, L. Ashley, W. Hulin, Wm. McBain, F. Dafoe, P. Phillips, R. Wellman. The secretary, Mr. Robert Bristol was out of town and Messrs. G. White and Wm. Roberts were also unavoidably absent.

Mr. W. Fletcher took charge of the singing with Mrs. Charles Whytock at the piano until the guests of honour arrived.

Rev. and Mrs. Rivers and Gray were lured to the church under the pretext of marrying a young couple. As the guests entered the congregation sang "Should Auld Acquaintance Be Forgot." The chairman spoke a few words of welcome to the assembled company. Miss Edna Salisbury and Miss M. Ferguson played a delightful duet. Miss Norma Fair sang "Caroline." The quartette, composed of Messrs. Fletcher, Abbott, Jones and Edwards, with Mr. George Maybee at the piano ,sang a rollicking sea song which was much enjoyed by everyone. Mr. Scrutton rendered a violin solo in his usual good style. Mr. Wm. Hawthorne sang an Irish song, "The Low-backed Car," with his son, Stanley, as accompanist. Mrs. Abbott gave a humorous monologue, "Aren't Men Funny?" with a "Bachelor's Dilemma" as an encore. She was accompanied at the piano by Mrs. Kincaid. Mr. T .Jones gave a very pleasing solo, accompanied by Miss Norma Fair.

Rev. W. A. Hunter, pastor of St. Peter's Presbyterian Church, brought greetings from his congregation and expressed personal regret that Mr. Rivers was leaving Madoc. He had found him to have the true character of a pastor.

The male quartette favored the audience with another song. Mr. C. I. Ross accompanied by Miss Norma Fair, sang a solo, "Alice Blue Gown," also the following original verses composed by himself:

You are moving to Bolton we know
We regret very much you must go.
But we know you'll make good,
As you always have done,
And will win the respect of everyone.

You've been a friend and comfort indeed,
With your smiles and a glad hand in need.
You will come back we know it,
And always adore it,
The church that you left free of debt.

During the evening the following address was read by Mr. J .L. Rutherford to Mr. and Mrs. Rivers and family:

Madoc, June 21, 1935.

Mr. and Mrs. Rivers, Lillian and Gray and Raymond.

We, the members of Trinity United Church, along with many of your friends from the town, have assembled on this occasion with many regrets at the thoughts of your departure from our midst.

The sands of time have trickled through the glass until 8 years have registered to your length of labour among us. These have been successful years of ministry and although in looking back they seem to have flown too speedily, yet we feel sure they have recorded in them many periods of trial, and seasons of discouragement, as you earnestly endeavoured to administer to us, your flock.

We sincerely hope that there is also recorded in this eight years of service many seasons of refreshment and benediction as a reward of that unending, untiring, self-sacrificing labour, which you have unsparingly bestowed upon your charge.

You, Mr. Rivers, have been ever

HAVELOCK WON FIRST PRIZE

Nine rinks took part in the Madoc Bowling Tournament held in Madoc on Wednesday of last week. First prize, of bowling cases, was won by Havelock, second prizes of lamps went to Campbellford. Third prize of rugs went to Charles Kerr's team of Tweed. Fourth prize of shirts, to Madoc and 5th prize of belts, to Peterboro.

The following teams from Madoc took part in the tournament: George West, F. Dafoe, Dr. Wyper and W. Scrutton, skip; Dr. Beatty, A. Cochran, H. Kellar and J. Watson, skip; C. Ross, J. L. Rutherford, W. Fletcher and P. Gunn, skip. The latter team, skipped by P. Gunn, was successful in winning fourth prize.

LOCAL AND PERSONAL

—Kodaks, Films, Developing, Printing. Rupert's Drug Store. 14-26

Miss McDermid, Miss West and Miss Connor visited in Peterboro last week.

Mr. Hugh Phillips of Marmora, visited his sister, Mrs. L. McCarey, for a few days last week.

Mr. and Mrs. Fraser Aylesworth and Miss Uhrich attended the U. E. L. celebration at Adolphustown.

Dr. and Mrs. Gardiner of Toronto, and Mr. Roy Dale, of Georgetown, were visitors in town last week.

—Gordon Steel Works, Limited, of Tweed, are clearing out their stock of 40-gallon Milk Cans for $9.00 each cash.

Mr. and Mrs. Fred Comerford of Eldorado, spent a few days in Tweed recently with Mr. and Mrs. W. H. Hicks.

Mrs. E. West, who has been spending a few weeks with her daughter, Mrs. Latimer, in Peterboro, has returned to her home in town.

Mr. and Mrs. Fred Gunn and children, of Oshawa, spent the week-end with the former's parents, Mr. and Mrs. John Gunn, Madoc Township.

HERE AND THERE

By the time the provinces get their good roads program finished the world will be riding in airplanes.

What has become of the people who worried about how to invest their surplus money?

And now the grand old U. S. government is being designated a government of relief, for relief, and by relief.

A well known prohibitionist predicts that by 1960 strong drink will have passed out. But not before a lot of its victims have set the example.

One of the biggest troubles with us today is the fact that there are still too many wheelbarrow incomes linked to limousine tastes.

Neighborliness on the farms is something not confined to any nationality, color or creed. It is the outpouring of human good will and sympathy, which is often invaluable to those in distress. We hope to see the day when more of this spirit will spread to the cities and towns as well. —Forest Standard.

With the days of picnics and camps comes the increased danger of fire. Each year the fire losses mount up, valuable forests are destroyed, homes are burnt, sometimes with loss of life, just because of the fire that was not carefully put out when the campers left, the cigarette that was carelessly thrown away, or for some equally unnecessary reason. Our country is put to a great expense each year simply to prevent fires, most of them caused by carelessness on the part of people who are looked upon as good citizens. Surely it is to our advantage to take care of our own property. Do we realize that the forests belong to us as citizens of Canada, not to destroy but to protect? Let us do our part and encourage others to do theirs.

If you've ever travelled along a muddy country road in a car, you're familiar with the experiences of confining your lane of travel to the deep ruts made by the many cars that preceded you. Life is pretty much like that. Many fellows insist on travelling the same road as thousands before have done; little effort is made to strike out on a new road and so they all remain in the same rut. Thousands of short-sighted young men have heard so much about the depression during the last few years they have taken it for granted that it is a normal and lasting condition—that business conditions will never again improve—that the only thing left for them to do is wait for a lucky break. No man gets a 'break' who lies in bed waiting for something to turn up. The old-fashioned qualities of industry, initiative, perseverance will make for success in 1935 as they have always done in the years of plenty we have so definitely left behind. The "old timer" may say with reason that his best days are over But the young man who is ever on the alert to improve his conditions is now entering an era of unprecedented prosperity. Everywhere there are signs of new and greater opportunities. Economic history is not over—it has barely begun.—Forest Standard.

DOES IT PAY TO PLEASE?

Does it pay to please? We have often wondered! Today it appears as if the world respects people who do not seem to give a darn whether they please or not.

IN GOVERNMENT JOBS

What envy Mr. Dionne must arouse in many, he having five daughters in good government jobs before they are out of the cradle.—Toronto Star.

BETTER MOVIES

Some of the new and better motion pictures are proving more valuable as box office attractions than their sexy predecessors ever thought of being. It has taken a long time to make producers realize that the public is even more willing to patronize clean films than it is to patronize dubious ones.—Brockville Recorder.

THE INSECT WAR

There are some 600,000 different kinds of insects in the world whose ways have been studied. In all the rest of the animal kingdom — birds, beasts, reptile and fishes—there are said to be not more than 36,500 species. And the insects are the most direct and relentless competitors of man for a place in the sun. Hence we are at perpetual war with the insect world.—Winnipeg Tribune.

THE SCOUT HOBBY IDEA

I like children to have a hobby—a hobby for the time when they are grown up and when old age draws near. One of the saddest things in life is to find people who have learned their business, who have got through life in a most useful way, but at the end when work stops, do not know what to do. I have my hobby. It is the greatest consolation in life to have something that you can fall back on, something that has brought you no bread, but has always been a great pleasure.—General Smuts, to Johannesburg schoolboys.

THE PLACE OF THE LOCAL NEWSPAPER

The Gravenhurst Banner, in contrasting the place of the local paper in the home of its readers with the intrusion of the much despised handbills, says very truthfully: "Door to door hand-bills are most times an intrusion upon the privacy of the home, but the local newspaper is invited in. Its messages are avidly read and its advertisements are considered a part of these messages. The weekly newspaper is so definitely a part of the people, so much an accepted member of the family, that its pages constitute the finest and least expensive advertising medium yet devised."

SPEED OF 1832

Reaching his 100th birthday, recently, Dr. Alexander Gueniot, a French physician, made public a pessimistic letter his father wrote to a friend, deploring what a terrible year 1832 was for any one to begin life. "This madness of speed is wearing out men," the father wrote. "Only yesterday, I saw a post chaise tearing along. It makes one giddy. The horses were galloping at more than five leagues an hour. And everyone wants his carriage. The streets of Paris are so congested you must wait a long time if you wish to cross them. Madness of the century, my dear friend, for which men will pay in the brevity of their days. My son, like his contemporaries, will not live to be old." —(From the London Advertiser.)

HELP PREVENT FOREST FIRES

Last year the carelessness of campers caused more than a thousand forest fires. These fires burned over millions of acres of beautiful forest land that can never be replaced.

This year let's be more careful. Just three simple precautions suggested by the Canadian Forest Service will kill the chance of your camp fires spreading into a disastrous holocaust.

1. Select a location for your camp fire with the smallest quantity of dead wood, low-hanging branches, brush, dry leaves or resinous trees.
2. Clear the space selected for your fire by removing all such combustible material from the soil for a radius of four or five feet.
3. Exercise every precaution to see that the fire does not spread and make sure that the fire is out before you leave it. Douse water on the ashes and be certain that every spark is extinguished.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO
June 25, 1885

Mrs. Peter Sinclair, and son, David, leave this week for a visit to Scotland.

Mr. Thomas Reynolds left Madoc today for South America, where he will engage in mining.

Messrs. A. W. Coe and George H. Brown have erected a double bathhouse in the river beside the grist mill for the use of the public.

The C. O. Railway are running two trains per day now.

An excursion to Coe Hill over the C.O.R. will be run on Tuesday.

Mr. Joseph Caverly presented the Review with this season's potatoes, the size of eggs.

Mr. John Harper has men engaged in rebuilding his brick block, lately destroyed by fire.

The Coe Hill iron mines are to be closed down for a time.

Madoc I.O.O.F. members are taking in an excursion to Peterborough today.

Mrs. Peck will address meetings in the old Methodist church on July 1st at 8 o'clock in the interest of the Scott Act.

Miss Lizzie Kavanagh and her little brother, of Faraday, were seriously injured when their horses ran away and they were thrown out of the wagon.

Dr. Sutton has been suffering from a sprained ankle for the past week.

Madoc I.O.O.F. Lodge will decorate the graves of deceased brethren on Monday.

Officers of the civil service now with their regiments in the North West, will be immediately relieved, having been ordered home.

TWENTY-FIVE YEARS AGO
June 23, 1910

Mr. John Volume writes from Fernie, B .C., that while stopping in a cabin in Northern B. C. on the Cariboo road in Lillovet district, he noticed the walls were papered with copies of the North Hastings Review, proving it is a paper widely read.

A vein four to seven feet wide of fluorite and baryte has been discovered on Mr. Dan Rodgers' property, also on Mr. Wilson Bailey's farm.

On June 15th at Tweed Miss Mary Carmel Meraw was married to Mr. Robert O'Riordan of Madoc, by Rev. J. S. Quinn.

On June 15th Robert John Allan was married in Campbellford to Miss Jennie Armstrong, by Rev. G. A. Brown.

About twenty Oddfellows drove to Eldorado to take the train for Maynooth on Monday to institute a new lodge.

Miss Beatrice O'Riordan left this week to take a position in Saginaw, Mich.

Mr. Loomis Reeves has purchased a boat and boat house at the lake from Mr. Bruce Vankleeck.

Misses Mary Bristol and Tillie Thompson, who have been attending the Normal School in Peterborough, returned home this week.

Rev. H. S. Graham will leave for Trenton on Tuesday to attend the Presbytery of Kingston.

On Tuesday night fire destroyed the main cottage and several trees at Island Park, Moira Lake, with considerable loss to Mr. Caverly.

Mr. Charles O'Hara left us a sample of new potatoes last week grown in the garden of Mr. John Lewis.

Miss Emma Dougan is visiting her sister, Mrs. Kay, at Schomberg.

FIFTEEN YEARS AGO
June 24, 1920

A pretty wedding was solemnized at the home of Mr. John Moore, Remington, on June 16th, when his daughter, Ella, was married to Mr. Edward D. Clark, of Belleville.

Mr. Alex. Latone, of Queensboro, died in Toronto General Hospital today.

Miss Alice Orr, of Edmonton, Alta., entertained in honor of Miss Luella Harrison of Madoc.

Rev. John Glover, formerly of Queensboro, has received an invitation to become pastor of Seymour circuit of the Methodist church.

The June meeting of the Women's Institute was held in the Domestic Science room of the Model School with Miss Feeney in charge.

Miss Ruth and Mr. Kenneth Connor are camping at Cedar Lodge.

Messrs. Erskine Jenkins, Bill Duggan, and Fred Allan, spent a few days at "As You Like It" while studying for exams.

Messrs. Willie and Wright Young, of Toronto, reached Cottage Cove last week and opened up their camp. "The Young Doc."

Mr. and Mrs. D. Eccles, of Winnipeg, are visiting their daughter, Mrs. A. L. Connor.

REGINALD NAPP NAPANEE, DROWNS

Meagre reports of the drowning of a man identified by police as 28-year-old Reginald Napp, farm laborer in the Bay of Quinte west of Napanee on Thursday morning were received by Provincial Police of the Belleville office. The body, according to their statements had not yet been recovered although dragging operations at the location the man was last seen were being carried out under the direction of Provincial Constable Fred Barrett.

Napp, who was reported to have been working as a farm hand near Newburg had evidently made his way to Napanee and had taken advantage of the occasion to take a swim. He was believed to have been alone. Discovery of his clothes later near the edge of the water led to communication by a resident to police, after which dragging operations were undertaken.

Napp was said to have emigrated to Canada from Australia and had been in the county but a few years, it was stated.

CROLL SUGGESTS DIONNE REUNION

Reunion of the Dionne quintuplets and other members of the family in one large home and transformation of the present Dafoe hospital into a schoolhouse, has been suggested to Oliva Dionne, father of the babies, by Minister of Welfare David Croll, but no reply to verbal or written proposals was received, said Mr. Croll.

Chief guardian of the babies, Mr. Croll revealed the Government's proposals last week.

Suggestion for reunion was first made by the Minister at the babies' birthday celebration on May 28th and he invited Dionne to consider it and come to Toronto for discussion. He said he had not seen Dionne since and later wrote him a letter.

In the letter offering to build the house, Mr. Croll listed two conditions of the offer—Government control of the quintuplets' business affairs and retention of Dr. Allan Dafoe as the babies' physician.

PEARCE EXONERATED IN SISTER'S DEATH

Charles B. Pearce of Norwood, was exonerated of all blame in connection with the death of his sister, Helen Pearce, at the coroner's inquest in Peterboro on Thursday, June 13th, and the jury added a rider to their verdict in the motor accident recommending that the Township of Dumber take immediate steps to have the road made safe for traffic.

Several witnesses described the hill which has an 18 to 20 per cent grade and which is without guard rails, as dangerous under the best of conditions, and provincial constable Silvester, who investigated the fatal accident, suggested that for the safety of the travelling public, that guard rails should be erected on both sides of the road, and that the road should be graded, widened and straightened.

HOUSING PROGRAM WOULD SPEND TEN MILLIONS AT ONCE

The basis of a $50,000,000 housing program is before Parliament as members studied terms of the Government's Housing Bill, based on the report of a special committee.

The plans to authorize the Minister of Finance to advance up to $10,000,000 in loans for construction of new dwellings subject to such terms of repayment as he may stipulate. The advances are to constitute 20 per cent of the total cost of the house to be erected, including land purchase and legal costs and if the whole appropriation is utilized $50,000,000 will be spent.

SACRIFICES LIFE IN VAIN ATTEMPT TO SAVE CHILD

William John Papst, aged 56, of Campbellford, sacrificed his life there on Tuesday of last week in a vain effort to save six-year-old Nancy Redcliffe, who had waded out beyond her depth in the Trent River. Papst, who lived in one section of the house occupied by the girl's parents, Mr. and Mrs. Samuel Redcliffe, jumped into the water with his clothes on when he saw the girl disappear.

Only Ethel Redcliffe, four-year-old sister of the drowning victim, witnessed the tragedy. She rushed home to tell her mother that Papst had gone into the water with his clothes on. The mother quickly summoned help, but it was probably half an hour after the two had gone down before boats, manned by townsmen, were on the scene. Papst's body was recovered at 5 p.m., about 100 yards away and that of the girl two hours later. Hydro employees worked over Papst for an hour in vain.

OBITUARY

LORNE LUFFMAN

The death occurred at the home of his parents, on Friday, June 14th, of Lorne, five months old son of Mr. and Mrs. Wilfred Luffman.

The funeral took place on Sunday afternoon, Rev. G. W. Rivers of Madoc, conducting the service, and interment was made in Cooper cemetery.

MRS. MARY WANNAMAKER

Mrs. Mary (Soanes) Wannamaker, wife of Jacob Wannamaker, passed away on Tuesday, June 18th, at the residence of her son, Morley Wannamaker, at Pleasant Bay, near Consecon in Prince Edward County. She had been ill for about a week. The late Mrs. Wannamaker, who was in her 65th year, was born at Madoc, her parents being the late Mr. and Mrs. John Soanes. She was highly esteemed by all who knew her.

Surviving her are her husband, Jacob Wannamaker; two daughters, Mrs. Robert Van Dusen, Wellington; Mrs. Kenneth Craig, South Bay, Ont.; four sons, William Wannamaker, of New Liskeard, Ont.; Oliver Wannamaker, of Hillier; Chares Wannamaker, of New Liskeard, Ont.; Morley Wannamaker, of Hillier; one brother, James Soanes ,in Saskatchewan.

FAMILY OF FOUR DROWN IN CANAL

Thorold police were investigating on Thursday the Welland Canal tragedy in which four lives were lost, when an automobile toppled over into the 36 feet of water in the canal in a rainstorm on Wednesday afternoon.

An inquest into the deaths of Hermon L. Porter, 42, his wife Alfreda Smith Porter, 42, and their two daughters, Barbara, aged three, and Doris, aged two, had been opened by Dr. W. H. Hamilton, coroner, but stood adjourned.

S. L. Calan, Hamilton, who worked with Porter ,branch manager of the Monarch Life Assurance Company in Hamilton, escaped a similar fate only by accident.

He was riding with the Porters when they stopped at Lock 7 to watch a boat go through the Canal. They drove down a side road on the canal bank. Deciding to turn around and maker, of Hillier; Chas. Wannamakcar to direct Porter back on the main road, which crosses the Canal at that point.

Calan walked back toward the highway, when he turned to see the car angle over the edge of the canal. Suddenly it went over a ledge at the top of the canal wall and toppled over into the water.

MRS. M. LEWIS HEADS REBEKAH ASSEMBLY

Mrs. Meda Lewis, Toronto, was on Tuesday of last week elected President of the Rebekah Assembly, I.O.O. F., of Ontario, during the forty-fifth annual sessions held in the Royal York Hotel. The full slate of officers was: Vice-President, Mrs. Christine Allen, Welland; Warden, Mrs. Christina Doherty, Fort William; Secretary, Miss Violet Pearce, Toronto (re-elected); Treasurer, Miss Nellie Dodson, Chatham. The officers were formally installed in office under the direction of the retiring president, Mrs. Mary Williams of Brantford.

APPOINTED TO VAUGHAN ROAD

Mr. Arthur Kerr, son of Mr. and Mrs. C. H. Kerr, who has completed his course at the College of Education, Toronto, has been appointed Science Instructor at Vaughan Road Collegiate Institute, Toronto. There were over two hundred applicants for the position and Mr. Kerr's qualifications were considered highest by the Board of Education of that city. He will commence his duties in the fall term. Vaughan Road Collegiate is considered one of the leading schools in the Province.—Tweed News.

2,000 GREET DELEGATES

Greetings of Winnipeg jobless and relief camp workers, planning a second march on Ottawa, were extended eight representatives of 2,000 striking relief camp workers who reached Winnipeg on Thursday on their way to Ottawa to present grievances to the Federal Government. More than 2,000 jobless awaited them.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Canadian Turkeys Free

Canadian turkeys enter Great Britain free of duty. From May 2, 1935, the duty on foreign turkeys entering the British Isles will be six cents per pound in place of the former duty of two cents per pound, it is announced.

The reclamation plans for the Holland Marsh in North York, Ontario, will include about 8,000 acres all suitable for extensive vegetable growing. Work was started six years ago and an area placed under crop, but fuller development was retarded by lawsuits. With a settlement of the rival claims it is expected that all the suitable land will be utilized.

Record Sales to States

According to figures just released from the Holstein-Friesian Association at Brantford, all previous records for the sale of pure bred Canadian Holsteins were smashed during the month of April. A total of 3,121 head were transferred on the records of the Association, representing 28 per cent. more sales than have been recorded in any month in its history. United States buyers took 1,040 head, bringing their total for the year up to 2,454 and far exceeding the number shipped in any other like period. A new record was also created when 238 changes of ownership were recorded in one single day. As a result of the tremendous demand, both locally and for export, prices have increased about 25 per cent. and the majority of the shipments are now averaging near the $100.00 mark.

Total transfers for the first four months of 1935 number 8,117 head and show an increase of 70 per cent. over 1934. Total registrations in the same period numbered 10,234 head, representing an increase over last year of about 20 per cent.

Grants For Junior Fairs

An announcement of much interest to those concerned with junior agricultural activities was made by the Dominion Department of Agriculture recently, when grants were offered to Class A and Class B exhibitions, and to Winter and Summer shows, to be applied specifically to the support of boys' and girls' club work and to junior activities generally. The maximum grant that may be earned by each fair, for this purpose, is $500.

The objectives in mind in the provision of these grants are—to supplement and encourage junior activities as organized by department officers in the areas served by the fairs, to develop new exhibitors for the future, and to stimulate a constructive interest in fairs on the part of young people and their parents.

More than ordinary attention will be given this year to flax and barley in Huron, Ontario. One flax mill operator has contracted for about 2,800 acres. In Seaforth a mill has been fitted for the manufacture of malt from selected Ontario grown barley. It is expected that 50,000 bushels of barley will be handled in this plant. In Glengarry county the prospects are for an increase in the acreage of barley.

The graduating class of one hundred and twenty at the Ontario Agricultural College this year will be the second largest in the history of the institution. In 1923 there were 147 graduates, but this was due to the fact that an exceptionally large number of men who had served overseas returned to complete their courses in the preceding two years, and this actually represented the graduates who otherwise would have been distributed over about four years.

Weeds in the Pasture

Keeping the weeds down in the pasture means work at intervals during the season if they are all to be killed. If left for any length of time, or even for a short time, in favourable weather, they will ripen and scatter their seed. This being an extra job for which time has to be found somewhere in the midst of the press of work, quick methods are most desirable. The tall growing weeds should first be eliminated, wild carrot, fern and ragweed which can be destroyed by mowing, cutting, grubbing, or pulling. Close systematic mowing probably accomplishes the most good with the least amount of man labor, and if faithfully followed will destroy most weeds. There are others such as hawkweed and dandelion that grow so low as to escape the mower. One effective way to eradicate such weeds is to apply lime and phosphate fertilisers to the pasture. These help the white clover, which adds nitrogen to the soil and also helps the grass to grow dank enough to smother out the weeds. Soil deficient in plant food cannot produce a good pasture.

To Kill a Society

The advice given by John F. Clark at the recent Horticultural convention might well be pondered by all of us as it may be applied to any of the organizations with which we are connected. Mr. Clark has listed a few sure ways of killing an organization, but fortunately has not forgotten some suggestons which are constructive.

WAYS TO KILL A SOCIETY

Do not attend the meetings, or always be late in entering. Criticize and find fault with everything attempted. Never assist in securing members, selling tickets or acting on committees, and only give adverse opinions regarding the work of active members. Always demand something for your services and advice. Never stand for office.

HOW TO ASSIST THE SOCIETY

Prompt attendance at all meetings, and hearty co-operation with the officers. Be satisfied to act on committees and share responsibility of office. Advocate service to the community rather than selfishly expect premiums and personal gain from membership. Do not decline to stand for election and be slow to resign when something fails to please. Seize every opportunity to advertise the Society and spread the knowledge of horticulture

British Fruit Market

Canadian apple growers have overcome many difficulties in establishing an export market for their products. They were pioneers in accepting government grading as a means of building up a reputation for quality. In spite of discouraging prices in the the past few years the agents of co-operative shippers have pushed sales on the British market and stand in a better position today than ever before. In the season that has closed the Canadians fared even better than the English growers who had a large crop that brought very poor returns. Mr. A. Fulton, who is the overseas representative of Ontario growers, claims that wonderful progress has been made in packing and handling of apples in the past six years. The principal factor contributing to the improved quality and condition of Ontario apples has been in the producing areas. These modern facilities have allowed more uniform grading and have largely overcome the tremendous loss in wastage that was experienced before they were introduced. The elimination of numerous brands and the adoption of a few specialized marks, such as "Bog O" and "Norfolk," has been a porgressive step. This has been made possible by the local organizations which shipped in regulated fashion to meet the market demands. An example of this was the holding of Starks and Baldwins until May when they were offered in splendid condition and realized as much as 26 shillings per barrel.

TOURING AS A BAROMETER

A good sign, thinks an official of General Motors Products of Canada, Limited, is the high percentage of trunk models among the passenger cars ordered this season. This seems to confirm the prediction made by hotels and tourist agencies, to the effect that 1935 would see a resumption of motor touring on a scale so great as to surpass the highest previous record. "This resumption of touring by the public is a good omen for business," he said. "It is one of the most reliable 'telltales' regarding the status of the public purse. When every other car encountered on the highways bears a license from some other province or state, you can write it down without fear of contradiction that things are decidedly looking up."

BRITISHER SHAVING WITH EMPIRE SOAP

The Britisher is shaving with Empire soap, if the figures for imports of Canadian shaving soap into the United Kingdom market can be taken as a guide. Imports from Canada increased 1933 over the previous year, while imports from the United States declined.

The Loyalists of the Bay of Quinte District met in the old Hay Bay Church at Adolphustown on Saturday, June 15th, to commemorate the 151st anniversary of the landing of the Loyalists, also the 143rd anniversary of the old church, which was erected in 1792.

MRS. EVA COO NEAR COLLAPSE

Mrs. Eva Coo, native of Haliburton County, Ontario, wasted and nerve-wracked after nine months in Sing Sing prison's death house, was near collapse on Monday as she awaited her execution on Thursday night.

The State says Mrs. Coo, formerly of Haliburton County, Ont., must die for the "insurance murder" last summer of her handyman, Harry Wright. Only executive clemency can save her from becoming the fifth woman electrocuted in New York.

The nine months in the death house has turned her blond hair to gray. She has lost from 25 to 30 pounds and complains of intense headaches and sleepless nights.

SITS UP IN BED AFTER ELEVEN DAYS OF SLEEPING

Seven-year-old Robert Walker, unconscious at Aurora, Ont., for eleven days with sleeping sickness, sat up in bed on Sunday for the first time and looked about the room. His condition is much improved, Dr. C. J. Devins stated on Monday.

"The lad is still unconscious, although he looked around the room and sat up by himself," Dr. Evans declared. "He wasn't able to recognize anyone as his mind is still blank but we believe he will regain consciousness in a few days. He ate a small quantity of ice cream, the first food he has taken in a non-liquid form."

POST-MISTRESS AT SPRINGBROOK HONORED

Mrs. H. Mumbly, post-mistress of Springbrook, at a luncheon banquet on Wednesday at the Quinte Hotel, Belleville, was presented with a desk and table lamp for being the youngest post-mistress or postmaster attending convention of postmasters. She also was very highly congratulated by Mr. H. W. Mix, District Director of Postal Services at Ottawa, and Mr. Grail, Inspector of Eastern Ontario District, for her very attentive work in postal service.

The prize was donated by Mr. Robert P. Perry, Bracebridge, the oldest postmaster attending the convention.

Mrs. Mumbly made a very suitable reply thanking the Association for the support they have given her. Mrs. Mumbly feels she derived a great deal of benefit from the convention and will be more interested than ever in the work.

2,000 INQUIRIES FOR ENLISTMENT

More than 2,000 inquiries regarding the Colonial and Dominions enlistment plan of the Royal Air Force have been received at Royal Canadian Air Force headquarters at Ottawa since the R. A. F. expansion was authorized by the British government.

It was not yet known how many men of the Royal Air Force would accept from Canada.

The Department of National Defence was not acting in any official capacity in the enlistment scheme, only furnishing information on request as was stated.

The three R. A. F. categories open were short service commissions, for which 1,000 inquiries had been received at Ottawa; permanent commissions and apprenticeships, or positions, as airmen, for which another 1,000 inquiries were received.

WOMAN GOES BALD IN LEAGUE OF NATION'S SERVICE

The League of Nations has just had to pay $1,650 as compensation to one of its women workers who went completely bald while in the League's service.

The woman, a French widow, said that she had had to work in a room into which smoke from a chimney was blown. The smoke, she claimed, removed her hair.

She only made her claim—for $2,000—after she had lost her job with the League for which she had worked 12 years as a stenographer.

BRITAIN AND FRANCE UNITE FOR PEACE

An agreement that Great Britain and France will work together in a united front for peace was announced on Saturday by Premier Pierre Laval at the conclusion of his conversations with Anthony Eden, British Minister for League of Nations Affairs.

Ready to co-operate but firm in their demands, 2,000 striking relief-camp workers from British Columbia and Alberta idled in Regina on Monday awaiting the arrival of two Cabinet Ministers from Ottawa to discuss settlement of their grievances.

OBITUARY

The following obituary was taken from the Star and Times of Swan River, Manitoba. The subject of the sketch was the youngest daughter of Mrs. Norman West, formerly of Madoc.

Miss Margaret West, R. N., died of pleuro-pneumonia in Winnipeg General Hospital, on Wednesday of last week. Deceased was 28 years of age. A funeral service was conducted in Mordue Bros. Funeral Home in Winnipeg on Thursday and the body was forwarded to Benito, where the funeral was held from the United Church on Sunday afternoon. Rev. G. A. McMillan officiated. Pallbearers were former class-mates of the deceased, namely, C. Hall, C. Dawson, H. Wright, R. Emmond, E. Patten and C. Goodman.

Miss West was born in Benito and was educated in Benito Consolidated School. She received her nurses training at Winnipeg General Hospital, where she was employed up until the time of her death. She leaves to mourn her passing, her mother, Mrs. N. West ,and two brothers, Arthur and Robert at home in Benito; a sister, Ollie, at Bowsman; a sister, Mabel (Mrs. A. Spencer), of Durban, and a sister Jennie, (Mrs. A. Shaw), also of Durban. Out-of-town mourners who attended the funeral were Mr. and Mrs. H. Hillier of Grandview, Man., and Mrs. Gustafson of Bowsman.

The large crowd which attended the funeral and the large number of beautiful floral tributes showed the esteem in which the deceased was held. Many of the latter were from the hospital staff, the graduating class, with which Miss West had graduated and other friends in Winnipeg.

While Mrs. West and her sons were in Winnipeg at the bedside of their daughter and sister, neighboring farmers plowed and harrowed and seeded seventy acres of land on their farm, while the ladies completed the housecleaning which Mrs. West had begun.

Buy the Bonds of your own Province

The Province of Ontario, one of the richest areas of its size in the world, with great per capita resources of soil, mineral-bearing rocks, forests, lakes and rivers, homes, farmsteads, factories, cities, towns and villages, now comes to its shareholders—the people—with the soundest securities that can be offered—*the bonds of your own Province.*

ALBINO WOODCHUCK SEEN NEAR MADOC

For the second consecutive season an albino woodchuck, pure white except for a pair of pink eyes, has been sighted in the county. Driving north of Madoc on Friday, Stanley Russell, Campbellford, managed to obtain a good glimpse of the unusual animal browsing in a clover field not far from the highway. The 'chuck had previously been reported seen by a resident of Madoc.

The advertisements bring you news of better things to have and easier ways to live.

PRESENT GIFT TO MINISTER

The Y. P. S. of the Queensboro United Church met at the parsonage on Wednesday evening to spend a social hour with Rev. and Mrs. Doggett, also Miss Kathleen Doggett, who are moving in a few weeks to Lynn, Ontario.

Miss Bonter, president, had charge of a short program consisting of several hymns, piano selections, a nut contest and games.

After the program Mr. Will Glover read the following address and Miss Sager presented Mr. and Mrs. Doggett and Kathleen with an electric toaster.

Queensboro, June 12, 1935.

Dear friends:

A year may be called a milestone in life's journey. You have reached one of the landmarks in our community and during your presence here have taken an active interest in our Y. P. S.

You have, Mr. Doggett, by precept and example, endeavored to direct our attitude concerning our society into the proper channel. We wish to assure that your efforts have not been fruitless.

Mrs. Doggett as one of our convenors has diligently and capably taker her place. Kay has ably assisted whenever called upon.

We shall not soon forget the hospitality and congeniality of the Doggett family in their home during several social evenings.

At this opportune time we wish you to accept this small gift as a token of our good wishes.

Signed on behalf of the members of the Queensboro Young People's Society.

Rev. and Mrs. Doggett and Kathleen replied in a pleasing manner thanking the young people for the gift. After singing "Blest Be the Tie That Binds," the young ladies served a bountiful lunch.

MADOCER HOSTESS AT SHOWER

Mrs. Evan Barlow and Miss Lillian Hart, Belleville, were hostesses at a delightfully arranged miscellaneous shower on Monday evening of last week in honor of Miss Marie Meiklejohn, bride-to-be, at the home of Mrs. Barlow, Cedar street. Mauve irises and orange blossoms were used in profusion in the decoration of the rooms. Miss Meiklejohn was the recipient of many lovely gifts. Bridge was enjoyed by the guests, the winner being Mrs. Edward Rath, Tweed. A dainty lunch was served at the close of the evening.

FAREWELL TO REV. G. W. RIVERS AND FAMILY

(Continued from page 1)

dy to answer any call whether pertaining to your own congregation or the town at large. Your careful attention to the aged, and ill, the friendless and destitute will have, when life's last labour is ended, enriched your diadem with jewels that sparkle as the stars.

And you, Mrs. Rivers, have ever followed duty as a faithful co-worker with Mr. Rivers. Your share of the labour in each branch of the church has shown always as a model of unselfish comradeship. There is going to be left a vacancy in the Ladies' Aid, the Women's Missionary Society, the Sunday School, the choir, and the C. G. I. T., which those who follow will find very hard to fill. We know that you, too, will reap in that Great Beyond richer reward for your tenure here.

Mr. and Mrs. Rivers, it is beyond words to paint our appreciation of your stewardship over this Madoc charge and likewise impossible to express our good wishes for your future success in your new field.

To you, Lillian and Gray, let us remind you that you have nobly followed the example set by your parents and willingly entered all church activities with a zest and vim that did not pass unnoticed among your associates.

Gray, your daily life has shown a Christian example and you will be missed from the Young People's Society, Sunday school and choir; and Lillian, we are sure, too, that you have exemplified Christian life and leadership in the community where you are teaching.

We wish you folk to carry away with you the fondest regards, wishes and prayers of your Trinity United Church congregation.

May you find your new charge one of green pastures, full of felicity, cooperation and pleasure.

We, members of your congregation, and friends and neighbours, wish you to accept this purse as a further token of our sincerity and the esteem in which you are held and when life's last picture is painted may each of you be able to lay down life's torch being able to say "I have fought a good fight, I have finished my course, I have kept the faith."

Signed on behalf of Trinity Congregation.

Mr. William McMechan made the presentation of a purse with a substantial sum of money and a cheque for unlimited happiness from Trinity congregation and also outside friends.

In replying Mr. Rivers thanked the members for the gift and all the kindness shown to him and his family. He felt as if the Trinity congregation are still his people and remembered the welcome he received here eight years ago. He was also glad he had a share in helping the boys and young men of the church and hoped they would live nobly and well and prayed that God's blessing might be upon the church and people.

Mrs. Rivers, who was the only lady on the platform, spoke of her enjoyment in the work of the church in the different societies and especially the C. G. I. T. girls. She had enjoyed a picnic with them that afternoon. She thanked them all for their kindness and also the ladies of the sister churches who had been kind to her.

Mr. Gray Rivers spoke on behalf of his sister and brother, who were absent, and said he had enjoyed the work in the church with the Y. P. S. and the choir, and had been happy in growing up in Madoc. He has decided to be a minister and follow in the footsteps of his father.

At this stage everyone joined in singing "For They Are Jolly Good Fellows." A circle was formed and all joined hands as they sang "Blest Be the Tie That Binds."

While refreshments were being served the quartette composed of Messrs. C. I. Ross, R. Wellman, W. Hawthorne and W. Fletcher sang a medley of old songs.

Dainty refreshments were served by members of the Ladies' Aid after which the National Anthem and three cheers for the guests brought a pleasant evening to a close.

On saying good-bye to Mr. and Mrs. Rivers, everyone wished them happiness and prosperity in their new charge.

SAMPLE CHEESE FOR ENGLAND

A trial shipment of Ontario cheese is slated for the market of London, England, within the next few weeks.

The direct Ontario-to-Britain shipment is being planned by Ontario's Cheese Patrons' Association. The Association has been meeting at Queen's Park for two days, and Hon. Duncan Marshall announced preparation to send the Province's cheese direct to the British market.

The trial shipment, it was stated at Queen's Park, would not amount to more than one or two carloads at the present date. No definite word is available yet on the identity of the consignees, but the cheese will probably go to the London market. The load, it was stated, will probably be made up of Ontario's make of Cheddar cheese.

QUILTING PARTY AT MOIRA LAKE

On Tuesday afternoon of last week the members of St. Peter's Presbyterian Ladies' Aid were entertained to a quilting part at "Blue-Inn," the summer home of Mr. and Mrs. Thos. Blue at Moira Lake. The afternoon was spent quilting. After a hot supper served by the hostess, the guests returned home, all having enjoyed a very pleasant afternoon.

BELLEVILLE MARKET

SATURDAY

While strawberries were quite plentiful on the Belleville market on Saturday, there was but a slight decrease in prices over the previous week. In the early hours of trading 20 cents a box was asked but later in the day the ruling price was two boxes for 35 cents.

There were but few changes to note in prices generally for all farm and garden products offered for sale in considerable quantities. The market was well attended by the sellers and buyers.

A slight increase in the price of eggs was noticeable, No. 1 selling at 18c to 20c per dozen and 14c to 16c for pullet eggs. The ruling price for butter was 25c per pound and in some cases two pounds for 45c.

Dressed poultry commanded a good price, chickens selling from 75c to $1.00 each, according to quality. The ruling price for broilers was 60c per pair and were of a good quality.

Quotations were as follows: dressed hogs, cwt., $13.00; live hogs, cwt., $9.00; butter, lb., 23c to 25c; eggs, No. 1, dozen, 18c to 20c; pullet eggs, dozen, 15c to 16c; chickens, 60c to $1.10; live chicks, each, 7c; broilers, pair, 60c to 85c; potatoes, bag, 50c; apples, peck, 35c to 50c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; green onions, bunch, 5c; rhubarb, bunch, 10c; lettuce, bunch, 5c; radishes, bunch, 5c.

Prices on fresh fish were as follows: lake salmon, pound, 16c to 18c; pike, lb., 8c to 9c; mudcats, lb., 10c; white fish, lb., 15c.

Prices on plants were as follows: pansies, box, 20c; zennias, box, 15c; sylvias, box, 20c; double petunias, box, 20c; mixed plants, box, 15c; tomato plants, box, 15c; asters, box, 15c.

SELLING OUT

Mr. S. Pullman, who has conducted the dry goods business in Madoc under the name "Madoc Bargain Store," for the past year, is announcing this week a selling out sale. Mr. Pullman is closing his business in Madoc and is moving to Western Ontario, where he intends opening a general store. In order to get rid of his stock as quickly as possible, he is offering the public remarkable values in all his lines. Prices have been cut to and below cost as everything must be sold within the next two weeks.

NOTICE

Take notice that:

1. The Council of the Corporation of the Village of Madoc intends to construct as a local improvement cement sidewalks on the following streets in Madoc Village:

South St. Lawrence West lots 1 to 20 inclusive.
South Marmora, lots 24, 25, 26, 27.
West Rollins, lots 1 to 17 inclusive.
West Rollins, Francis Estate, lots 1 and 2.
North Livingstone, lots 50, 51, 52, 53, 54, 55, 56.
North Livingstone, lots 12, 13, 14, 25, 26, 27, 28.
North Seymour, lots 1, 28, 15, 16, 17, 18, 19.
South Seymour, 1, 6, 7, 8, (C Henderson).
West Durham, lots 14, 15.
East Durham, lot 12.
West Baldwin, lot 37.
East Baldwin, lot 52.
East Russell, lots 9, 5A.
South Prince Albert, lot 8.
West Madawaska, lots 9, 10, 11, 12, 13, 14, 15.
North Prince Albert, lot 17.
West Durham, lots 11, 12, 13.
South Prince Albert, lots 6, 7, 8, 9, 10.
East Nelson, lots 9, 10, 11, 12, 13.
West Nelson, lots 1, 2, 3, 4, 5, 6.
North St. Lawrence, lot 24.
West Wellington, lots 4, 5, 6.
South Prince Albert, lot 1.
West Wellington, lots 9, 10, 11, 12, 13.
South Queen Victoria, lot 1.
West Wellington, lots 4, 5, 6.
From Elgin Street south to William McBain's property.
S. St. Lawrence, Vic. Street, lot 9.
North Elgin, Vic. Street, lot 9.
North Elgin, lots 9, 10, 11, 12, 13, 14, 15, 16, 17, 18.
South Elgin, lots 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, and intends to specially assess a part of the cost upon the land abutting directly on the work.

2. The estimated cost of the work is $6,000.00 of which $4,500.00 is to be paid by the Corporation. The estimated cost per foot frontage is 65 cents. The special assessment is to be paid in three equal annual instalments and the estimated annual rate per foot frontage is 16 cents.

3. Application will be made by the Corporation to the Ontario Municipal Board for its approval of the undertaking of the said work and any owner may within twenty-one days after the first publication of this notice, file with the Board his objection to the said work being undertaken.

4. The said Board may approve of the said work being undertaken, but before doing so it may appoint a time and place when any objections to the said work will be considered.

Dated this 25th day of June, 1935.

A. S. COCHRAN, Clerk.

MEETING OF MADOC TOWNSHIP COUNCIL

Madoc Township Council met on Monday, June 17th at one o'clock. All members were present. The minutes of the last meeting were read and approved.

Miller-Moorcroft—That the Reeve and Councillor Gawley be a committee to oversee building a bridge on J. Fitzgerald's road. Carried.

Moorcroft-Gawley — That Frank Walker be paid $5.00 for building culvert and Arthur Pigden be paid $2.00 for dog tax refund. Carried.

Miller-Gawley—That the following be paid for cedar covering: John Post, 1620 feet, $32.40; Ken. Bateman, 1040 feet, $20.80. Carried.

Gawley-Miller—That the Reeve and Councillors Sager and Moorcroft be a committee to oversee building or repairing bridges on Francis Barry's and J. McCaffrey's roads. Carried.

Miller-Moorcroft—That John Rollins be paid $12.00 for repairing three culverts. Carried.

Moorcroft-Miller—That the 1935 assessment roll be accepted as finally revised. Carried.

Sager-Gawley—That anyone found dumping garbage on Township roads be dealt with according to law. Carried.

Miller-Sager—That Council go into committee of the whole on By-laws with the Reeve in the chair.

The Colonization By-law received its third reading and was finally passed, signed and sealed.

Council resumed.

Miller-Gawley—That Council adjourn to meet at the call of the Reeve. Carried.

Earl Burnside, Township Clerk.

LOCAL AND PERSONAL

Mr. Douglas Hough, spent Wednesday last with Mr. Earl Wellman.

Mr. and Mrs. Tom Christie of Ottawa, have been a few days in Madoc.

Mr. and Mrs. Will Jenkins and children of Ottawa, are visiting Mrs. F. E. Jenkins.

Mr. and Mrs. Archie Ashley and lettle son of Whitby, are camping at Moira Lake.

Mr. and Mrs. Armour Reid, of Belleville, were guests at the home of Mrs. B. Richmond yesterday.

Mr. Cecil Taylor, who has been attending Albert College in Belleville, was successful in passing all of his exams and is to be congratulated.

Mr. and Mrs. Wesley Hulin, accompanied by Miss Mary Bronson, all of Madoc, spent Sunday at the home of the former's brother, Mr. and Mrs. H. Hulin, (Stirling.

Mr. and Mrs. George Empey spent a day recently with Mr. and Mrs. F. Akey at Lonsdale. Miss Irene returned home with them for a month's visit.

Mr. James Fox, on helping to load livestock at Eldorado shipping yards, had the misfortune last week of being bit on the foot by a pig and during the past week has been laid up. He is under the care of Dr. F. J. Nickle.

On Friday afternoon the Tuxis boys of Trinity United Church entertained their pastor, Rev. G. W. Rivers, at Community Camp, Moira Lake, during the afternoon. Mervyn Rutherford in an impromptu speech spoke of Mr. Rivers' work among the boys of the group and wished for him every success in his new field at Bolton. Mr. John Bristol presented Mr. Rivers with a book as a remembrance of the boys of Madoc Tuxis Group At. Mr. Hector's cottage Mrs. Rivers was entertained by the Senior C. G. I. T. girls. Miss Aileen Kelly was the hostess. A pleasant afternoon was spent.

CLINIC WEEK

Prof. A. Keller, of Chicago, Illinois, Noted Radionic Diagnostician, will be in Belleville for two weeks

JUNE 26 TO JULY 6

Prof. Keller is a specialist in Radioclast Diagnosis, Coagulation of Tonsils, Dehydration of Hemorrhoids, Prostatic Treatments and Manipulative Surgery. Prof. Keller has been in charge of the National Clinic in Chicago, where 50,000 people are examined and treated yearly. He will examine and advise a limited number of patients, at this office during the clinic, using the latest type of Radionic instrument.

An Examination Takes One Hour. The Fee is Five Dollars

It is Important that you arrange appointment early at 288 Coleman Street, Belleville. Phone 900.

RADIOCLAST HAS BEEN VERY SUCCESSFUL IN BELLEVILLE.

This is the third year that I have been using the Radioclast in my office, and it is a proven fact that the Radioclast will not only diagnose accurately and correctly, but many of the so-called incurable diseases will yield to Radionic Treatment. I have had many patients to prove it. Don't let this opportunity go by. Make an appointment early during the clinic.

This Clinic is under the supervision of

R. A. WYATT, PH.C.

Licensed Drugless Practitioner for 15 Years

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Rosebloom Crabapples

There have been originated at the Central Experimental Farm a number of flowering crabapples with deep rose coloured blooms and purplish green stems and leaves. Taey are quite different from most of the flowering shrubs found in Canadian gardens. They grow into small trees or large shrubs and they are almost as interesting when covered with fruit as when in bloom. The apples vary in size from a small, flattened, very hard, bitter crab to a small sized apple with fair flavour. The fruit of some of the varieties is purplish red, that of others bright red or yellow and red. Some varieties bear fruit that can be made into jelly or fair flavour and beautiful colour. Among the varieties that may now be obtained from nurserymen are Nipissing, Chilco, Erie, Rousseau and Sissipuk.

* * *

A Method of Couch Grass Control

It has been found by the Field Husbandry Division of the Dominion Experimental Farms that the roots of couch grass can be killed in three or four days by exposing them to the sun and air during warm dry weather. The Division, therefore, recommends the following treatment: Plough the infested area four inches deep when it is in sod. This may be delayed until the middle of July and the land used until that time for hay or pasture. After ploughing use the disk to break down the furrows and induce rotting of the sod. After disking cultivate every three or four days during dry weather in order to bring the couch grass roots to the surface. Plough again in the fall and in the following spring sow a smother crop or plant a hoed crop. This has proved to be a very satisfactory way to control couch grass.

* * *

Local Red Clover Seed is Best

Extensive tests made on the Dominion Experimental Farms have clearly proven the superiority of red clover seed grown locally in Ontario and Quebec and the lack of winter hardiness in much of the imported seed, especially that from Southern Europe. Generally speaking, red clover seed from strains that have been found to produce profitably in a particular locality for a number of years is the best suited to that locality. At the same time this seed is interchangeable over a wide territory where climatic conditions are similar and when not subject to new insects or plant diseases. Under a provision of the Seed Act imported red clover seed is required to be properly stained before being offered for sale.

EQUIPPING FOR PLEASURE

Next to having a car well-tuned and in perfect mechanical condition, there is no greater contribution to the pleasure, safety, and comfort of a summer vacation tour than to have the car fitted with equipment that guarantees the tourist against minor difficulties and discomforts that may be met with on a long distance trip. Both safety and comfort, for instance, are served by insect screens in all ventilator openings. Most current model cars are regularly provided with screens in the cowl ventilators, but screens may be had also for the window openings of no-draft ventilating systems. Since on most vacation trips the driver is not the only one whose comfort and pleasure are to be considered, accessory manufacturers have offerings of special value and utility for the passenger. For example, an extra windshield wiper may be installed at the right side of the car; also an additional adjustable sun visor, which may be equipped with a snap-on mirror for the benefit of feminine passengers. A spotlight, properly installed, is also an excellent summer accessory and a safety adjunct.

FUGITIVES' CAR FOUND ABANDONED

The blue sedan in which Alex Cross and Fred Shaw escaped from Cobourg lockup last week was found on Don Mill's Road, six miles from downtown Toronto. The men are believed to have abandoned the car and walked into the city.

Alex Cross and Fred Shaw, the two prisoners who escaped from the Cobourg jail, are the two men believed by Belleville and Toronto police to have committed the robbery at the Sprague cleaning establishment last Easter. Warrants charging Cross and Shaw with this robbery have been issued by the Belleville police. Detective Isard and Mr. E. C. Sprague were to have gone to Toronto to bring these men to Belleville to face charges of theft. Cross and Shaw were identified when they abandoned their automobile recently in Toronto, as being the men to have rented the private garage where some of the stolen goods from Sprague's were found.

BUSIEST OCEAN PASSENGER PORT

Southampton is the busiest ocean passenger traffic port in Britain. 37 per cent of the total foreign ocean passenger traffic of the United Kingdom was handled through Southampton last year. London handled 22 per cent and Liverpool 21 per cent.

Dr. H. J. Cody, president of University of Toronto, on Monday received an honorary degree of Doctor of Laws, at the 167th commencement exercises at Brown University at Providence, R. I.

POPULAR BRIDE-TO-BE HONORED BY FRIENDS

On Monday night, June 17th, the friends and neighbors invaded the home of Mr. and Mrs. W. J. Scott, Moira, to do honour to their eldest daughter, Eleanore, a bride-to-be. A social half hour was spent, following which Eleanore and Archie were given the seats of honor. Mr. Harry Emerson officiated as chairman in his usual capable manner and called on Miss Verna Foster to read the address which was as follows:

Moira, Ont., June 17, 1935.

Dear Eleanore:

Having learned of your intentions to leave our neighbourhood and to leave the shelter of this home for another, we, your friends and neighbors, have invaded your home tonight to spend a social hour and to extend our best wishes.

You, Eleanore, have lived among us all your life. Your willingness to help in our community and your sunny smile will undoubtedly be missed. We are glad that you are not going far away. We trust that you will not forget us and that you may often return to spend a few happy hours in our midst. When you take up your new home we sincerely hope that your new acquaintances will learn to love and appreciate you for your many good qualities and your jovial nature.

To Archie, who is a stranger to most of us, we offer these few lines by Edgar A. Guest, as a bit of advice.

After the honeymoon, learn to say
"Yes my dear,"
This will keep trouble and grief away
"Yes my dear"
If she insists that black is white,
And night is day and day is night,
This is the answer that's always right
"Yes my dear."
This is the slogan for married men
"Yes my dear"
No is a troublesome word to use,
It's the battle cry of opposing views,
But this is the pleasant phrase to use
"Yes my dear."
In moments of doubt it is safe to say
"Yes my dear."
This will save you many an anxious day,
"Yes my dear.
Though you will be tempted, as oft was I
To rise in your wrath and her will defy,
You will find this is always the best reply,
"Yes my dear."
When she would go out and at home you'd stay
"Yes my dear"
Life will be happier when you've learned to say,
"Yes my dear."
And you will discover as time goes by
And you have been married as long as I
Nine times out of ten here's the best reply,
"Yes my dear."

And now as a small token of our good wishes we ask you to accept these gifts and we trust that God will bless you abundantly and that the sun of happiness may shine upon you always.

Signed on behalf of the community: Mrs. Wallace McInroy, Hilda Elliott, Ruth M. Emerson.

Miss Ruth Emerson and Miss Hilda Elliott presented Eleanore with the many and beautiful gifts and at this time Eleanore and Archie thanked those present for their thoughtfulness. A few impromptu speeches were made and the Moira orchestra consisting of Mrs. Arthur Emerson and the Misses Dorothy and Hazel Elliott, Miss Verna Foster and Miss Myrtle Wannamaker, furnished music for the evening. Master Glenn Morton also gave a couple of musical numbers.

Lunch was served which brought a very enjoyable evening to a close.

SENTENCED FOR SETTING OUT FIRES

Mr. Frederick Teeples and Mr. Stanley Dolan, both of the Township of Griffith, appeared before Magistrate McGregor in Renfrew Police Court on June 19th and were convicted on charges of setting out eight fires in forests of the Township of Griffith.

They were sentenced to six months determinate and six months indeterminate in a reformatory.

Charges were laid following investigation by Provincial Police Officers and officers of the Ontario Forests Branch.

The object of cold storage of commercial vegetables is to prevent them from drying and shrivelling and to stop the development of moulds and rots. Most vegetables can be placed in cold storage, but too much stress cannot be laid on the necessity of first pre-cooling them at a temperature of 50 degrees Fahrenheit when most of the heat will be taken off.

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed Advertisements in The Review marvel at the results achieved.

The cost is small. These small advertisements are universally read and often accomplish results in value far beyond the cost of insertion.

C. N. R. DESIGNS NEW CHAIR CARS

An innovation in chair car furnishing made its appearance in a new series of chair cars being placed in service this week by Canadian National Railways. The cars will operate as part of the Canadian National equipment on the fast afternoon pool trains between Montreal and Toronto.

Baggage racks have disappeared from the interior of the new cars, and in their stead, hand baggage is placed in a compartment beneath the seat of the revolving chair. The new type of chair is a Canadian invention and an exclusive feature of the new Canadian National series.

Heavier baggage, including golf clubs, etc., is stored en route in a rack at the end of the car. The new chairs are of welded steel construction. Among other features they include special cushioned seats which, in addition to providing greater comfort for the user will, it is anticipated, prove cooler in hot weather journeys. The seating material is covered with a blue upholstery matching the rest of the chair covering.

Originally constructed for transcontinental service, travellers will find the new cars outstanding in comfort and beauty. Rebuilt in the company's shops at Montreal, they retain their original beauty of decoration, being panelled with hardwood with ebony trim. Concealed deck lighting is an attractive feature, and besides the ordinary chair car space there are now installed men's smoking room, ladies' room, and buffet facilities. Four of the cars have been rebuilt by the company for pool train service.

STRESSING SAFETY

Unusual emphasis is being placed this year on safe driving in Canada from a number of sources. The usual campaigns of safety organizations and Government Departments are supplemented by commercial concerns associated in various ways with the motor industry. Lately, too, the courts have been moved to make special pronouncements and grand juries have devoted themselves to certain aspects of the safety problem. The Grand Jury at Toronto Spring Assizes suggested that study be given to the problem of eliminating unfit automobiles from the highways, and that the law on vehicle lights should be more rigidly enforced. "We are convinced," said the jury's presentment, "that traffic accidents may be reduced by consistent campaigns of education accompanied by enforcement of the Highway Traffic Act and local by-laws relating to safety."

ADVERTISING SUIT IS WITHDRAWN

Suit by the Canada Starch Company Limited, against the St. Lawrence Starch Company Limited for $10,000 damages and injunction over the brand of corn syrup fed the Dionne quintuplets, has been withdrawn from the Superior Court ,it has been officially announced.

The Canada Starch Company took suit in protest against the St. Lawrence Starch Company advertising that it was their brand of "Bee Hive Golden Corn Syrup" which Dr. Defoe fed the famous Callahder infants. Instead, the Canada Starch Company said, it was their brand of "Edwardsburg Crown Brand Corn Syrup which had been used, and besides seeking damages, injunction was sought to restrain further advertising linking the quints with the Bee Hive brand.

Proceedings in court led to a multiplicity of technical proceedings, with the St. Lawrence Company objecting that the suit could not proceed before the local Superior Court as its domicile is in Ontario, and the Ontario court should therefore be the venue or trial.

Desistment from the action was served June 4th upon the solicitors of the defendant company, MacDougall, Macfarlane, Scott and Hugeesen. Official notice has now been received by the St. Lawrence Starch Company Limited to the effect that the case has been withdrawn and that all taxable costs are being paid for by the plaintiff, the Canada Starch Company, Limited.

PROROGATION OF PARLIAMENT NEAR

With the sessional program almost completed and prorogation of parliament in the air, members gathered on Monday to deal with the few remaining items of business for the House of Commons. The Senate will meet on Monday.

Were it not for a couple of items, parliament could conclude its final session almost immediately. The grain board legislation, however, now before a special committee, scheduled to sit on Monday, may cause appreciable delay. It is an important bill, and the speed with which it goes through depends to a certain extent on whether or not the government is able to satisfy Liberal demands for information about operations of John I. McFarland, head of the Central Selling Agency, of the wheat pools, during the years he stabilized the market with government credit.

ELECTRIC CRADLE SINGS ROCK-A-BYE

Termed by their own president as "nuts", the gadgeteers of the 14th annual National Inventors' Congress brought to Chicago on Monday a strange array of thingamajigs, hootenannies, and doodads.

Among the things which attracted spectators were a lullaby bassinet," a pneumatic ladder, disposable diapers and a hen's nest which separates layers from liars.

If Biddy lays an egg she automatically releases a latch which allows her to stroll out into the yard where the layers frolic. No egg. The only door open to Biddy is the one which permits her to enter another where a big bad man gathers chickens for market.

In the home life the chief inventor was the "lullaby bassinet" which at the turn of an electric switch, provides remote control rocking for baby.

SALE OF CHINESE GIRLS REPORTED

Reports of drought, famine conditions and the sale of girls are coming to Shanghai from six provinces. The number of people included in suffering and want is nearly 20,000,000 and if rains do not come quickly the total will swell.

In Northern Kiangsi, the province from which the Communist armies were finally driven late last year, pretty girls from 15 to 18 years are selling at an average of $80 each in Chinese money. Girls from 10 to 15 years of age bring only $50 each, while girls less than 10 sell for around $30. These sums are equal respectively to about $35, $21 and $14 in Canadian money.

7-YEAR BOY ASLEEP FOR 7 LONG DAYS

Entering his seventh day of comatose sleep, seven-year-old Robert Walker, victim of sleeping sickness, showed no signs of emerging from his lethargic condition but was reported by his physician ,Dr. C. J. Devins, of Aurora, as holding his own. It is the first case of sleeping sickness reported there for 15 years.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemiation of news and information

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably $2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, $2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our ow ncommunity for food, shelter, clothing and for all other things.

ELDORADO

Mrs. Clifford Chambers of Anson, spent Sunday night with her parents, Mr. and Mrs. M. Post.

Miss Dora Young spent the week-end at her home in Cooper.

Mr. and Mrs. William Blackburn, John and Joy, were tea hour guests on Sunday of Mr. and Mrs. A. Harvey.

Mrs. George Hamilton has returned home from Bloomfield where she has been undergoing medical treatment.

The Township Statute Labour is about completed around here.

Mr. and Mrs. Alfred Hewlett of Bonarlaw, were callers at the home of Mr. Murney Parks and Mr. George Fox on Thursday afternoon, going on to visit her sister, Mrs. John Conley of Wellington.

HAILSTONES REMAIN ON WALKS TWO HOURS

The oldest inhabitant cannot remember when Trenton was visited with a hail storm of such proportions as the one that raged for fifteen minutes on Monday afternoon. The hailstones were larger than good size peas and bounced a foot high after they struck the pavement. Fortunately the storm was not accompanied by a heavy wind or the crops in the district would have been totally destroyed. The estimated damage could not be learned as many farmers in the district claim that the tender crops will suffer and some are of the opinion that the raspberry berries would be injured.

West of Trenton around the Colborne district the hail fell to a depth of four inches. In Trenton the ground was covered with the hailstones that lasted for over two hours even after the heavy rain that followed the hail and taxed the storm sewers and and ditches to capacity. The warm sun of Tuesday is certainly welcomed after over a week of rainfall.

SHOWER IS HELD TO AID NEIGHBORS

On Thursday evening, June 20th, a reception and miscellaneous shower was given in honor of Mrs. Alex. Fleming and family at St. Andrew's Church, West Huntingdon. About two weeks ago the home of this family was totally destroyed by fire caused by lightning which struck the house and barn at the same moment. The help was on the scene in short order but the fire was beyond the control of man in the stiff breeze that was blowing, with the result that the house, barn, pig-pen and drive-shed were completely lost. Only a few bed clothes that were thrown from the window were saved of the contents.

Three houses have been constructed upon this same foundation and each one destroyed by fire. Only twelve years ago the house had to be rebuilt after a fire.

A large number of friends gathered in the church and many lovely and useful gifts were on display. Rev. J. A. Koffend addressed Mrs. Fleming and her family on behalf of those present and explained the main purpose of their meeting as being an opportunity for the friends and neighbours of their family to extend their sympathy in a tangible way. The address was responded to in a fine manner by the recipients of the many useful and lovely gifts.

ELDORADO Y. P. S. AT OAK LAKE

On Saturday, June 15th, the Young People's Society of Eldorado and Union motored to Oak Lake to enjoy a picnic as a closing event of their year's work. About thirty young people were in attendance. The day was spent in sports, rowing and swimming. At noon they all enjoyed a delicious dinner provided by the young people. About five o'clock all departed for home, feeling that a very enjoyable day had been spent.

KING WILL REVIEW FLEET AT SPITHEAD

Eight lines of warships will be drawn up when the King reviews the fleet at Spithead on July 16th. They will cover more than 33 miles.

The ships will range from battleships like the Hood, a monster of 42,100 tons, to mine-sweepers like the Tiverton of 710 tons. Between the two main lines of craft the Royal yacht Victoria and Albert will steam out and back, a distance of six miles.

OUTING ENJOYED BY MINISTERS

The regular meeting of the Centre Hastings Ministerial Association took the form of their annual Association picnic on Tuesday afternoon of last week at the summer home of Mr. and Mrs. Harper Rollins at Oak Lake. The afternoon was spent in games, baseball, and swimming, after which a basket lunch was served by the hostess, Mrs. Rollins, at their home "Roll Inn." As the guests gathered about the table Rev. J. A. Koffend acting as chairman for the occasion, called upon Rev. Joblin and Rev. Rivers, who are about to leave the district in answer to calls to other charges. Their addresses were responded to by Rev. A. S. McConnell and Rev. Hill.

During the business part of the meeting it was decided advisable for the Association to organize and an executive was appointed with Rev. A. S. McConnell as president. Rev. Mr. Foley of Springbrook was elected as vice-president, and Rev. J. A. Koffend, Secretary-Treasurer. A committee composed of Revs. Beezer, Lackey, Hill and Herrington, were appointed to draft out a program of speakers for the coming year.

Among those present at this very delightful event were: Rev. and Mrs. Herrington, Thomasburg; Rev. and Mrs. Foley, Rev. Joblin, Mrs. Swain and son, Rev. and Mrs. McConnell and family, Rev. and Mrs. Beezer of Fuller, Rev. and Mrs. Hill and family of Fuller, Rev. and Mrs. J. A. Koffend and family, Rev. and Mrs. Rivers of Madoc, Rev. and Mrs. Lackey of Ivanhoe, Rev. and Mrs. Heatherington and Miss Heatherington of Eldorado.

JOLLY JUNIORS MISSION BAND

The meeting of Beulah Jolly Juniors Mission Band was held at the church. The meeting was opened by singing "Good Morning," "Praise Him, Praise Him," and "Jesus Loves the Little Children of the World," followed by a prayer read by George Fleming. The secretary read the minutes and called the roll, which showed fourteen members present. The collection was taken by Billy [illegible] and amounted to forty-three cents. Phyllis Twiddy, Marjorie Prest and Robert Reid read stories. Mrs. Pr[illegible] told a story about India. After the study and discussion about India was taken up. The members went to the Sunday School room and closed the meeting with a hymn.

Canadian ice cream by law must contain not less than ten per cent of milk fat and no other kind of fat must be employed in its manufacture.
